NEWSPAPER LAW.
Person who takes a newspaper regularly from the post office, whether directed to him or another's, or whether he has paid or not—is responsible for the paper.
Person orders his paper discontinued must pay all arrearages, or the publication continues to end until payment is made and then collect the whole amount. If the paper is taken out of the office subscribers refuse or neglect to take their papers from the office to which they are directed, they are held responsible until they have settled their bills.
The Courts have decided that refusing to take newspapers and periodicals from the office of removing and leaving them behind is PRIMA FACIE evidence of intentional fraud.

CLEAR GRIT JR.
Strongly as I spoke in his favor in my Catalogue issued at the commencement of last season, he has since then proved himself even a grander horse than I then pronounced him. Last September I exhibited him at the Great Industrial Fair held in Toronto, and though there were twenty-seven of the best horses in Canada showing against him, he so far out classed all his competitors that the Judges awarded him the FIRST PRIZE, and also a SILVER MEDAL, and I claim he is the most handsomest Stallion in Canada.

REMARKS.
Dr. Smith, President of Toronto Veterinary College, says: "One thorough-bred horse, at all events, has left his mark in this country, in the way of trotting animals, viz.: Lapidist, Clear Grit, by Lapidist, is considered a great trotting sire." Dr. Smith also says, "I think considerable harm is being done by the use of inferior Stallions. The only effectual method of creating this difficulty would be for a man to go through the country and castrate every stallion that was not up to the standard."
Mr. T. C. Patteson, Postmaster, Toronto, and Managing Director of the Ontario Jockey Club says, in speaking of thorough-bred stallions in Canada:—"I would wish to point out that Clear Grit and his sons, of which I have seen much mention made during the course of the Commissioner's enquiries, must, in my opinion, be allowed to trace a great deal of their superior excellence to the thorough-bred blood in their veins.
The following is also very high authority:
"Clear Grit, Jr., the property of Mr. J. R. Trimble, of Markdale, Ont., is a most worthy representative of Old Clear Grit. Last September when exhibited at the Toronto Industrial Exhibition, he was perhaps the most admired horse on the grounds, and the Judges' decision in awarding him the first prize and silver medal was a judicial endorsement of public appreciation. He is a rich mahogany bay in color, with black points, and stands plump 16 hands. He is a horse of fine form and great substance, has rare good shoulders, a short middle piece, well ribbed up, and hind quarters indicative of great propelling power. He is by Old Clear Grit, the sire of the renowned pacer, Fuller, 2:18 1/2, the trotter Amber, 2:25 1/2, Little Billy, 2:29, and a host of other speedy horses. His dam, a Royal George Mare, owned by Mr. Carr, near Hamilton, was in her day one of the most noted roadsters in the County of Wentworth. Clear Grit, Jr., is very much like the old horse in appearance. He has the fine head and graceful arched neck of the thorough bred, and the farmers of the County of Grey are lucky to have at their disposal the services of such a grand young stallion."—From Canadian Sportsman, April 18th, 1884.

PRIZES.
Clear Grit, Jr., has taken the following first prizes at various Show Fairs:—First prize at Walkerton fall fair 1880; first at the East Grey riding show fair at Flesherton the fall of 1881, 1882 and 1883; first at Rocklyn spring show 1883; first at Owen Sound spring fair 1883; first prize and Diploma at Dundalk fall fair 1883; first prize and Silver Medal at Toronto Industrial Exhibition the fall of 1883, beating a field of 48 horses, and he was pronounced by A 1 Judges to be the best Roadster Stallion in Canada. He also took first prize at Chatsworth spring show, April 22, 1884; first at Woodford spring show; first at Meaford spring show, and again the first prize at Owen Sound spring show 1884, and he never was beaten in a show ring. His colts are all first prize animals at every fair where shown. They are all good boned, great loins, good muscles, and handsome lookers. Clear Grit, Jr., is to-day the handsomest and most perfect and sonnest Roadster Stallion in the Dominion. I don't bar anybody's Roadster Stallion. See him before contracting elsewhere.

TERMS.

CLEAR GRIT, JR.,
Was sired by Old Clear Grit, he by Imported Lapidist, (thoroughbred), son of Touchstone, dam by Imp. Cock of the Rock, grand dam by Imported Blackstock. CLEAR GRIT, JR.'s dam is a Royal George Mare, one of the most noted Roadsters ever owned in Wentworth County.

Prominent among his half brothers and sisters are the following:—Amber, which was sold in 1879 by Mr. Pilkey, of Brantford, Ont., to Mr. Pendergast of Syracuse for \$3,000, which is considered a very small sum for so promising a horse. At Rochester he got a record of 2:25 1/2. Little Billy, who has trotted a mile in 2:36, and has a record of 2:30 1/2, and has shown a quarter at the rate of 2:12; St. Patriok, with a record of 2:36, has trotted a mile in Cleveland, Ohio, in 2:22; Clothes Pin, with a record of 2:23 1/2, afterwards sold for \$12,000; Lady Essie, in her fourth year form, in the winter of 1878, winning six, trotting in 2:36 and has shown trials in 2:25. She was sold to Geo. Forbes of Cleveland, Ohio, for \$1,000, her owner afterwards refusing \$3,000 for her; Clothes Line with a record of 2:31 was sold to a gentleman in the United States; Lady Cleveland, recorded 2:26, trial 2:22; Orphan Boy, no record, very fast; Beautiful Jim, no record, very fast; Pluck, no record, paced a mile in 2:24 with three weeks handling. Fuller, a half brother of Clear Grit, has paced a full mile in 2:13 1/2, and is, without doubt, the fastest pacer living to-day. "The Wisner Horse," with very little handling, has shown a gait of 2:40, was purchased and taken to England. Mr. P. J. Pilkey, the former owner of Amber, has now in his possession six Clear Grit colts, all of which can trot under three minutes. Mr. Davis, of Brantford, has now on his stock farm 30 Clear Grit colts, all of good promise, also a host of other Trotters and Pacers that have made fast records, both on the Canadian and American turf. It is an acknowledged fact that Old Clear Grit stands to day the representative Stallion of the Dominion of Canada, and more money has been paid for horses got by him than were ever paid for the get of any other stallion owned in this country.

Damage to the extent of a quarter of a million pounds sterling was done by a fire on Saturday in the mammoth general merchandise establishment of Wm. Whitely, in London, England. This establishment is celebrated as being almost unique in its capability and resources, supplying parties who are in need of any article, however difficult to obtain, on the shortest possible notice, from a house ready furnished, even with meals placed on the table to sit down to, to a wife. It was Whitely who had the care and supply of the sable potentate Cetewayo during his sojourn in London, and who provided him with all the necessaries and luxuries he required for his insatiable appetite, including innumerable bottles of champagne—of course at the cost of the British Government.

A DESTRUCTIVE CYCLONE.
Great Damage Done to Property in Ohio.
DWELLINGS AND BARNs TORN DOWN AND SWEEPED AWAY.
DAYTON, O., April 28.—A cyclone yesterday afternoon destroyed or damaged thirty houses at Alexander-ville and Carrollton. Half a mile of track on the Toledo and Cincinnati railway was torn up and blown away. Forests were levelled. At Alexander-ville several persons were injured. The Soldiers' Orphans Home at Xenia was damaged. All the outhouses were wrecked, and a number of children were hurt.
It is estimated twenty residences in this county are in ruins. Sail mills, barns and other buildings were destroyed. Telegraph lines are down in all directions, and roads are impassable. Two farm hands are missing. Near Woodburn a brick school-house was demolished, and other property destroyed. In the neighborhood of Miamisburg the damage was heavy. At Belbrook fifteen farm houses were damaged. It is feared that when full details are received, the loss of life will be appalling. The damage done to farms is great. At one point the trains were unable to move, on account of the wind. In all directions south and east of here the scene of destruction defies description. At Jamestown only a few buildings are standing. Six persons were killed and twenty injured. The cyclone was about an eighth of a mile wide.
XENIA, O., April 28.—Daylight revealed a worse state of affairs at Jamestown than was expected. The tornado left nothing undestroyed in its course. Houses not entirely torn to pieces were twisted and wrested from their foundations. Nearly one-third of the town is in ruins, and the damages are estimated at \$140,000. One hundred and thirty-six persons in the village lose small amounts, most instances being the entire home and contents. The force of the wind was terrific. Furniture and bedding were carried into tree-tops. Many people were lifted from the ground and some were carried a considerable distance.—Toronto News.
