**THE REASON HE WROTE IT.**

"I write this," says Mr. Nelson de Pew, of Napierville, Quebec, Canada, "to say that, after suffering six years with rheumatism—accompanied with the most intense pain with which any one could be afflicted—I have been completely cured by the use of St. Jacobs Oil. I thus write because I consider it my duty to do so, and because I wish to publish to suffering humanity the wonderful efficacy of the Great German Remedy, when I remember that during the six years in which I was bedridden with this awful disease, I tried all kinds of remedies, and expended a very large amount of money with doctors of all schools, and underwent all kinds of treatment, the feeling of gratitude at my marvelous recovery impresses me to give the widest publicity to my case."

**HOW IT WORKED AT THE MURRAY HOUSE**

Among the cosiest hotels in Ontario, is the Murray House of St. Catharines, kept by Mr. Thomas Sculley, where the writer always stops when in that city. Upon a recent trip, the writer was speaking with Mr. Sculley concerning his old ailment, weak back, when Mr. S. observed: "I take sincere pleasure in recommending St. Jacobs Oil to all sufferers. I have found a most excellent remedy myself, and I know of others who have used it with great success. I would not be without St. Jacobs Oil, nor do I believe any sensible man ought. I caught a cold about three years ago, which settled in my back and sorely afflicted me between my shoulders. The pain was almost unendurable at times, especially at impending changes of the weather; and at such times, I used to be incapacitated for attending to my business. I tried electric baths, salt baths, various strengthening plasters and other such means without success. Finally I tried St. Jacobs Oil, the Great German Remedy, and was cured at once and permanently. St. Jacobs Oil is a most excellent remedy and I would not be without it at any price."
