SAW MILL AND TIMBER LAND FOR SALE OR TO LET

In the Township of Artemesia, County of Grey, 4 miles from
Flesherton Station, on the Canadian Pacific Railway. The
mill is situated at Little Falls, in a block of about 400 acres
timber land, with other timber land surrounding. The
building is substantially built on stone foundation. The
machinery is all good and driven with great power by a 23
inch Lefell wheel, under 36 ft. head of water. There are
one large circular saw for cutting logs, 2 small circulars for
sawing lath and broom handles, 1 guage lathe for turning
broom handles, etc., 1 shingle machine with jointer and
packer complete. The water power is excellent, the stream
being very regular. There are several other good mill sites
on the property. The land in the valley is considered the best
in the country. The place would make an excellent stock
farm when the timber is taken off.

This offers a good opportunity for a practical, energetic
man to go into this kind of business, as the place will be sold
or let on liberal terms.

The bush is so convenient to the mill logs can be trucked
in summer time. Immediate possession given.

plumbers, and many others have to
wait until the bricks are laid before
they can do their part of the work.
