OUR IMPROVEMENTS.

Of the many improvements that have been made in our town during the the best business portion of the town, and in fact, is a great feature in the westerly part, comprising two store buildings, with a frontage of eighty feet, and it is to be regretted that Mr. McDougall did not make that portion of his building correspond with that of Mr. Reid in the fourth story. However, the extra cornishings of the windows of McDougall's share of the block will redeem any faults there may be in the "uppersstory."

A REAL NECESSITY.

We presume there is hardly a lad come the owner of one. The household of a young wife

now considered incomplete without sewing machine. Next to her lover the thought up-

permost in the mind of the maider sewing machine. When asked by her parents or affi

anced what her Christmas or birthday present shall be, the answer in a ma jority of cases is,"A sewing machine. But after the mind has been fully

made up to purchase one of these indispensable article, the question arises as to what kind of a machine to buy. It should be so simple constructed that the most inexperienced can suc-

cessfully operate it. The other points mainly to be considered and which are the most desirable, are durability, rapidity, capacity for work ease of operation, regularity of motion, uniformity of tension | be whether it comes to pass or not.

and silence while in operation. Of all the various machines now up on the market, the "Light Running New Home" fills the above require-

ments most satisfactory.

other machines, and, every lady who vite correspondents from any subscribis the happy possessor of one may rest er an local matters. You all have a assured she has indeed a treasure.
