

SARGENT'S LOAD-LIFTING MACHINE,

Has stood the test and is without a peer.
Hundreds of them are in use in Ontario and giving
the very best satisfaction.

READ THE FOLLOWING.

MR. P. MILNE, York Twp.,
Writes to say—I have used one of Sargent's Patent Load Lifters and for the purpose for which it is intended, beats anything I ever seen or heard of. It has saved me more this season than I paid for it, and I would advise all farmers great or small to have one.

This is to certify that I purchased one of Sargent's Load Lifting Machines from his agent, A. H. Dixon, and that it has exceeded my expectations altogether. I did the mowing myself in loose barley for two teams hauling and did not find it any harder work than with two helpers in the old way. I would not be without it for twice its cost.
JOHN STEWART, Lot 13, Con. 2, York Tp.

MR. WM. SARGENT,
This is to certify that I purchased one of your Load Lifting Machines from Thomas Glassford, agent for Markham and Whitchurch, and have used it this harvest, and that I am well pleased with it. I believe it to be one of the best labor saving machines ever invented. One horse can elevate the largest load with the greatest ease to any height your barn may require, enabling you to do with at least one man less, also to fill the barn to the very peak of the roof, with ease. I would not be without it should it cost twice as much. Yours truly,
THOS. WILLIAMSON, Reeve, Markham Tp.

Victoria Square, Ang. 27, 1883.
I have bought and used one of Sargent's Load Lifters which has given unbounded satisfaction. It has already paid for itself in the saving of labor and speed in hauling it, and I consider it a grand invention for farmers.
JOHN BOAN, Lot 26, Con. 4, Markham.

J. S. LEARY & Son,
Toronto township,
We hereby certify that Sargent's Load Lifters are a decided success and consider them the greatest modern labor-saving machine for the cost. No farmer can afford to be without them. They are especially good in patent barns, where the mows are high, making it easy to fill them to the top. We have two in use and would not be without them for any reasonable consideration.
Brampton, Oct. 24, 1883.

WM. SARGENT:
SIR,—I have tried your Load Lifter and it gives full satisfaction to me, and I feel safe in recommending it to any one. It is a great saving of time and strength. I therefore recommend it to the public.
WM. JAMES.

Sandhill, July 9th, 1884.
This is to certify that I purchased one of Sargent's Load Lifters in 1881, and in 1882 bought two more to put in other barns I have. They give me such satisfaction that if I had any more barns I would have one in each. I would not take \$200 each for them if I had to be without them. Without the machine I would have to employ two more men. Besides a great deal of time is saved. Any person disputing this may refer to me.
JOHN DEAN.

WM. SARGENT:
SIR,—I purchased one of your Load Lifters. It saves me one man at the beginning of the season, and two men when the mow is nearly full.
JAMES SHARK, Britannia.

This is to certify that I am using one of Sargent's Load Lifters; and I would not be without it for five times its cost. I recommend it to the public.
J. C. SWITZER, Albiol.

A. H. DIXON, ESQ., Sand Hill, P.O.
Dear Sir—I have much pleasure in saying that the load lifter, Sargent's Patent, you put up in my new barn this summer, has been most satisfactory, and has done its work even better than I at first expected. It has saved valuable time and labor. My neighbors tell me I have the advantage of them when I can pitch all my loads down even in the top of the mow. I have put in about fifty loads of hay and the same number of grain and can strongly recommend your Patent Load Lifter to my brother farmers; would not do without it myself.
Yours truly, **F. A. FLEMING.**

This is to certify that I have used one of Sargent's Load Lifting Machines and that it has given me entire satisfaction. I consider it one of the best labor saving machines yet introduced, and would most strongly recommend it to all farmers.
HENRY D. SANDERS,
Sept. 4, '83. Fair Bank P.O., York Tp.

I am well satisfied with your Load Lifter. I consider it a labor saving machine. I would not like to be without it for any reasonable cost.
G. STEER.

This is to certify that I have one of Sargent's Load Lifters erected in my barn, and used it last summer, and it gives me full satisfaction. I would not be without it for five times the cost of it.
J. C. SWITZER, Lot 7, Con. 6, Albion.

MR. SARGENT:
SIR,—This is to certify that I have used one of your Load Lifting machines with run way across width of barn, 100 feet wide and 25 feet high, and does the work like a charm. Would not be without it at any reasonable price. It saves a great deal of hard work and time with less help in barn.
STEPHEN CRAIG, Mayfield.

This is to certify that I have one of Sargent's Load Lifters in my barn. I would not be without it for \$100. I recommend it to the public notice.
STEPHEN CRAIG, Mayfield.

This is to certify that I have one of Sargent's Load Lifting machines, and I am well satisfied with it. I had a one-wheel lifter and I sold it, as I think Sargent's Lifter is better by far.
RICHARD GRAHAME.

The best thing out is Sargent's Load Lifting machine. It works like a charm. I would recommend it to every farmer.
CHAS. UPSHALL, Toronto Tp.

I have used one of Sargent's Patent Load Lifter one season, and can safely say that it works to perfection. I can recommend it to the farming community.
H. D. IRWIN,
Lot 113, Con. 1, E. T. & S. Road,
Artemesia.

My barn is 20 feet high to the plate and I always had to put a scaffold up to fill the mow, which required an extra man, but since I got your Load Lifter three men can take off a load easier than four could without it. I consider that they will pay for themselves this year, as they take the place of one man.
GEO. HOLBY,
Locust Grove Farm.

Numerous other names are pouring in, but the above is sufficient to prove the popularity and merits of Sargent's Patent Load Lifter.

November 6th has been proclaimed by the Governor-general as Thanksgiving Day throughout the Dominion.

The following is from J. W. Ptolemy, of Winnipeg, formerly grain buyer for William Gillesby, of Hamilton and Grimsby: "I was for many years much afflicted with Costiveness, Biliousness, and ultimately Dyspepsia. I suffered very much and tried many different medicines, which gave me only temporary relief and then I was as bad as ever again. I was recommended by a friend, who had been restored to health by it, to try McGregor's Speedy Cure. I did so, and it was not long before I felt like a new man, and I have enjoyed excellent health ever since. I first commenced taking it February 7th, 1879. Sold by Hill Bro's. A. & S. 5
