...Vegetine... Pleurisy, Liver Complaint. YARMOUTH, N. S., June 14, 1880. H. R. STEVENS, Esq.: Dear Sir,—Last summer I was troubled with Pleurisy and Liver Complaint, was unable to work for seven weeks. I had the advice of two able physicians and took their medicine without getting any relief. One day your agent happened to pass my door and handed me a circular, which I read, and at once concluded to try your Vegetine. In three days I was like a different man, and was able to resume my work in a short time. Have since enjoyed the best of health. I have recommended Vegetine to several of my neighbours and know it to have accomplished wonderful cures. Yours truly, P. A. VANHORN, Foreman of A. F. Stoneman & Co.'s wharf. P.S.—I consider I owe a great deal to Vegetine. I sincerely believe if it had not been for it, I would have been laid up for months and perhaps years. P. A. VANHORN. I Have Never Known Such A Useful Remedy Placed Before the Public. MONTREAL, Jan. 29, 1880. MR. H. R. STEVENS: Dear Sir,—I do not like to write testimonials for advertised medicines, but the great benefits that so many of my customers have obtained from the use of Vegetine, compels me to say that with an experience of over twenty-five years, both in Great Britain and this country, I have never known such a useful remedy placed before the public. Catarrh is a mucopurulent discharge caused by the presence and development of the vegetable parasite ameba in the internal lining membrane of the nose. This parasite is only developed under favorable circumstances, and these are: morbid state of the blood, as the blighted corpuscle of tubercle, the germ poison of syphilis, mercury, toxæmia, from retention of the effeted matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces or back part of the mouth causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness, usurping the proper structure of the bronchial tubes ending in pulmonary consumption and death. To effect a cure the parasite must be removed or destroyed, hence inhalants and snuffs are worthless. Some time since a well known physician of 40 years standing, after much experimenting, succeeded in discovering a necessary combination of ingredients, which never fails in absolutely and permanently eradicating this horrible disease whether standing for one year or forty years. Sufferers should, without delay, communicate with the business manager, Mr. A. H. Dixon, 307 King St. West, Toronto, and get treatise free by enclosing stamp. Ask your druggist for it.

...Zepesa was introduced in America two years ago. Large quantities have been used for Dyspepsia, and as a panacea for the Liver, and the manufacturers have yet to hear of a single case of Dyspepsia or Biliousness when Zepesa was used as directed, in which it was not more than satisfactory. Many write that it is a wonderful remedy. We can show where as high as 40 pounds were gained by its use in breaking up chronic Biliousness and Dyspepsia. Its friends increase very fast, and all who use as directed are surprised and gratified. BUSINESS CHANCES. This compound of the vegetable alteratives, Sarsaparilla, Dock, Stillingia, and Mandrake, with the Iodides of Potash and Iron, makes a most effectual cure of a series of complaints which are very prevalent and distressing. It purifies the blood, purges out the lurking humors in the system, that undermine health and settle into troublesome disorders. Eruptions of the skin are the appearance on the surface of humors that should be expelled from the blood. Internal derangements are the determination of these same humors to some internal organ, or organs, whose action they derange, and whose substance they disease and destroy. AYER'S SARSAPARILLA expels these humors from the blood. When they are gone, the disorders they produce disappear, such as Ulcerations of the Liver, Stomach, Kidneys, Lungs, Eruptions and Eruptive Diseases of the skin, St. Anthony's Fire, Rose or Erysipelas, Pimples, Pustules, Blisters, Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Ulcers and Sores, Rheumatism, Neuralgia, Pain in the Bones, Sides and Head, Female Weakness, Sterility, Leucorrhœa arising from internal ulceration and uterine disease, Dropsy, Dyspepsia, Emaciation and General Debility.
