We hope our correspondents will ...

regularly. We do not like to miss the ...
newspaper notes of our assistants at our ...

We will be happy to furnish envelope ...
paper, etc. to intending correspondents ...
and will send the same to all parties ...
who will use them.

The man who says he is not able to ...
pay for his local newspaper ought to ...
go once to the County Court and ...
have his wife appointed his guardian. ...
Remember that a newspaper is worth ...
more to a family than three months' ...
school. The family taking a paper ...
live as if were in a house set upon a ...
hill, from whose windows they can see ...
all that is going on in the world. Do ...
not say you are not able to pay for ...
your paper. Say you don't like the ...
paper. Say you would rather live in ...
ignorance. Decide you don't want ...
your children to learn anything. But ...
don't say you can't pay, for that is to ...
say you lack in true manhood, and ...
ought to be in the poorhouse.
