R. for some time, fell from a car while on duty three miles below Belleville early this week, and received serious injuries about the head. His father went down to attend him but we have not yet learned particulars.

Pew holders who wish to retain their seat another year can secure it at the old price by calling at the office of C. W. Rutledge and settling for the same any time up to the above date, otherwise they will be let to the highest bidder.

NOTICE.—Owing to a misunderstanding between the auctioneer and two parties in Euphrasia who are having credit sales, their bills were got out and posted announcing both sales the same day, Mr. Shepherdson, the auctioneer has consequently issued another set of bills for Manarey's sale which will take place on Tuesday the 20th Oct., instead of Thursday the 1st November.

ANOTHER LIE NAILED.—While the reading of the Grand Bumper Degree was in progress at the entertainment given last week by the A. O. U. W. & C. O. O. F., Mrs. Flattery was overheard telling Mrs. Callagain that the cup of tea just served was some of an uptown lot, but to Mrs. C. the flavour was too pleasant, the color too yellow, the taste too familiar, and in low, but distinct tones she replied no that is the tea I use every day, the notorious Tea which is sold only by Trimble & Wright.

In the report of the Mechanics' Institute concert held recently in that place. The Palmerston Telegraph says:—The first concert of the season for the benefit of the library fund of the Mechanics' Institute took place on Friday evening last, in the town hall, and was well attended. The principal performer being Mr. Anderson, of Markdale, whose singing of Scottish songs so charmed the audience that had no other name been in the programme they would have been satisfied.

S. S. SERMONS.—The Anniversary sermons of the Methodist S. S. of this place were preached last sabbath, Rev. Mr. Wilson, Presbyterian, delivered a very able, practical and impressive discourse in the morning, and Rev. Mr. Cassin preached an appropriate sermon to a crowded house in the evening. Mr. Cassin filled Mr. Wilson's pulpit in the morning with great acceptance. This is as it should be, and we are gratified to know the prospects are so encouragingly favorable for a continuance of that harmony which has existed between the above branches of the churches in the past.

STRANGE BUT TRUE.—Trimble & Wright have shipped this week to Fort William 283 yards of carpet, tablings, knapkins, grey and bleached cottons, plain and twilled tickings, counterpins, stair carpet, mats, knives and forks, and other goods suitable for the thorough refitting of the Ontario hotel in that place. They also sold a large bill of goods to Mr. John Howard to be taken direct to his home in the State of Ohio, U. S., they also sent to Prince Arthurs landing, nearly 500 pairs of mitts and socks, ready made clothing, ordered clothing (made by Mr. Rae) mens underwear, gents furnishing &c., also to Manitowaning a large consignment of teas, sugars &c. They expect shortly to open other points to which they will ship more or less goods before the close of navigation.

MARKDALE A. O. U. W. AND C. O. O. F.—The Anniversary entertainment of these lodges was held in their hall on Friday evening last. The rooms which were recently fitted up for the above lodges are spacious and very comfortable, and carpeted with tapestry carpet. The A. O. U. W. lodge was organized two years since and the C. O. O. F. one year. They have both about an equal number of members, viz: 27, and are in a prosperous condition. This was the first opportunity their friends had of visiting them in their new quarters, and from the many expressions indulged in, they were very agreeably surprised both as to the comfortable rooms, and their large membership as designated by their badges. The hall was well filled and the various games and amusements entered into with that cheerfulness and harmony which characterizes the people of this village. During the evening refreshments were served consisting of tea from Trimble & Wright's, sweetened with sugar from McFarland's and cakes from Rookes bakery, after which a programme was entered upon and gone through. The committee have to thank Mr. R. Askin who kindly put his fine organ at the disposal of the committee and Mr. & Mrs. McDougall, who rendered very acceptable assistance in preparing the tea &c. We hope to see and enjoy many returns of the occasion.
