and Other Items.

We regret very much to learn that our respected townsman Mr. A. McIntyre has, owing to financial difficulties, closed up business for the present.

J. H. Hull has purchased the lot opposite his dwelling from E. Burnett, and will proceed at once to erect a large livery stable and carriage house.

NOTICE.—On and after Saturday, 15th September, 1883, the Steamship Express Train, timed to leave Toronto for Owen Sound every Saturday at 1.45 p.m., will be discontinued.

Mr. Edward Large has the contract for Mr. R. S. Rae's new building. The material is now being placed on the ground and work will be commenced at once.

New Rings, new Chams, new cases and fine movements, also new Violins and Accordions just received at Doll & Brown's, stock will be complete by the 25th inst.

Dr. Dowsley, of Owen Sound, was in the village for a few days last week. He is successor to Dr. Lang, and is building up a large and lucrative practice in Owen Sound.

The ceremony of driving the last spike in the Northern Pacific Railway was completed on Saturday at a place appropriately called Golden Spike, Montana Territory.

Our subscribers will bear in mind that the subscription to the STANDARD is \$1.00, only when paid in advance or within the first three months, otherwise \$1.25 will be charged.

Our enterprising Photographer is now fully prepared for the fall rush, having his gallery renovated, painted and carpeted, it now presents a bright and tasty appearance, and the work being turned out justly calls forth the admiration of his numerous customers.

The Reeve of Glenelg was in town this week. Wonder what he thinks of the curiosity called a bridge, over Armstrong's creek? We are told he drove through the creek rather than risk his horse and buggy over; it's not dangerous Mr. McRae.

CURIOSITY.—Mr. Rich. Doudle, of Glenelg, captured a young snake last Saturday which had two distinct and well developed heads. It's a pity it did not get leave to live, as it would surely have been a terror to potato bugs. It can be seen at Turner & Co's Drug Store.

Sunday night's frost was very severe in many sections of the Dominion, and great loss in vegetables and fruits is reported. In some places ice formed half an inch thick. The destruction in the States has also been very great, corn and tobacco having suffered the most severely.

The Meaford Mirror, (the office of which was destroyed in the late Meaford fire) is again before us. The proprietors lost very heavily in the burning of their plant. We congratulate them on their speedy resumption to business and the respectable appearance of the Mirror from the new dress, and wish it unbounded success.

On Monday morning as Mrs. T. Bulleyment was out driving near the junction of Bayfield and Sykes streets the horse took fright at some boys jumping from the sidewalk and shied off the road upsetting the buggy and throwing the occupants violently out. Mrs. Bulleyment was considerably shaken up and bruised though fortunately no bones were broken.—Monitor.

PICTURESQUE CANADA.—Parts 21 and 22 of this elegant, instructive and most interesting work were delivered in this vicinity last week. These parts treat particularly of the western sections of this Province, and the many explanatory illustrations give a person a good idea of the physical construction of western Ontario. The work continues to maintain the superior qualities, in point of artistic, as well as mechanical execution, which characterized the first parts presented, and every subscriber ought to be well pleased with his investment.

A young man named McDonald met with a bad accident on Monday afternoon at a threshing held at Mr. Kirwin's, on the 12th concession of St. Vincent. He was in the act of pushing some straw into the threshing machine, when his arm caught in the knuckles of the tumbling rod. The sleeve of his coat was torn into shreds, and his arm fractured in two places. Monitor.

Mr. Nevison, of Uxbridge, visited this town this week. He has leased the premises occupied by Mr. A. McDougall for a term of five years, and will take possession the 15th October. Mr. Nevison has some six or seven grown up sons who are harness makers and the business will be carried on extensively. We regret however to lose our respected townsman Mr. A. McDougall who we understand has accepted a remunerative situation at Port Arthur.

We send out this week a large number of accounts and would ask those receiving them to let us have the amounts as soon as possible. We are depending on those numerous small accounts for a livelihood, and have wages to pay, and material to purchase and cannot possibly exist on air as many appear to believe, just try and put the Golden Rule in practice, even for a short time, and we know it will make our heart glad.

As our readers are aware, our Roman Catholic friends in this Diocese have been without a Bishop since the death of the late Bishop Cinnun, nearly a year ago. It is now announced that Rev. Dr. Carberry, Prior of the Dominion Convent, Rome has been appointed Bishop of Hamilton. The new Bishop, though hailing at present from Rome, is an Irishman by birth, and is said to be a man eminent for his piety, learning and eloquence.

Advertise your stray animals in the STANDARD. Those who harbor stray animals without making it known cannot collect anything from the owner if they are called for. Advertise them and you can collect expenses for keeping as well as for the advertising. If you have lost any animals the surest way to get them is to make your loss known. If they are lost to you for ever, its worth a dollar to know it. A dollar's worth of advertising will accomplish what may not be done in twenty dollars worth of time looking and enquiring for the animals.

KILLED BY A RUNAWAY TEAM.—A man named George Weir who formerly lived on lot 7, con. 13, Proctor, for about 8 years, was killed on Friday last near Sand Hill. He was in the act of passing another team, when his horses took fright, and having nothing on the wagon to sit on except the wheel of the wagon striking him in the back of the head. He died in about 15 minutes afterward. He leaves a wife and five small children, the eldest of whom is only 7 years old. His wife only heard of the accident just a few minutes before her husband was brought in a corpse, and she was almost distracted. The corpse was conveyed to its last resting place near Dromore on Sunday last. Deceased was an industrious young man about 33 years of age, and was perfectly sober at the time of the accident. His sad accident has thrown a gloom over the entire neighborhood.—Herald.

MANHOOD

HOW LOST, HOW RESTORED

We have recently published a new edition of Dr. CULVERWELL'S CELEBRATED ESSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical incapacity, Impediments to Marriage, &c., resulting from excesses.

Price, in sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practice, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Address The Culverwell Medical Co., P.O. box 450 41 ADELAIDE ST., NEW YORK 110-62.
