SAW MILL AND TIMBER LAND FOR SALE OR TO LET

In the Township of Artemesia, County of Grey, 4 miles from
 Flesherton Station, on the Canadian Pacific Railway. The
 mill is situated at Little Falls, in a block of about 400 acres
 timber and, with other timber land surrounding. The
 building is substantially built on stone foundation. The
 machinery is all good and driven with great power by a 23
 inch Leffel wheel, under 36 ft. head of water. There are
 one large circular saw for cutting logs, 2 small circulars for
 sawing lath and broom handles, 1 guage lathe for turning
 broom handles, etc., 1 shingle machine with jointer and
 packer complete. The water power is excellent, the stream
 being very regular. There are several other good mill sites
 on the property. The land in valley is considered the best
 in the country. The place would make an excellent stock
 farm when the timber is taken off.

This offers a good opportunity for a practical, energetic
 man to go into this kind of business, as the place will be sold
 or let on liberal terms.

The bush is so convenient to the mill logs can be trucked
 in summer time. Immediate possession given.

A SUDDEN ATTACK.
 All people, and especially travellers, are
 liable to a sudden attack of Cholera Morbus,
 Colic, Diarrhoea and Dysentery. Dr.
 Fowler's Wild Strawberry is the most prompt
 and reliable remedy known.

Mr. John T. Middlemore, the
 founder of the Orphan Children's
 Emigration Charity, London, Ont.,
 left Liverpool on the 12th inst in the
 S. S. *Portland* with a party of 50
 girls and 100 boys between the ages
 of 5 and 16 years, who are brought
 out to this country for adoption or
 hire, chiefly among farmers. They
 are expected to arrive at the Guthrie
 Home, near the city, on or about the
 25th inst. This will be Mr. Middle-
 more's 12th annual visit to these
 shores with juvenile emigrants from
 Birmingham, England, since 1872.
 Already many applications accom-
 panied with good references
 have been made for the Children
 expected to arrive but more are re-
 quired. Further particulars may be
 obtained by addressing Mr. H. Gib-
 bens, Manager of the Guthrie Home,
 London, Ont.

A STARTLING DISCOVERY.
 Physicians are often startled by remarkable
 discoveries. The fact that Dr. King's New
 Discovery for Consumption and all Throat
 and Lung diseases is daily curing patients
 that they have given up to die, is startling
 them to realize their sense of duty, and exam-
 ine into the merits of this wonderful dis-
 covery; resulting in hundreds of our best Phy-
 sicians using it in their practice. Trial

Grange Excursion.
 The Grangers' excursion to the city
 of Guelph and Model Farm, on
 Thursday last, was a complete success.
 74 tickets were bought at Meaford
 station, 28 at Thornbury, and a large
 number boarded the train at other
 stations on the route. Those who
 went from Meaford express themselves
 pleased with the trip and their reception
 in the Royal city and at the Model
 Farm. The train arrived at Meaford
 on the return trip about 12 p. m.—

Sitting Up and Sitting Down.
 Inquiring child—"Pa, what is the
 difference between sitting up and
 sitting down?" Pa, with perfect con-
 fidence in his ability to explain
 —"Why, my child, when somebody
 is standing up and seats himself, he
 sits down; and when he doesn't go
 to bed and sits down, he sits up."
 Inquiring child—"But, pa, if he sits,
 how can he sit without sitting down;
 and if he sits down, how can he sit
 up?" Pa, with a dawping doubt of
 his ability to make it quite clear—
 "You see, my child, if he sits down,
 why he—; I mean if he sits up—
 Go to your ma, and don't ask me
 questions when I'm busy."

Business Men, especially those
 who are through, are often
 methodical, are ruled by certain
 elementary principles. In many cases
 these principles are formulated into
 simple rules which cover even the
 details of conduct. An eminent New
 York banker attributes his success
 in business to the care with which he
 has obeyed these plain rules.

Take time for eating, sleeping and
 digestion: Don't worry. Be satisfied
 with your work, after doing it well.
 Never ask another to do what you
 ought to attend to personally.
 Shun the slightest appearance of dis-
 honesty as you would shun the plague.
 Always meet your appointments on
 time. Never late. If possible, no-
 tice ahead of the moment.
 Don't talk too much. Let your
 actions speak for yourself.
 Be honest, even if you lose money
 by it.
 Never let business interfere with
 home duties.
 Remember that money alone cannot
 buy peace, nor true friends, nor a
 loving family.
 It is refreshing, in these days of
 speculation and dishonest dealings,
 to know that a man can live according
 to the above principles and yet make
 money. It shows that honesty and
 business can go hand in hand.

Bears.
 Seldom in the history of the past
 20 years has the damage done by
 bears ever been so serious as the
 present season through the Country
 generally, and in fact naturally leads
 one to consider, what means could be
 adopted towards the extermination of
 this species of wild animal. We
 believe the various township Councils
 should offer a reward for the capture
 of every bear old or young and have
 no doubt as to the results being a
 slaughter on the, now most numerous
 enemy, in the shreps of wild beasts in
 our county.

WHAT TO DO.

 sore use McGregor & Parks' Carbolic Cerate.

 ing and completely removing your trouble.

How different things turn out from
 what we expected. When railways
 were first introduced it was confidently
 expected that the demand of horses
 and waggons would fall off most
 seriously, but it turned out that more
 were required than ever before. A
 Boston paper says:—"Singular as it
 may seem the telephone has been the
 best friend of the telegraph. Just as
 the elevated railroads in New York
 increased street travel, and made
 horse railroads more profitable; just
 as the use of the telegraph increases
 the postal revenues, so the telephone
 has educated the whole country to a
 more liberal use of all methods of
 quick communication, and largely
 increased the telegraph revenues." It
 is just so, too, that the art of print-
 ing increased largely the demand for
 penmen, and the newspapers increased
 the talk of the gossipers.

A GOOD TIME.
 When is the best time to take a blood
 purifier? Whenever the blood is foul and
 humors appear, or when the system is
 debilitated take Burdock Blood Bitters.

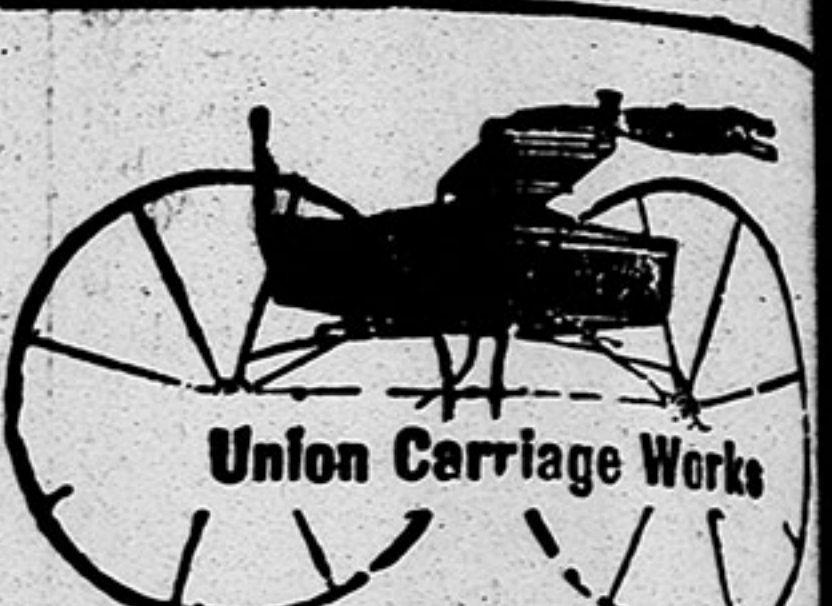

REMARKABLE RESTORATION.
 Mrs. Adelaide O'Brien, of Buffalo, N. Y.,
 was given up to die by her physicians, as
 incurable with consumption. It proved
 Liver Complaint and was cured with Burdock
 Blood Bitters.

A FIRM OPINION.
 The firm of Ormand & Walsh, druggists,

 berry is one of their best Standard Medicines
 for Summer Complaints.
