Torn to Pieces and Perests Levelled. The recent terrible cyclone, of which we have had brief telegraphic information, ap pears to have done a frightful amount of damage. The following details speak for

themselves. WESSON, Mrss - A frightful cyclone passed over this place and over the town of from Eastman, Ga., says that a cyclone Beauregard, one mile above, at about 1 P.M. passed over that town doing great damage. ed. yesterday. The wind for the past three The house of John Register was blown down. days thad been blowing a gate; and the and his two children killed. Samuel Her Anot lowering clouds indicated a stone locality wis should be designed in a stone locality with the land has been been blowed and her designed in a stone locality with the local l approach, was heralded by deep numbling sounds, the windows in the dwellings shaking with violence, and many anticipated an earthquake. The thunder roared and the lightning flashed with alarming vividness. Fences were torn down, and trees which had stood the storm for years were uproofed and cast 100 yards away. East of he railroad in Wesson the damage was slight, but in the western portion of the town the duce. destruction was awful in its character.

pouring in torrents. Reaching Peach Orforest just beyond the limits of the town

BLOWN OUT OF EXISTENCE.

The work of removing the dead and extri cating the wounded from the ruins was soon begun. Calvin Reed, who lived in the neighborhood, died of excitement. The number of killed is estimated at twelve. Two or three children are missing, and 150 or 200 dwellings have been blown down. The escapes from some of the dwellings were miraculous. The number of people with broken limbs is estimated at seventy-five.

Dead bodies lay out in the violent rain for more than an hour after the cyclone. The dead are now all laid out, and coffins are being made for their reception. Among the killed in Wesson are Mrs. Causty and her two children, and several children of J. E. Gibson, one of whom was found crushed under a chimney. Two bodies found were so mangled as to be unrecognizable. A little boy was found in the woods, several hundred yards away, unhurt.

here, lay in the direct path of the cyclone. The scene there is appalling, and the town may be said to no longer exist. It is, in says that a terrible tornado passed near died in gaol at Canton, Miss. truth, a mass of ruins, with scarcely a house | that place, carrying away many farm houses standing. Uptorn trees lie strewn on all and parns, and killing a great quantity of sides. Two brick stores, the largest in the stock. Trees were torn out by the roots and the straits of Mackinaw to open. place, were swept away, and the timbers outbuildings carried away. Some loss of scattered for miles around. Even out in | life is reported. The track of the tornado the country two miles and a half dwell- was northward through Monona and Woodings were blown away. The railroad depot | bury counties. was carried away, and not a sign of it re-

On the Natchez and Columbus Railroad, the town of Tillman was destroyed, and several were killed and wounded. On the Vicksburg and Meridan Railroad the town of Lawrence suffered terribly. The reports from other places and from the country show that the storm was wide spread and very destructive. Telegraph lines were blown down for miles.

At Tillman the town is in ruins, and property of all kinds in the neighborhood is said than the lady connected this particular greatly damaged. Beauregard is a perfect wreck, not one house I aving escaped.

I began teaching L. A. Senecal, who owns 3,000 shares of in school section No., Kincardine, in Feb., 1865. In about three weeks it violently attacked me again, and I was advised to go to Dr. P. R. Shover, of Stratford, who, with Dr. Hyde, opened the abscess and applied iedine freely into the inner walls of the cavity, which destroyed the rotundity of the sac, but produced no other benefit. In June, 1867, it inflamed again most violently, and I was under the care of Dr. Lord Mandeville has taken a cottage at | S. Secord, of Kincardine, for six months: From that time until 1873 it was an open, unsightly sore. I removed to Virgil, township of Niagara, and taught during 1872, trying to labor, though under intense suffering. At Niagara I was so completely worn down that I consulted Dr. Wilson, who said he could only prescribe a nourish-In a recent conflict between the Indians | ing and stimulating diet in order to meet Hundre is of acres of the richest lands in the and Argentine troops, the latter had eight the drain on the system. This kept me about, but offered no permanent benefit. In 1873 I moved to Port Credit Public School, but after eighteen months resigned my charge, afterwards assuming charge of Glen Williams school, County Halton. In May, 1874, suffering terribly, I again went to Toronto to the same Dr. Aikens that had treated me in the general hospital in 1863. That summer and fall I was greatly afflicted, and suffered fearfully during the winter of 1874-5. The next summer I went to Dr. Mullin, of Brampton, under great suffering. He treated me very skillfully and kindly, advising me precisely as did Dr. Wilson of Niagara. January, 1876, I became heid master of the Bath school.

During a nine months' stay at Warkworth Dr. McRae and Dr. Goldsmith, of that village, both operated on me, and also did at London. After my ordination on the In the Taunton, Mass., theatre, in the 18th of June, 1878, I volunteered to take the duel scene of "Romeo and Juliet," Freder- Bishop's poorest mission, and through painick Paulding ran a sword into Geo. Dalton's ful trial laboured on under the providence of advantages of machinery, says that it will be the Turtle Mountages God. I now have three fairly good churches. Starting from nothing, I have made for myself a pleasant and desirable home. When I came to Wiarton in July 1878, I was again violently attacked and confined to bed for over two weeks under the care of Dr. Wigle, who incised the abscess, and. by care I did my work until the following spring, when his services were again necessary, and again in December, 1879, I went to London and consulted Dr. Morehouse, and afterwards Dr. Woodruff. Although had to work very hard that winter, I'm under constant suffering. The abscess assumed a cancerous appearance. I assisted the Bishop in March of 1879 at St. James church, Westminster, at which time my neck was completely covered with a white cloth. I am rejoiced to say that I no longer need to cover my neck to hide my affliction, and fear no recurrence of the same. Dr. Wigle, of Wiarton operated on me in May, 1880, and again in December of that year. I then went to London, and on my return I was again attacked more violently than ever. I was almost on the verge of despair, having been treated by the best medical skill the country contained as the many eminent names previously mentioned will show. When I had exhausted the skilful resources of the regular profession, I then resorted to nearly all the patent medicines that pro-A Paris dispatch announces that Cazot mised to cure scrofulous and blood diseases, has been installed as First President of the but without any benefit whatever. When in an almost helpless condition 1 tried Burdock Blood Bitters, I took it for about four months, and in that length of time used several bottles internally, and having faith in its common-sense-like rational promises, and believing that if it was a good alterative blood-purifying medicine that would act upon the glandular system when taken internally, why, I reasoned, would healthy action by direct application outwardly, through the medium of the skin, "Why don't you go in? Under the and thus exert a double curative influence. I applied it freely externally with the most astonishing and gratifying results. Be-"Yes, sah, I knows all 'bout that, sah," lieving I had made a singular and valuable was able to dispense with surgical aid, which I firmly believe I shall never require again for the same disease. More than two years have elapsed since I have had any attack of the disease, and I feel as well and safe now as if it had never affected me, which after more than twenty-three years of terrible suffering seems almost like a miracle to relate.

I have tried Burdock Blood Bitters for one of my children, who was afflicted with an obstimate humour of the blood, and whose face was covered with sores, now perfectly smooth clean; also my servant, treated for swelled neck, and many other cases in our parish to whom we have given and recommended the remedy. Such is our faith in its virtues that I selden an amade virtues and bottle for any suffering friend. Knowtwo storms in the last month, but the ob- Lady Florence, who had swum across from religion.
