Priceville.

Christmas and New Year's passed off pleasantly, the surrounding country being well represented by pleasure seekers.

The new grist mill is rapidly approaching completion, there being four millwrights constantly at work, and when completed will be second to none in the county of Grey for excellence of machinery and durability of workmanship. A rumor gained currency that the saw mill would not be put in operation this coming season, and was a source of regret to many, but I am now happy to be able to inform your numerous readers in this town that Mr. John McLeod has again the mill, and is now busily engaged in putting it into thorough repair with his usual energy in everything he undertakes; and from his prompt disposition in filling lumber orders in a courteous manner to all, and upright dealing in the past, we have no reason to doubt but that all who favor him with their patronage in the future will receive satisfactory treatment at his hands.

It is general rumor that Mr. McCowan will convert the old grist mill into a carding mill next season, and eventually into a woollen factory; and it will supply a want long felt in the surrounding country.

Mr. James T. you has opened a grocery and provision store opposite the Crown Hotel.

Numerous building enterprises are in progress for next season, among others that of a cabinet factory. So made it be.

Our streets presented quite a lively appearance on Christmas day with numerous merry sleighing parties.

The fourth new powerful turbine wheel was lowered one day last week into the new flouring mill. It will be supplied with steam at low water.

Mr. and Mrs. W. J. Henderson, of Buffalo, U. S. A., is spending the holidays with friends here.

Flesherton.

Mr. Mrs. H. Hooper, John Whitton, and J. W. Armstrong were elected P. E. C. Trustees by acclamation.

Mr. Eder is going to South Carolina for the good of his health.

Mr. M. Richardson was elected School Trustee.

We understand that Mr. W. H. Brown, the popular watch maker and dentist of this place, will shortly take up his abode in Markdale. Mr. Brown has made many friends during his short stay here, and his removal to another sphere of action will be generally regretted.—*Advance.*

Flesherton Sabbath School Anniversary Tea meeting, which has long been an established institution of the village, came off as usual on the evening of New Year's day, and was patronized by a large and appreciative audience. The tables were supplied with an abundant supply of the best, to which ample justice was done, after which a lengthy programme was rendered, consisting of music, by the school, recitations and dialogues by the children. Addresses were also delivered by Messrs. Edmunds and Snowden. Rev. D. C. McDowell occupied the chair. The report of the school was read by Mr. J. H. Strain, Secretary of the school, and was most satisfactory and encouraging, showing the school to be in a flourishing condition, thoroughly equipped with a good balance in the treasury, independent of the proceeds of the entertainment, which amounted to one hundred dollars. The entertainment, which was altogether the most successful held for many years, was brought to a close by presenting Miss Christoe, organist, of Flesherton Methodist Church, (on the eve of her departure to attend the Whitey Ladies' College) with an address from the choir and Sabbath School, accompanied by a beautiful gold watch. Miss Christoe has given her services gratuitously as organist for the past six years and in that time we are informed has been absent only five Sabbaths, three of which she was absent from home and two indisposed—a record hard to beat.

P. S.—One Department of the report above referred to, namely that of the librarian, is perhaps unsurpassed, if we take the history of Sabbath Schools, the library has been in the charge of Mr. Wm. Clayton for the past eleven years. It contains about 500 volumes, has been freely circulated and in that time only six books have been lost to the school, not one in the last five years. What school can produce an equal record.

Sudden Death.—An old man named D. Smith, a shoemaker by trade, aged about 75 years, in the employ of Mr. Wm. Barnhouse of Flesherton, went to work this (Tuesday) morning as usual. Shortly after returning to the house he ate his breakfast and went to the woodshed to split some wood, where after a few minutes he dropped dead of heart disease. The Coroner being called pronounced an inquest unnecessary and he was buried this evening in the Flesherton cemetery. He has no friends in this section of the country.
