C. PRICE, Clerk.

Dundalk.
 From our own correspondent.
 Mr. W. P. Rundle, and Miss Harris
 have been re-engaged as teachers of
 Dundalk school.
 Mr. W. J. Hicks has returned from
 Brampton, where he has been working
 during the summer.
 Rev. Mr. Forrest, the Presbyterian
 minister who was lately stationed here,
 is now doing pastoral duty near Owen
 Sound.
 Reports concerning the havoc caused
 by the frosts are somewhat conflicting.
 In some parts near here where thresh-
 ing has been done, the grain has turn-
 out very well indeed, quite up to the
 average. Farmers in other neighbor-
 hoods say that the yield will not be
 equal to the seed sown. It is evident,
 that in many cases farmers will have
 to raise the "needful" by sale of the
 natural product of the land, the tim-
 ber.
 Our township council do not seem
 to be inclined to lavish expenditure
 on road improvement. Complaints
 are rife respecting the state of even
 the leading roads of the township.
 The council do not seem inclined to
 make any grant in this direction, un-
 less the ratepayers first guarantee to
 raise an equal amount by subscription.
 This has been done in two instances.
 There is a strong feeling here that
 this side of the township has not re-
 ceived its fair share of attention at the
 hands of its representatives, and
 when nomination day comes round
 lively times are expected.
 (The above correspondence was
 crowded out last week.)

Preaching recently on the subject,
 "Is Christianity fading out," Rev. Dr.
 James M. Pullman, of New York,
 said:—Christianity is no more vulner-
 able to men's antagonism than is the
 sun. It is stronger at the centre to-
 day than ever. Eventually the dif-
 ferent sects will coalesce and dissolve
 and become one in a glorious Chris-
 tianity. One hundred and twenty
 years ago Voltaire said that before the
 beginning of the nineteenth century
 Christianity would have disappeared
 from the earth. In the year 1800
 there were 24,000,000 English speak-
 ing people, of whom there were 14,-
 000,000 Protestant, and 5,000,000
 Catholics. In 1881 there were 59,-
 000,000 Protestants and 18,500,000
 Catholics among the same class. The
 population of the United States has
 increased eleven fold, the churches
 thirty-seven fold. In 1800 there was
 one church for every 1,700 inhabitants
 now one church for every 589 inhabi-
 tants. Then Sunday Schools were
 almost unknown; now the teachers
 and scholars in the Sunday schools
 number about 14,000,000.

District Dashes.
 Mr. Wm. Currie, of Mt. Forest,
 shipped 11,620 dozen eggs to New
 York, recently, at one shipment.
 The post office difficulty at Orange-
 ville, has been settled, and the Govern-
 ment will proceed to build the custom
 house and post office.
 The Zoo at Toronto will likely be
 moved to the exhibition grounds
 next season, and the wild animal
 show largely increased.
 A fire broke out in Gripp's printing
 office, Toronto, last Thursday night
 destroying \$10,000 worth of property,
 which was however covered by insur-
 ance.
 Edward Hanlan has gone to Boston
 to see his new boat. From Boston he
 thinks he will go to San Francisco,
 where he will give exhibitions and
 meet some of the scoulers of the Pacific
 slope.
BURIED ALIVE.—Mr. Angle, of
 Wiarton, while piling lumber at the
 above place, a pile of lumber fell over
 on him, he was extracted when it
 was found one of his legs was broken
 in two places. He is recovering.
Loss of a Horse.—On Saturday
 last Mr. James Anderson, of Guelph
 while working his team, one of them
 fell over and died almost instantly.
 This is a serious loss to Mr. Ander-
 son, as he bought the horse about a
 year ago for \$70.

The Cabinet Changes.
 Ottawa, Oct. 22.—The *Canada*
Gazette issued this afternoon announ-
 ces the appointment of Hon. D. L.
 Macpherson as minister of the Interior
 Sir John A. Macdonald as president
 of the Privy Council, Hon. Wm. Mil-
 ler as President of the Senate, and
 Thos. J. Jarvis, of Niagara Falls, as a
 commissioner to act judicially in ex-
 tradition matters.

A New Railway.
 At a meeting held in Allen's Hall,
 Horning's Mills, on the 17th inst., it
 was decided to form a company to build
 a line of railway from Horning's Mills
 to connect with the Toronto, Grey &
 Bruce Railway at Melancthon Station
 or Shelburne, and a committee was
 appointed to solicit subscriptions for a
 charter. The required amount having
 been raised it was decided to take
 proceedings to obtain a charter from
 the Legislature. A meeting to appoint
 a Board of Directors will be held on
 Monday evening, 29th inst.—Shel-
 burne *Free Press.*

The Marquis of Lorne and the
 Princess Louise bade farewell to
 Canada on Saturday. They left in
 the Allan line steamship Sardinian
 from Quebec. The weather was very
 disagreeable, but nevertheless a large
 crowd of the citizens turned out to wish
 the distinguished couple good-by.

Confusion and annoyance has been
 the result of the various standards of
 time on the railways on this continent,
 especially where the traveller has to
 "change cars." A convention of rail-
 way men has just decided to adopt a
 uniform time schedule on what is
 known as "Eastern," "Central," and
 "Mountain," the uniform time of each
 district being exactly one hour different
 from that adjoining. The Eastern
 district is to comprise from New
 Brunswick to Detroit, and all the rail-
 ways within it will be run on the time
 of the 75th meridian, which is one
 minute slower than New York time
 and 17 minutes faster than Toronto
 time. The Central district extends
 from Detroit to a point near the west-
 ern boundary of Kansas, and railways
 within it will be run on a uniform time
 exactly an hour slower than Eastern
 time. The Mountain district will be
 from the western boundary of Kansas
 to a line between Utah and Nevada,
 and trains will be run on time just
 an hour slower than Central time.
 The C. P. R. has gone in with the
 arrangement, as has also the Grand
 Trunk.
