HE REV. DR. PUNSHON

the feel sure that all our readers, istinction of craed, will dayly regret to hear of the death of the Rev. Dr. Punshon, the emiment deleyan divine, at the early age of seven. Most people will rebody of which he was such a chining light, the five years he passed m Canada, and recall the cheery voice and eloquent tongue of the first minisfor of the Metropolitan Church. The following short sketch of the Rev.

a secret power of persuasion which not in any respect reduced the cost of promoters having engaged 800.000 had nothing of the purely senseational insurance, but on the contrary, has set | feet of lumber and secured about ten element about it. The speech came a most extrordinary example of extra- acres of land, of which five were given from the heart, and did its secret work | vagance in its management. I sustain | gratis by Mr. J. S. Cartwright of Torhere. It is not too much to say that from their annul report of 1880, and I ir. Punshon infused a fresher and have just taken the Sydenham Insurangher ulitity not only into the Meth- ance Company as a comparison, shew- county who has 'and five husbands. list Church, but into the entire Christhat community, with whom his es. The Sydenham Fire Insurance Company sentially catholic spirit made him. from the first, a welcome guest.

In 1868 he left England for Canada, and entered upon a new field of tri umphant labour. During his residence at Toronto he certainly occupi ed the first place as a pulpit orator: But that was not all. He was a zoalous worker in the cause of his Church and that of religious generally. That he was utterly an salfish his whole course proves. His whole career showed a hearty willingness-or rather volmont desiro-to spend and be so in the cause of his Master. have already said, he broadled now life into the Methodist body; in less, his energy and fervour were manifest ed on all hands. The Mstropolitan Poseign Missions of the Wesleyan about cleven times less expenses Sy-Charch, notably that to Japan, owed donnam than in the Grange Comparts his emittions the success which at- In the next place take the sucre
