Maritime: The best way to shorten sail is to stop advertising.

Lardine machine oil will not gum or freeze, and wears better than any other oil in the market. Ask your local dealer and take no other.

A somnambulist fell from a third story window in a Pennsylvania town and was not awakened; but she was buried the next day.

Children excel in filling decaying teeth, but "LARDINE" prevents the decay, makes them white, and makes people lovable. Scents simple.

"Do," asked Tom, "what does the teacher mean by saying that I must have inherited my bad temper?" "She meant that you are your mother's own boy."

"Yes, I've got a hoarse cold," said Mrs. Johnson, "the cold and hoarse, and I believe I've taken no less than thirty-nine remedies, and I begin to feel like an Episcopalian."

"I've got a hoarse cold," said Mrs. Johnson, "the cold and hoarse, and I believe I've taken no less than thirty-nine remedies, and I begin to feel like an Episcopalian."

"What a terrible thing!" said a man, "I had a very valuable and elegant dog that I raised very highly, and he had a large spavin on one joint and a small one on the other which made him very lame. I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express. I determined at once to try it, and got on drug store to send for it. They ordered three bottles, I took them all and thought I would give it a thorough trial. I used according to directions and the fourth day the cold ceased to be lame and the lumps have disappeared. I used but one bottle and the cold lumps are free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was most remarkable. I let two of my neighbors have the remaining two bottles who are now cured."

Rae, Windsor, Ont., writes: "I have used Kendall's Spavin Cure, and have found it to be all that is recommended to be and in fact more so; I have removed by using the above Cattle Bone Spavins, Ringbone, Spavin, and can cheerfully testify and recommend it to be the best thing for any spavin I have ever used, and have tried many as I have made that my study for years."

FROM Col. T. L. Foster,

YOUNGSTOWN, Ohio, May 10, 1882. Dr. B. J. KENDALL & Co., Gents: I had a very valuable Arabian colt that I raised very highly, and he had a large spavin on one joint and a small one on the other which made him very lame. I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express. Kendall's Spavin Cure ON HUMAN FLESH.

West Portsmouth, Va., Feb. 15, 1881. Dr. B. J. KENDALL & Co., Gents: Several months ago I injured my knee joint which was my main support. I was unable to walk for several days. I began to use Kendall's Spavin Cure with the most favorable results. It has entirely removed the swelling and stopped the lameness and pain. I have long known it to be excellent for rheumatism, but I had not known it to be so effective for human flesh that I am acquainted with.

Very truly, T. E. LAWRENCE.

Dr. B. J. KENDALL & Co., Gents: I have used your Spavin Cure with great success on spavins, splints and splints. I know it to be a safe and sure remedy for such a cure. I can recommend it to all kinds of lameness and other ailments about the horse. One of my men sprained his ankle very badly I applied Kendall's Spavin Cure and I never saw anything work like it, he was well in a few days. I know it to be a good man as well as best. I procured one of your Treatise on the Horse, by mail for \$2.50 and I think it was the money of saving me \$100 on one horse that I treated according to the directions given in your book for displaced stills.

Very truly, W. J. PEARSON.

Sent address for Illustrated Circular, which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success in our knowledge, for best as well as cheap.
