**Paris Green** fresh and pure, at the Medical Hall, A. Turner & Co.

The telegraph strike has ended after a long and determined, yet unsuccessful effort to force better terms.

The brick layers are now busy on Mr. Benson's new residence, which will be a comfortable and substantial dwelling when complete.

Accident.—While Mr. Thos. Campbell was driving his reaper to the field on Tuesday, with a spirited team, the horses took fright and ran, throwing Mr. Campbell off, the reaper was considerably damaged but Mr. Campbell escaped serious injuries.

Mr. T. J. Patton, traveller for H. A. Nelson & Sons, of Toronto and Montreal, was in town on Monday, with an immense assortment of samples of Fancy Goods. Mr. Patton was unable to procure sufficient room at the Hotels and had to open his goods in Dufferin Hall. We had the pleasure of a run through this handsome and varied assortment, which is very attractive.

At Markdale, Aug. 14.—To the Massey Manufacturing Co., Toronto. We the undersigned having witnessed the trial of the Massey "Low Down Binder," purchased by Mr. Joseph Beatty, from Mr. A. S. Vandusen, Agent Flesherton, hereby certify that said binder did splendid work on barley which was quite green and thistley although new, was easily worked by a light team, and in every way gave good satisfaction, and we would say to all who can work a binder to purchase a "Massey Low Down." Jos. Beatty, Wm. Barnett, Thos. Brady, Wm. Galbraith, Robert Carter, Jas. Watson, Geo. Crow, W. A. Whittaker, John Graham, John Piper, James Dwyer, W. H. Elder, Andrew Beattie.

The harvest is at least ten days late commencing this season.

**CANDIES, NUTS and DATES,** a large variety of each just arrived at Montgomery's bakery.

Quite a number of self-binding reapers have been introduced in this vicinity and are giving satisfaction.

H. Foster has removed to Holland Centre, where he is now doing a fair trade considering the quiet season of the year.

A terrific thunder storm passed over this place Wednesday morning accompanied with high winds heavy rain and hail. Another pour came down about six in the evening.

Mr. Lucas, Banker, has purchased the Flesherton steam sash and door machinery from Mr. Hooper, he has also bought the Dufferin Hall Markdale, from J. H. Hull, and will convert it into a Sash & Door Factory. This will be quite an acquisition to our village, the building is well suited for such a factory.

Since the Dufferin Hall has been sold and will be used for other purposes, there will be a public hall required, there is also a skating rink wanted; We would suggest that some of our townsmen build a rink with a hall above it. An investment of \$1,000 in this way would bring a rent of \$200 a year without any difficulty.

**MAGISTRATES COURT.**—On Monday Mr. Jas. Free, a farmer in Holland Tp. who is also a sheep buyer, appeared before Messrs. Brown & Elliott, J. P.'s on a charge of stealing four sheep from Jas. Lyons, of Euphrasia. It would appear from the evidence that Lyon's sheep were on the road or in an open field and became mixed up with the drove while passing along the road. Mr. Free has, however, to stand his trial at Assizes, and gave bail for his appearance at said court.

Reports to hand show Saturday's storm to have been unusually severe. Barns and dwellings are struck by lightning and destroyed with all their contents. The heavy rain caused the rivers to rise rapidly, carrying away dams, bridges, and whatever obstacles impeded the overwhelming rush of water, and utterly ruining the crops in low lying places. Fortunately but one fatality is reported so far—that of a young man who lost his life while endeavouring to save his employers property.

The T. G. & B. Railway employees annual picnic, will take place at Shelburne, on Saturday next, 25th. There will be games for which \$400 will be given in prizes. The citizens Brass band of Owen Sound and Prof. H. Lubar's Union Brass and Silver Cornet Band will be in attendance. Tickets from all stations and return only 40 cents, children under 12, 20 cents. Excursion train leaves Owen Sound at 7 a. m., and leaves Shelburne on the return trip, at 6.30 p. m.

The disaster which has befallen the Methodist church of Canada has given opportunity for the manifestation of a most kindly spirit on the part of the M. E. church. Before the ashes of the church had ceased smouldering, an offer was made of the use of the M. E. building for the C. M. services, once every Sabbath, in the evening and in the morning alternately. On Monday the Official Board and the Trustee Board unanimously accepted it, expressing in the strongest terms their appreciation of a most brotherly and generous act. The first C. M. service will be held at 6.30 p. m. on Sunday next. Both congregations will worship together in the public services, but the church organizations will necessarily be distinct as to membership and finance to the end of the year. The C. M. Sabbath school meets at 9 a. m. The bible classes are to be united and meet on Tuesday. It meets on Friday at 1.45 for this week. The prayer meetings are to be held in one united service. *Markdale Monitor.*

## MANHOOD

**HOW LOST, HOW RESTORED**

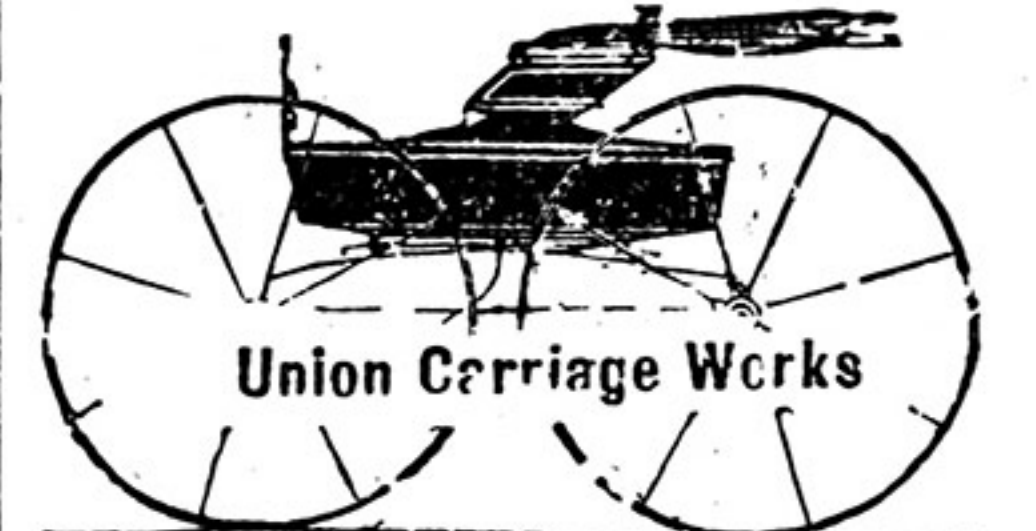

We have recently published a new edition of Dr. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, &c., resulting from excesses.

Price, in sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.
