NEWSPAPER LAW.

Any person who takes a newspaper regularly from the post office, whether directed to his name or another's, or whether he has paid for it or not—is responsible for the payment of it.

If a person orders his paper discontinued, he must pay all arrears, or the publisher may continue to send it until payment is made, and then collect the whole amount, if the paper is taken out of the office.

If subscribers refuse or neglect to take their papers from the office to which they are directed, they are held responsible until they have settled their bills.

If the courts have decided that refusing to take newspapers and periodicals from the office, or removing and leaving them, is prima facie evidence of intentional fraud.

JOHN WHITBY,
Assessor.

Mr. Whitby will accept our thanks for the above interesting information which should have appeared last week but was crowded out.

Our Harbor.

For some time past the scene along the docks at the river has been a lively one, with the various steamer and sailing vessels getting ready for the season's trade. Of steamers, we have the *Campana*, *Frances Smith*, *Magnet*, *Africa*, *Enterprise*, *W. T. Robb*, *C. A. Pratt*, *Moytham*, *Kendrick*, and *Meteor*, all fitted out; besides a considerable number of sailing vessels. They are nearly all ready for sailing now, and most of them will take their departure in a few days.

The season now commencing promises to be a busy one in our harbor, and Owen Sound will be able to boast of a fleet of boats such as is possessed by no other port on the Georgian Bay or Lake Huron. Most prominent amongst them are of course the new steel steamers of the C. P. R.—the *Algoma*, *Capt. Moore*; the *Arthabasca*, *Capt. Jas. Foote*; and the *Alberta*, *Capt. Anderson*. They are expected to arrive in a few days, and will form a line from Owen Sound to Port Arthur, calling at no intervening port. Their days of sailing will be on Tuesdays, Thursdays, and Saturdays, on the arrival of the fast express train from Toronto, and it is expected they will make the trip in much shorter time than has ever been done before. From the enquiries already being made at the office here, it is evident they will do a large passenger business.

As the C. P. R. steamers will call at one of the intervening ports, the fleet of the Owen Sound Steamship Line will supply that service. The *Spartan* having been rebuilt at Detroit last season, and magnificently fitted up, will be here in the early part of next week to take her place in the line again. Besides her, there will be the *Magnet*, *Frances Smith*, *Africa* and *City of Owen Sound*. The *Spartan* and *Magnet* will form the local line to Sault Ste. Marie, and will leave every Wednesday and Saturday; while the other three will take the Lake Superior route, calling at the North Shore ports, and their days of sailing will be Tuesday and Friday, on the arrival of the night train. The O. S. Steamship Company will have its head office in Parker's Block, in charge of Mr. Parker, Vice President, and Mr. J. M. Chapman, General Agent; whilst Mr. Chisholm, Freight and Passenger Agent, will have an office on Water Street, adjoining Kilbourn and Bishop's.

In addition to these lines, the *Campana*, *Capt. Jno. McNabb*, which up to the advent of the C. P. R. steamers has been undoubtedly the finest boat on the lake, will run as last season, leaving every Wednesday.

The *Atlantic and Pacific*, of the G. N. Transit Company, it is expected will also call as usual.

The first boat of the season arrived on Tuesday afternoon, being the *Heather Bell* from Meaford, with a couple of fishing boats in tow. She came in here for supplies, and left next morning for Club Island. The Harbor Master, with his usual liberality, presented the Captain with a new hat.
The *Campana* left at noon to-day for Collingwood. The *City of Owen Sound* made an attempt to start from Collingwood on Tuesday but after being two hours in the ice had to put back. We understand she is once more on her way, and will probably arrive here as we go to press, and go on her way north this evening. The *Africa* is also loaded, and expects to get off to-night. The *Pacific* is also expected in this afternoon, on her first trip.—O. S. Times.

Tobacco.

There are some indications that tobacco using, in some of its forms at least, is on the decrease in the United States. An extensive New York wholesale dealer says that cigarette smoking is fast dying out. He estimates that fourteen million less cigarettes were used in the country last year than in '82. Have the people taken to using their tobacco in some other form, or is there a boom in this form of temperance? Tobacco using is not one of the least evil forms of intemperance—though it is certainly not the worst form. Millions of dollars are even yet spent unnecessarily for tobacco in America every year, and the number of men who lose their health, or lose their lives in consequence of this unnecessary indulgence is much greater than is generally imagined. The temperance workers ought, as a general thing, to pay more attention to the evils of tobacco using than they do. Not only is it an intemperate habit in itself, but it certainly tends to other habits of intemperance, especially to producing a crave for strong drink. How seldom it is that a drunkard is not a tobacco user also! Horace Greeley was a strong opponent of tobacco using. A memorable saying of his was that he did not believe that every tobacco user was a blackguard, but he never knew a blackguard who did not use tobacco. Horace Greeley did not know everything, however.

Bible Stories.

(From the *Guelph Herald*, April 16th 1884.)

All who have the care or training of children know how fond they are of pictures and how pleased with stories when adapted to their understanding and there are no stories that charm them more than the wonderful ones of the Bible. The stories of Joseph, Moses, David, Daniel, and Josiah the Boy King, and the best of all of Jesus and his disciples, properly illustrated with suitable engravings are the delight of childhood. Never before have these stories been told in such a simple connected and excellent way as in Charles Foster's Bible Stories now being published by the World Publishing Co. of Guelph, Ontario. The Book contains every story from Genesis to Revelations, illustrated by over 130 engravings so arranged that the story comes on a page opposite the picture illustrating it, thus making it an object teaching work and the many maps are an additional help. No mother with a family of children can afford to be without this book; to her it is of more value than a whole library of other books; it meets and answers the thousand and one questions the children asks her, and teaches them the best of knowledge.

The following speaks for itself: The publishers are authorized to use the names of the following clergymen who cordially recommend the work to those who desire their families to get a clear primary knowledge of the Sacred Scriptures:
Right Rev. Arthur Sweetman, D. D., Lord Bishop of Toronto.

Very Rev. H. J. Grasett, D. D., late Dean of Toronto.

Rev. W. S. Rainsford, B. A., New York, late of St. James' Cathedral, Toronto.

Rev. Alex. Sanson, Rector Trinity Church, Toronto.

Rev. W. Cavan, D. D., Principal Knox College, Toronto.

Rev. W. Gregg, D. D., Professor Church History, Knox College.

Rev. H. M. Parsons, Pastor Knox Church, Toronto.

Rev. A. Sutherland, D. D., Secretary of the Methodist Missionary Society.

Rev. John Potts, D. D., Canada Methodist Church, Montreal.

Rev. J. H. Castle, D. D., Principal Baptist College, Toronto.

Rev. H. D. Powis, Pastor Zion Congregational Church, Toronto.

The book is sold only by subscription, those wishing an agency should apply to the publishers. The World Publishing Co. Guelph Ont.. Agents wanted in every County.

North Shore Lake Superior.

We have been favored with a look through a letter from our respected friend John McDuffie, who holds a situation on the C. P. R. about 250 miles east of Port Arthur, and has spent the winter in that far north region. They have been closed out from the world to a great extent all winter, having very little information of the doings of the outside world either by newspaper, or private correspondence.

He reports the boys all hearty but somewhat homesick, and many anxiously looking for navigation to open that they may get home. There are several from Markdale, amongst whom are John McIntyre, Robt. and Arthur Mordock, Stanley Reynolds, and Dan McCormick.

Stanley Reynolds is time keeper and clerk in the contractors Store, John Mc D. has discovered an Iron mine but has had no opportunity yet of testing its value.

Extensive Fire in Shelburne.

Loss \$80,000.

Special dispatch to the Standard.

SHELburne, May 5.—A fire broke out yesterday morning about 12,30 in the Royal hotel stables, which spread so rapidly that the whole of the valuable premises known as the Royal block were soon in flames and speedily burnt to the ground. The following are the sufferers:—Whitford, Armstrong hotel, loss about \$4,000, insured for 1,500; A. V. Galbraith, jeweller, loss \$200; L. Knapp, liquors loss \$2,000, no insurance; Lindsay Bros., merchants, goods badly damaged, loss not known, insured for \$4,000; J. F. Belfry, druggist loss \$4,000, insured for \$1,000; Geo. Gillespie, photographer, loss \$2,200, insured for \$1,000; W. McGilvary, harness-maker, stock and household effects, loss \$1,500, insurance for \$500; John Jelly, one horse, valued at \$180. The owners of the buildings, Messrs. Stewart & Bennett, of Orangeville, are heavy losers, the buildings being valued at \$15,000, insured for \$7,500. The following insurance companies are among the losers:—City of London Hartford, Royal Phoenix, Gore Mutual, Northern, Commercial Union, and the Waterloo Mutual. It is expected that the block will be rebuilt at once.

The leading merchants of Markdale have agreed unanimously on closing their stores at 7 o'clock sharp every evening, beginning from 1st May to 1st Oct. Farmers and others will kindly take notice of this and try to have their shopping done before seven so that clerks, who have to stand in stores all through the heat of a long Summer day, may have a chance of engaging in some out door exercise and enjoying the fresh air. 190-94
