**KENDALL'S SPAVIN CURE.**  
The most perfect remedy ever discovered, and is certain in its effects and does not blister. Read PAID FOR BELOW.  
FROM THE ONEONTA PRESS, N.Y.  
Ontario, New York, Jan. 6th, 1881.  
Early last summer Messrs J. B. Kendall & Co., of Knobsburg Falls, Vt., made a contract with the publishers of the Press for a half column advertisement for one year setting forth the merits of Kendall's Spavin Cure. At the same time we secured from the firm a quantity of bottles, entitled Dr. Kendall's Treatise on the Horse and his Diseases, which were being sent to various subscribers of the Press as a premium.  
About the time the advertisement first appeared in this paper Mr. P. G. Schermerhorn, who resides near Knobsburg, Vermont, read the advertisement and concluded to test the efficacy of the remedy, although he had never heard of it before. He bought a bottle of Kendall's Spavin Cure and commenced using it on the horse in accordance with the directions, and he informed us this week that it effected such a complete cure that an expert horseman, who examined the animal, could not find a trace of the spavin or the place where it had been located. Mr. Schermerhorn has since secured a copy of Kendall's Treatise on the Horse and his Diseases, which he prizes very highly and would be loath to part with at any price, provided he could not obtain another copy. So much for advertising reliable articles.

**Kendall's Spavin Cure.**  
New Hamburg, Ont., Dec. 28th, 1881.  
Mr. P. H. McCallum, Dear Sir:—The bottle of Dr. Kendall's Spavin Cure which you sent me last summer gave me the most satisfactory and permanent cure upon a mare made lame by a spavin which was badly swollen for ten years. She was so lame that I could hardly get her to move. The lameness is entirely gone after using but a bottle of the cure, and she is like a young horse again.  
Yours truly,  
J. F. BORN.

**THE ELECTRIC LIGHT.**  
Superceding as it does all other modes of illumination, and rivalled only by the glorious sunshine, will not be banished with greater joy by all other light producers and torches as the electric light is superior to the old-fashioned tallow dip, Burdick Blow Litters, Candles, and all other light producers and torches.  
In what condition was the patriarch J. J. at the end of his life? A quiet Sunday school teacher of a leading school in the city of the "City of the West" calmly replied the quiet looking boy.

**WHAT TO STUDY.**  
Here, the poetical philosopher said, "The proper study of mankind is man."
