The following resolution was passed:—  
 "Moved by Mr. Alex. Mercer, seconded by Mr. Edward Davis, and carried, that Wm. **McFarland's New Elevator.**—The raising of the frame work of the above building was completed on Monday last, having taken eleven days, and is, without exception, the finest building of the kind in the county. It is 50x70 feet, and nearly 70 feet high. It was planned and laid out by W. G. Richards, builder and contractor, and reflects great credit on him as a mechanic, who is master of his business, not a false mortice or draw-bore in the whole, and every joint a complete fit. The capacity of this elevator is 80,000 bushels. Mr. Thos. B. McComb, of Meaford, rendered great assistance with his block and tackle without which it would have been almost impossible to have raised the heavy timbers. We are glad to see this fine storehouse and also that of Hill Bros. erected and that without an accident of any kind.
