At a recent dinner at the Mansion House, in London, three foreign Consuls were present, whom the Lord Mayor wished to honor by drinking their healths. He accordingly directed the toastmaster to announce the health of the three present Consuls. He, however, mistaking the words, gave out the following: "The Lord Mayor drinks the health of the three per cent. consols."

The Rev. Geo. W. Hinkle is displeasing many of the Episcopalians of Cleveland by hearing confessions and granting absolutions. He defends this practice on the ground that it is "not at all contrary to the teachings of the Church, but is distinctly implied by passages in the Prayer Book."

The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way by which health can be secured. Here is where WABNER'S SAFE CURE has achieved its great reputation.
