A STARTLING DISCOVERY.
Physicians are often startled by remarkable discoveries. The fact that Dr. King's New Discovery for Consumption and all Throat and Lung diseases is daily curing patients that they have given up to die, is startling them to realize their sense of duty, and examine into the merits of this wonderful discovery; resulting in hundreds of our best Physicians using it in their practice. CRUELLY MURDERED.
In the Province of Ontario every year thousands are being slowly murdered by taking unsuitable, untried nostrums for such complaints as Costiveness, Indigestion, Liver Complaint, Kidney Troubles, etc., who might easily regain lost strength and energy by using McGregor's Speedy Cure. To convince them that such is the case we will give them a free trial bottle at Hill Bro's Price 50c. and \$1. See testimonials from persons in your own town. F. & M.

Young lady: "Isn't this child a little Frenchman?" Nurse: "I cannot tell; the father is a German, the mother French." Young lady: "Ah, then we shall not be able to find out until the little fellow can speak."

James Brayley, Hamilton, says: "I read the testimonials for McGregor's Speedy Cure and found that I had not to go to New York, Philadelphia, Louisiana or Texas to find living witnesses of its value, we have plenty of persons right here to prove its merits. I got a bottle and it helped me right away. I was as bad with Bilious Fever and Indigestion as I think any one could be. I have taken three bottles and am nearly well and can eat any kind of food without it hurting me. I may say that I am better than ever I expected to be. Free trial bottles at Hill Bro's. F. & M."

A country cousin found himself seated at one of our hotel tables, probably for the first time, and the table girl desirous of ascertaining the extent to which he preferred his stake cooked, propounded the usual question of "how do you like it?" Of course there wasn't any smiling around that board when the answer was returned with all the simplicity imaginable: "O, I like it just-rate."
