## Euphrasia Council.

The council met pursuant to adjournment on the 3rd Oct., 1884. Members all present. Minutes of last session of council read and confirmed, except one resolution, which was rescinded, as follows:—  
Moved by Mr. Hurd, seconded by Mr. Fawcett, that a resolution, passed last meeting of council, authorizing the Reeve to get a deviation surveyed at lot 30, 11th line, be rescinded, as this council deems it unwise to proceed with said work at present.—Carried.

A resolution was passed to establish the present survey of the Valley road, in the 5th con.

The Treasurer was authorized to deposit the interest accruing on the money deposited as sinking fund in the Canada Permanent Building & Savings Society.

By-law 340, for closing part of the original allowance of road between this township and Artemesia, carried through the different stages and passed.

The collector was ordered to strike 78 cents from his roll, being the taxes of the late Wm. Martin for 1883.

An order in favor of Robert Johnston, issued at last meeting of council, was withdrawn, as the work has not been performed.

The amount of \$2, charged for statute labor against S<sup>d</sup> lot 5, con. 5, struck off Collector's Roll, as it is made to appear that said work was performed.

The Reeve's orders were issued on the Treasurer to pay as follows, viz:—James Paterson, Esq., \$2.50, to pay men for road work; John Dillon, \$6.25, road work; Thomas Jordan, \$50, salary as collector for 1883; Joseph Howe, \$12, road work; Robt. Conn, \$5, road work; Robt. Clark, \$10, road work; Robt. Camplin, \$7.50 road work; Hamilton Conn, \$16.72, road work; Irwin Fawcett, \$8.17, road work; W. J. Laughead, \$7.84, road work; R. H. Stinson, \$4, road work.

On motion being made and seconded, the council adjourned until the first Friday in November next.

ROBERT DUNLOP,  
Clerk.

## A NEW ERA FOR DAIRYMEN.

### The best churn made.

The Atmospheric Tempering Churn. The latest and only common sense churn before the public, is made on the old and reliable up and down dash principle, with air chamber and lever power attachments, making it very easily worked, a child being able to do the churning. But the principal charm is the tempering arrangement. This churn is made with two bottoms, one three inches above the other, forming an air chamber in which can be poured Hot or Cold water, as the season requires, either warming or cooling the air which rises in a pipe from the air chamber with the up stroke of the dash, and is forced down from under the plunger with the downward stroke into the cream, thereby obth purifying and tempering the cream by pure Hot or cold air, as required during the process of churning, doing away with the necessity of using Hot or cold water in connection with the cream; which is a great injury to the cream for making good keeping butter. This churn is only to be seen to be desired. The most competent judges (the farming community) wherever it has been introduced assert it is without doubt the best churn in Canada; and the price—Six Dollars—brings it within reach of the rich and poor.

## Kimberly.

From our own correspondent.

A. T. Buchanan has been appointed a commissioner for taking affidavits. Building is lively and houses to rent are in demand.

An M. D. would find a good opening here.

The Valley is supplying Osprey and Artemesia with apples. The crop is abundant and prices very low. We need a canning establishment, as the local demand is not equal for the supply for green fruit.

R Cooper trapped four bears this fall in his dead fall.

The annual shooting match comes off next Tuesday. Geo. Graham and J. Fawcett are captains. Supper at Thurston's Temperance Hotel.

## Monthly Fairs.

Markdale—Saturday before Flesherton.  
Chatsworth—Monday before Durham.  
Dundalk—Tuesday before Orangeville.  
Flesherton—Monday before Orangeville.  
Orangeville—The second Thursday in each month.  
Mount Forest—Third Wednesday in each month.  
Priceville—Monday before Durham.  
Durham—Third Tuesday in each month.  
Hanover—Monday before Durham.  
Walkerton—Last Wednesday in every month.

## A RARE PLANT.

The Wild Strawberry Plant possesses rare virtue as a cleansing, cooling, astringent, antiseptic and healing medicine, and when combined with other valuable vegetable extracts, as in Dr. Fowler's Extract of Wild Strawberry, it is an unfailing remedy in all bowel complaints.

**SCOTT ACT PETITION.**—When the petition for the submission of the Scott Act in Grey was deposited in the Register Office on the 20th ult., we stated that the total voters in the county, according to the latest return we had then at hand (1882) was 14,489, but that they would no doubt be an increase since that time, and that possible some names might be struck off on a scrutiny, although it was not likely that they would diminish the list below the requisite number. It now appears that those who had charge of the getting up the petitions miscalculated the number of voters now in the county, and were not careful enough in the signatures they obtained. When the petition had lain the requisite time in the Registry Office, it was removed to verify the number of voters before forwarding to the Secretary of State. It was ascertained from the Clerk of the Peace that the total voters in the county qualified on 20th September was 15,443 (Durham, Glenelg, Osprey, Proton and Sullivan being the only municipalities whose lists for 1884 were then disposed.) This would require a petition of 3861 to make the requisite one-fourth. There were actually 4047 names on the petition; but the scrutiny of them, completed last Friday, showed that there were 276 names of non-voters, and on these being struck off it left the petition 90 short of the requisite number. We understand it is intended to go on and secure a sufficient number of names; but this will necessitate giving a new notice and again depositing the petition, which will delay the vote so long that it cannot possibly be taken in time to take effect in May next, if it should be carried. The vote must be taken at least a hundred and fifty days before the 1st of May for the Act to go into force then—if less than that time, it does not take effect till a year from 1st of May.—O. S. Times.

Wife—What's the matter now, John? Husband—Oh, that neuralgia and headache near kills me. Wife—Why don't you go to Hill Bro's, and get a bottle of Fluid Lightning? You know it cures all such things as Toothache, Neuralgia, Headache, Lumbago, Earache, Sore Throat, &c. It gives instant relief. O. & N.
