Eureka! about all manufacturers,
mechanists and mill men when they
first try Lardine.
McCull Bros. & Co., Toronto, are
sole manufacturers of Lardine, the
best lubricator known. Try it.
When you lose a needle on the floor
the quickest way to find it is to take
off your shoes and walk about.
ADVERTISING is to business what
food is to existence. It should be
regular, adequate and varied.
A man never looks so much like a
roll-handed villain as when he is told
by the photographer to "look pleas-
ant."
Now's the time for the amateur
gardener to be hunting up his utensils,
and cleaning up the rubbish around the
house.
The cost of administering the land
act to date has been \$20,000, and the
reductions made in rent amount to
\$0,000.
Lardine machine oil will not gum
or freeze, and wears better than any
other oil in the market. Ask your
local dealer and take no other.

Mrs. Kinsley, lady well known in
Brantford, committed suicide on Sat-
urday last by taking poison. No re-
ason is assigned for the act.
The Queen sent two wreaths one of
immortelles and another of primroses,
to be placed on Earl Beaconsfield's

holes without any silver found around
them.
"I declare," said Julia, "you take
the words right out of my mouth."
"No wonder; they are so sweet,"
said Henry. The day was set for re-
conciliation.
"I see," said a freshman, "how one
can find out how far away the stars
are, and their size, and all that, but I
can't see how they ever found out
their names."
Eighty workmen employed on the

The American suspects have been
offered their release conditional upon

We warn any of our readers who
may occasionally go to Toronto or to
other cities, where gas is used, that
gas must not be blown out in the same
manner as a lamp. Several deaths
have resulted of late through negli-
gence the simple matter of turning off
the gas.
WHITTAKER went up to his room the
other afternoon and noticed that there
was only one match remaining in the
box. "Now, if that should burn
to-night when I come in," soliloquized
he, "what a fix I should be in." So he
tried to see if it was a good one. It
was.
We admire the Osprey Tp. clerks
mole of giving the minutes of the
council to a condensed form, leaving
out the moved by and seconded by,
and simply giving the names of those
who move and second in their order.
Township clerks generally would do
well to follow suit.
The Queen's assessor, McLean,
was placed on trial at Windsor Wednes-
day on an indictment charging him
with high treason. For some reason
by the superintendents of two inmates
assumes that he was not responsible
for his acts, and the jury returned a
verdict of "Not Guilty," on the ground
of insanity. He is so detained in
custody during Her Majesty's pleas-
ure. The deliberations of the jury
in this case occurred but five min-
utes.

BURNS AND SCALDS.

wounds, sprains, bruises, callous

For external and internal use. Price

A Public Meeting should be
called of the citizens of every city,
town and village in the Dominion, to
consider what should be done to
prevent the hair from turning Gray
—and falling out. If this important
question received their earnest con-
sideration they would unanimously
decide that science had at last dis-
covered something that would answer
this purpose—and furthermore would
recommend Cingless Hair Renewer
as being this something for restoring
the hair to its natural color, and pre-
vent its falling out. 50 cents per
bottle. For sale by all Druggists.

IF YOU ARE RUINED.
In health from any cause, especially
from the use of any of the thousand
 nostrums that promise so largely,
with long fictitious testimonials, have
to use the great Hagar's Yellow Oil,
and in a short time you will have
the most robust and blooming
health.
These troublesome complaints may
be speedily cured by Hagar's Yellow
Oil, the great Rheumatic Remedy,
which as an external application and as
an internal remedy has a wider range
of usefulness than any similar prepa-
ration in the world. All druggists sell
it. 25c.
A story is told of an old gentleman
who always took notes of his minis-
ter's sermon, and on one occasion read
them to the minister himself. "stop!
stop!" said he, at the occurrence of a
sentence; "I didn't say that." "I know
you didn't," was the reply; "put that
in myself to make sense."
The flood at the break-up of ice in
the Red River is unusually high this
season. Winnepegors who rested in
fancied security from damage, have
been rudely awakened by the sweeping
away of the Broadway Bridge. The
Louis Railway Bridge is badly dam-
aged, and is liable to be carried away
it is some years since the flood has
risen to its present height, and the in-
jury to the business interests of Win-
ipeg at the present will be difficult to
estimate.
A country gentleman, riding in an
out of the way part, came to the edge
of a morass, which he considered not
quite safe to pass. Seeing a peasant
lad, he asked him whether the bog
was hard at the bottom.
"O, yes, quite hard," replied the
youth.
The gentleman rode on, but his
horse began to sink rapidly.
"You recollect!" shouted he; "did
you not say it was hard at the bot-
tom?"
"So it is," rejoined the youth; "but
you're not half way down to it yet."

WORSE THAN WAR
The throat has destroyed more
lives than the sword, by imprudence
in eating and intemperance in drink-
ing; but when the health becomes im-
paired the miserable despatch may
find prompt relief in Burdock Blood
Purifier. It regulates the bowels, acts
upon the liver and kidneys, purifies
the blood, and stimulates all the or-
gans to a healthy action.
And then the mistress of Sear-

and in the bustle Lady Cecil made
good her escape to her room.
The sultan has come, and his slave
