AN ACROSTIC.
Look out ye farmers and threshers all
And see that you buy for Spring, Summer
Eight splendid good oil. (and Fall
Don't be misled by statements bland,
Insist upon having the very best brand,
Now good as ever, in fact it is grand,
Everlasting wear without grit or sand,
Machines run smoothly, no jarring or noise,
And engines too in its use rejoice.
Carding also it suits, as you plainly see,
Heavy gristing cannot do without me.
In fact all machines are blessed by its use,
New or old it will save from wear and abuse,
Every man try it, we are sure it will please.
Our initials, when read, will give the cue
In looking for oil, the best and the true,
Long in the market, but ever new.

SASH AND DOOR FACTORY.—This new en-
terprise is now in operation and doing a
good business. The proprietors, Messrs.
Wilson & McKechnie are industrious, oblig-
ing, practical men, and will supply a long-
felt want in the above business in Flesher-
ston. They are now prepared to fill orders
for planing, scroll sawing, sash & door's,
fencing and all kinds of building material,
while they expect to have their machin-
ery in operation in a few weeks. Their machinery
is all new and the most improved, and runs
like a top. They also carry on the carriage
making in connection, in this line Mr. Wil-
son has already gained a reputation for su-
perior workmanship and good material in
the manufacture of carriages of all descrip-
tions of which they have sold a good number
this season, and have now on hand a number
ready to go out.

MARBLE WORKS.—Mr. Vanzant, has open-
ed his marble works in Sproule's block, next
door to R. J. Sproule's store, where he is
turning out tomb stones which show good
workmanship and beautiful design, the pro-
prietor reports prospects good. He has se-
cured orders for several monuments, the
material for which is on the way.
BRICK MAKING.—Mr. Varty has put in a
brick machine and will in future be enabled
to turn out the best of brick in large quan-
tities, the increased demand for brick has
necessitated this extra expense and we have
no doubt it will be a profitable investment to
the proprietor, and will no doubt be appre-
ciated by the public in their increased patronage.
Mr. Varty has also, during the past season
erected a comfortable brick dwelling, and is
fencing and improving the surroundings.
Mr. M. Richardson has removed the build-
ing occupied as a drug store and is building
a fine large brick on the corner, the stone
work is now built and the brick work will be
pushed forward with all possible speed.
Mr. Sullivan has built on the site of the
old skating rink, and is now in the tin busi-
ness.
The cheese factory is doing a large and
satisfactory business this season. Mr. Gar-
rett, the manager, is efficient and thoroughly
understands his business, giving his patrons
every confidence in him as the factory.

Chatsworth.
Dr. Bennet left on Monday for Peterbor-
ough where he will spend a few months in
order to recuperate his health.
The fire hall is now completed, and looks
quite imposing.
A McGill is doing a very large trade in
harvest machinery this season. He will
erect his new building as soon as the rush
of work is over. The new building will be 70
feet long and two story high.
The C. O. O. F. pic-nic, last Friday, at
Kelly's grove was not as largely attended as
was expected, yet a very pleasant time was
spent.
Mr. M. Wilson, of the new tin establish-
ment is getting rigged up and is likely to do
a good business.
The volunteer company will leave on Fri-
day for Niagara, where they go into camp.
The Cattle fair on Monday, was well at-
tended, but beef cattle were scarce.

**THE EX-CANADIAN PREMIER ON THE ALLAN
LINE.**—In presenting an address to Captain
Smith of the Circassian, the Hon. W. Mac-
kenzie, in the course of his remarks, stated:
—I am sure that I speak the views of at least
all Canadians when I say that we are proud
of the Allan line of Canadian steamships,
and that no money was never better spent
than the comparatively small mail subsidy
which the company received from the Govern-
ment to carry the mails and aid in secur-
ing a first-class steam communication with
England.—The Liverpool Journal of Com-
merce.
