SNOWING snow off the sidewalks
is the whole go from seven to eight
o'clock in the morning. Jimmie
Munshaw has made a snow shovel
which beats anything yet for cleaning
the sidewalks of snow. "Patent ap-
plied for."
RAILWAY MATTERS.—The by-law
to grant a bonus of \$7,000 to the T., G.
& B. Railway in the Township of
Derby, was defeated by a majority of
116. In Protest the by-law was also
defeated by 49 votes. Melancthon,
we believe has carried the by-law, by
a small majority.
We are printing this week some
two hundred copies of the Standard
for sample copies. Those to whom
they are sent will kindly receive them
as such, and if not inclined to sub-
scribe themselves, would they kindly
hand them to their neighbors. Re-
member for the Standard from now until
Jan. 1882 for \$1.25.
SCIENTIFIC AMERICAN.—We would
call the attention of our mechanical
friends to the advertisement of the
Scientific American in another column.
The Standard and the above paper
can be had until the end of 1881 for
\$3.85 in advance. The Scientific
American, alone for \$3.20 subscrip-
tions taken at this office.
GENERAL MATTERS.—In Glenelg
there is very quiet. Artemesia, Robert
Myles Esq. is out for Reeve, it is said
his chances are good for being elected.
From Opey we have nothing definite.
Proton, the present Reeve—J. J.
Middleton and Mr. Nelson are in the
field both confident of success.
MARINE DISASTER.—The propeller
Sirocco, of the Chicago and Colling-
wood line, was lost Wednesday last
and twelve of her crew drowned,
among whom were two women.
The vessel labored in the trough of the
sea for nine hours after the fire was
put out before finally going down and
the survivors say their sufferings were
fearful as the sea made a clean sweep
over her the whole time.
COUNTY ITEMS.
FIRE IN GLENELG.—On Thursday
morning last Mr. Patrick Neil, of the
Township of Glenelg, was suddenly
awakened by an unusual noise, and
on jumping out of bed he discovered
that his woodshed and the back kitchen
were all in flames, but nothing
burned he immediately went to
work, being only partially dressed and
in his bare feet, to put the fire out,
being aided by Mrs. Neil, who
helped to carry water, and between
them by their heroic exertions, they
succeeded in saving their house from
the devouring element, but not before
Mr. Neil's feet were frozen, and his
hands burnt by the flames. The
kitchen and woodshed were destroyed,
but the house which is a good log one
was saved without being much dam-
aged. Mr. Neil's feet were much sore,
but not seriously blistered with the frost.
It is a remarkable circumstance that
Mr. and Mrs. Neil were able to sub-
due the fire themselves after it had
burned such headway as it had, as
they had to carry the water quite a
distance. But pluck and persever-
ance works wonders some times.

THE T. G. & B. BONUSES.—The by-
law submitted to the ratifiers of
Howick for a bonus of \$12,000 to the
Toronto, Grey, and Bruce Railway,
to be expended widening the gauge,
was carried by a majority of 65 votes.
The by-laws in the municipalities of
Culross and Teeswater having been
defeated, new by-laws will be pre-
pared and submitted without delay.—
Review.
WINDHAM carried a by-law for the
Toronto, Grey and Bruce extension
by a majority of 116 on Friday last.—
