MARKDALE, FEB. 1st 1888.

## CARNIVAL.

The Carnival on Tuesday evening was the most successful ever held in Markdale, both in number of maskers, beauty of costumes and number of spectators. The prize winners are as follows: "Indian Chief," C. Richards; "Washerwoman," T. Benson; "Nun," Millie Lyons; "Carpenter," Iuld Mathews; "Winter," Maggie McNea; "Jockey," Tom Benson; "Little Girl," Minnie McNea; "Irishman," A. McFarland; "Dutchman," J. McDougall; "Highlander," Ab. Richardson; "Best lady and gents costume," Mr. Albert Richardson and Miss Jennie Lyons; "Dead beat," Rob Sproule; "Best skater," James Sproule; "Worst skater," J. Galbraith. The competition for most of the prizes was keen, this made the judging tedious. The most beautiful costume on the rink was that of Miss Minnie Cornwall, for which unfortunately there was no prize on the list. Messrs Copeland, Wilson and Smith furnished the music. Judges—Messrs A. McIntyre, Geo. Haskett and Dr. Armstrong.

## Correspondence.

NOTICE.—We wish it distinctly understood that we do not hold ourselves responsible for the opinions expressed by our correspondents.

To the Editor of the STANDARD.

Sir,—I think your remarks the other week on agricultural shows were opportune. Now is the time for farmers to speak their minds on this important subject. You have noticed no doubt last fall that London, Brampton and Hamilton held their agricultural fairs on the same day. I think that is as it should be; and I also think that if our township shows were all held on the same day there would be ten head of sheep and pigs to the one now exhibited. There are several members of Glenelg agricultural show that have expended considerable money in buying what is called thoroughbred stock, and have done so several years ago so now they could show splendid grades if they thought they had their equals to contend against. But these men do not bring their stock from home on those days. Why? Because there are a few men that feed, blanket, wash and comb a few of the best of their stock and make up their minds to make it pay. When they leave home they do not intend to return as long as there is a show within twenty miles of them, and I know as well as my brother farmers that it would not pay me to go to so much trouble and expense with our stock, for one show or two, experience ought to teach us. The first and second show held in Markdale there was good competition in all kinds of cattle, sheep and pigs. How is it now lots of empty pens two or three filled I must say with first class stock. When I ask any of my neighbours are you going to show this or that animal the answer is no it would be no use those breeders will be there and I could have no chance. If our directors must have those travellers let them have special prizes for them, and have other prizes for us, then we can compete. Some will say we want this stock brought amongst us so we can buy from them and improve our stock. Very true, but those farmers that want to buy seldom, buy at township shows they generally buy at county shows because there is a greater variety to choose from and more honour attached to the animal that takes a county prize than a township one. Thanking you, Mr. Editor, for giving me space for the above remarks, I remain  
A FARMER.

## LETTER FROM BRITISH COLUMBIA.

To the Editor of the STANDARD.

DEAR SIR,—When we arrived here, over three years ago, there could not have been a more home-sick family who wished themselves back in Ontario than ourselves. But time, the healer of all heart sorrows, and having seen more of this wonderful country with its delightful climate and natural resources we have been led to change our minds. Although there is many privations that we are deprived of there is no doubt but what we will have them all in good time. The winters since our arrival here, commence about Christmas or the first of the new year; spring about the first of March. There is a good deal of rain during the summer but it is generally fine for haying. Farm lands are very limited, and in a good many cases there is not enough of it together to form a settlement, but produce large crops. I have seen from two to

acre, and from sixty to eighty bushels of barley and oats threshed to the acre. In roots, well perhaps I had not better say anything about the quantity, but what would you think of turnips weighing 50 lbs., and other root crops in proportion. But, Sir, don't think there is no poor land. There is plenty of that here too. There is one blessing that we enjoy at any rate—there is no potato bugs here. Any one coming here, not afraid of work and willing to rough it a little, can do well; but they must make up their minds to bring their sweet hearts or wives with them as females are in great demand here.

## KENDALL'S SPAVIN CURE.

The most successful Remedy ever discovered, as it is certain in its effects and does not blister. READ PROOF BELOW.

Kendall's Spavin Cure.

HAMILTON, Mo., June 14, 1881.

B. J. KENDALL & Co., Gents:—This is to certify that I have used Kendall's Spavin Cure, and have found it to be all that it is recommended to be and in fact more so; I have removed by using the above: Callous Bone Spavins, Ring-bone, Splints, and can cheerfully testify and recommend it to be the best thing for any bony substance I have ever used, and have tried many as I have made that my study for years.

Respectfully yours,  
P. V. CRIST.

FROM

Col. T. L. Foster,

YOUNGSTOWN, Ohio, May 10, 1880.

DR. B. J. KENDALL & Co., Gents:—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavin on one joint and a small one on the other which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express. I determined at once to try it, and got our druggist here to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to direction, and the fourth day the colt ceased to be lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it.

Very respectfully,  
L. T. FOSTER.

Kendall's Spavin Cure.

WINGHAM, Ont., Jan. 17, 1882.

DR. B. J. KENDALL & Co., Gents:—This is to certify that I have used Kendall's Spavin Cure, bought from C. E. William, druggist, Wingham, Ont., and do without hesitation pronounce it to be an invaluable remedy for the cure of Spavins, Ringbones, or Curbs. I used it on a bone spavin of several years growth which it completely removed, and I can safely say it will remove any Spavin, Curb or Ringbone it properly used. I have also recommended friends to use it, who have done so with perfect success. I gladly make this public, and will answer any questions or letters sent me.

Yours &c.  
GEORGE BRYCE.

Price \$1 per bottle, or six bottles for \$5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.
