about \$150 in one day, and amounts
have taken between \$700 and \$800
out of the neighborhood. The article
we believe is of little practical value,
and is likely to remain a "dead duck,"
on the hands of the local agents.

RATERS THIN.—A load of barley was
offered for sale on the O. S. Market last
week, and the Tribune relates the follow-
ing in connection therewith. The
owner of the barley was offered 80c
per bushel for it, being above the
ruling price, on account of the grain
being above the average quality.—
When he was about receiving his pay,
it was asked the buyer if it was to be
used for the manufacture of liquor.
He refused to sell, having
conscientious scruples against putting
his grain to any such use, as he was a
strict Temperance man. The buyer then informed him that he would pur-
chase it for milling purposes, but that he
could only give him 60c per bushel.
"All right," said the farmer, and sold it
accordingly, thereby losing \$5.00
on his load of barley. Tell us another

out for posters.

Owen Sound Tribune says, the
Miller, which was reported in
last issue as having been driv-
en, received little or no damage,
and is again making her usual trips.

POST MASTERS.—Were the STANDARD
called for, the P. M.'s will please
tribute the papers to whom they
are, and not return them, but send
card with the names of those to
whom they are addressed.

PRINTERS' MISCELLANY.—This
little monthly is to hand, and as
is filled with matter useful to
those interests it advocates. It
work that should be in the hands
every member of the craft. Sub-
scription, \$1; apprentices, 50c.

DISPENSERS.—We learn that the parties
engaged in the wanton mischief com-
mitted on Monday night, brought
their proceedings to a close by stealing
six turkeys from Mr. Wm. Arm-
strong. This is carrying matters a
bit far, and we trust the perpe-
tators, who we believe are known,
will be dealt with as they deserve.

Open Sound Times we

that a young man named W.

Walker, a Land Surveyor and Civil
Engineer, committed suicide by plac-
ing a pistol to his temple and blowing
his brains. He was for some
in India, and whilst there was
seriously sun-struck, which appears to
have affected his mind, and led him
commit the rash act.

Emphatic Ploughing match
placed according to announcement,
and was a complete success. There
were ten entries, and the names of
the winners are as follows:—
1st, Mr. 1st Joseph James;
Thomas Douglass, 2nd John
McConnell; 3rd T. R. Myres, 4th
Clark; 5th T. R. Myres, 6th
Bayer; 7th Thomas McConnell; 8th
John Colcock.

COUNTY ITEMS.

A BRAKEMAN named John Phillips
met with a serious accident at the
station here, on Monday night. It
appears that he was engaged in con-
ting cars at the crossing on Main
Street, and being very dark, he could
not find the coupling pin. While
looking for it he was knocked down
by the train and fell into the cattle-
guard, with his leg on the rail. The
wheel gave it a terrible squeeze be-
low the knee, breaking the small
bone and lacerating the flesh. Dr.
Norton attended the wounded man,
and we are glad to know that, beyond
being laid up for some time no serious
results will follow.—Shelburne Free
Press.

RAILWAY MATTERS.—The rails on
the G. & W. Railway were laid last
evening up to a hundred feet of
Mount Forest station building. A
little further track-laying will be done
this morning after which the force under Mr. Newman, the contractor,
will go back over the line for the
purpose of putting in a quantity of ties.
This work will occupy several days,
and about the beginning of next week
the laying of the rails will be continued
from Mount Forest in the direction
of Durham. By-laws in aid of the
improvement of the T. G. & B. Rail-
way have been introduced and read a
first time in Oravaile for \$10,000 and
in Howick for \$12,500.—Mount
Forest Examiner.

KILLED BY RAM.—On Saturday
last Mrs. Richardson, the mother of
Mr. John Richardson, who lived with
her son and daughter, about three and a
half miles from Durham, on the
Hanover Road, in Bentinck, was left
alone for a time, and on going out into
a field near the house, the old lady
was attacked by a vicious ram, and on
attempting to rise was butted several
times, but at last succeeded in reaching
the house. When her son returned
he found her on the bed, and suffering
severely from internal injuries. He
at once came into Durham for Dr.
Kiernan, who found that her arms
were badly lacerated and one of her
ribs broken, and the lungs affected.
The sufferer becoming worse on the
following day, Dr. Kiernan took Dr.
Kilby with him, both doctors doing
the best they could for the sufferer,
but she gradually sank and died on
Tuesday morning. The deceased,
who was 75 years of age, was quite
active until the time of her fatal mis-
hap.—Grey Terrier.

WILL NOT SOME OF US COMMIT SUICIDE,
BREAK THEIR LEG, OR GET UP AN ELOPE-
MENT, SO AS TO GIVE US A LOCAL ITEM?
Our readers are aware that the roads
are muddy without our telling them.
Vener's prophecies and the weather
are "play-dumb." The hens are not
laying big eggs now, and the time for
strawberries and fine "garding"
is past. As a reporter must
turn something to his readers to
interact the dryness of the discussion
on the Railway Bonus, we will
have to punch some body's head or get
a dog fight by way of variety.

AGREEMENT PLoughING MATCH.—On
account of the snow on the 18th ult.,
the match did not take place until
the 21st, consequently there were not
many entries as there otherwise
would have been. It came off on the
Rev. Mr. Taylor, Dromore. There
were 9 entries, and the following are
the lucky ones:—1st, J. Glass;—1st,
M. Andrew, 2nd Miles Andrew, 3rd William,
4th William Hastic, 5th Michael Steele,
6th James Murdoch, 2nd John
Arthur, 3rd Thomas Spence, 4th
James Steel. The judges ploughed
a number of the contestants, were
generally entertained by Mr.
J. Savage, N. D.
