Year 1881 thus far, has been

marked by accidents and sudden

deaths. One day it is a poor house

and the next several of its in-

habitants perish in the flames. Another

day it is a tenement house, and again

lives are lost. Then comes the

destruction of the Palace Hotel, of

Dr. R. V. Pierce, and now an explosion

in our tanning shop, when

four of our fellow men are sent

to an account of their stewardship

of a large boiler while being

repaired. There were twenty-five

employees in the building at the time

and the number of employers was also

large. The explosion was the

most serious of the employees were

down on the street, through the

falling of a large boiler, and

knocked into an un-

recognizable mass. Every one in the

building was more or less injured,

the most serious being the

death of one of our men, who

was not expected to recover.

of time, after which the program

was furnished, when the tables were

Trimble again thanked the people for

their attendance and hoped that such

evenings would be spent in the

same manner. Before closing we

would say that this was without ex-

ception the entertainment of the season

Great praise is due the brethren for

the very orderly manner in which the

whole evening amusements were con-

ducted. Among those most noticeable

in making the company at home were

Bro. W. Taimble, W. F. Doll, J.

Blackburn, D. Wright, H. Flesher,

M. P. McMaster, B. Trimble, J. Sul-

livan, A. Beattie, W. Bradley and Mr.

McPherson, an every one present

endeavored to enjoy themselves ex-

ceedingly.

About 12 o'clock, the meeting was

brought to a close by all singing the

National Anthem. We noticed a large

number as they were leaving the Hall,

humming the familiar old song "Happy

to meet, sorry to part and happy to

meet again."
