A REMARKABLE CASE

W. A. Edgers, of Frankville, suffered from a disease of the Liver and Kidneys, that brought him so low that his life was despaired of; he lay for 10 and 18 days without an operation of the bowels; after taking one bottle of Burdock Blood Bitters he was en-abled to leave his bed and drive out, three bottles more completed a cure, and he says that he is now a better man than he has been for years.

It has been remarked that the quotation, "that it is better to give than to receive," applies to medicine kicks and advice, but this rule don't apply to Dr. Fowler's Extract of Wild Strawberry. Those who receive that, get a reliable and intallable remedy for Cholera Morbus, Colic, Dysentery, Canker of the Stomach and Bowels, and all Summer Complaints of Infants and Adults.

MANHOOD

HOW LOST, HOW RESTORED SEAL edition of Dr. Culverwell's Cele-BRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical incapacity, Impediments to Marriage, &c., resulting

from excesses. Price, in sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.
