

The Standard.

MARKDALE OCT. 30, 1884.

PASSED AWAY.—Mr. James Sproule of Osprey, father of Dr. Sproule, M. P. for East Grey, died at his residence last Thursday, 23rd inst., at the age of 68 years. Mr. Sproule received injuries from a horse last winter, from which he did not recover. He was a resident of Osprey township for 32 years, and was highly respected by all who knew him. His remains were followed to their last resting place on Saturday by a large concourse of sorrowing friends and acquaintances, and interred in the Presbyterian cemetery at Maxwell.

Our Patrons.

The year is drawing to a close, and the time for renewing your subscription is also at hand. Now we wish to give you a little advice. Should the STANDARD fail to give satisfaction as a local paper, we will be glad to hear any suggestion our patrons may give, for the improvement of the paper. We do not by any means expect to please every body, neither do we expect to adopt every improvement or supposed improvement that may be suggested, yet we may be able to materially improve the paper and profit by such a course, and we assure you we will use our best endeavors to continue to improve the STANDARD so that it may not lose its popularity. We will continue to send the paper to present subscribers after their subscription has expired if we are not notified to discontinue it. The greater majority of subscriptions expire at the end of the year and we trust that very few will allow that time to pass without renewing. Of course there are always some who, for various reasons, do not wish to renew; however, we hope the number will be mighty small. There is a thousand and one ways whereby our patrons can help to improve the paper, besides being prompt paying subscribers: there are incidents happening in every locality which we will be glad to have reported either in writing or verbal, by any subscriber. Now see what you can do for the time to come. Should we receive an occasional Dominion bank note inclosed with other notes we'll not squeal.

Flesherton.

From our own correspondent.

Mr. Will Thompson, who has been in the employ of W. Barnhouse, boot and shoe maker, for over three years, had farewelled to our village last week, having accepted a situation in the town of Stayner. Mr. Barnhouse regretted very much to part with Mr. Thompson who is a first-class workman and a faithful and trust worthy employee whose equal he says is seldom met with. During his stay in our village Will had won, by his gentle manly conduct exemplary christian life, and esteem of many, and was regular and constant worker among the Sons of Temperance. We wish him every success in his new field of labour.

Mr. George Stewart, President of the Flesherton Cheese Factory Co., sold last week to Messrs. Jackson and Hallett, of Guelph, over ten and a half tons of cheese, for which he realized the handsome sum of nearly two thousand and a half dollars. This amount covering six weeks making of cheese and distributed among the patrons in this vicinity ought to, and no doubt will make cash a little more flush in some quarters. Mr. M. Richardson, of this village, acts as Banker for the patrons this season.

Still they come: George H. Blackburn, of Feversham, boot and shoe maker, has moved into our village. We have three boot and shoe shops for ordered work and all driven hard. Master David Clayton, since opening out in the harness business in our town, seems to be doing a rushing business.

SUBSCRIPTIONS.

Subscriptions received at this office for any of the following papers to the end of 1885 for one dollar in advance each, viz: Markdale STANDARD, Toronto Weekly Mail, Weekly Globe, Montreal Star, Montreal Witness, or the Farmers' Advocate. Now is the time to subscribe and get the balance of this year free.

Grain is being stored in the C. P. R. elevator on account of a block in Montreal yard. Over 150,000 bushels has already arrived at this port.

The *Athabasca* arrived in Port Arthur Saturday morning at 7 o'clock with 15,000 bushels of wheat. The *Algoma* arrived at Port Arthur 11 o'clock Sunday night. They experienced some very stormy weather. Captain reports heavy snow storms all the way up.

Owen Sound station has two telephone lines in connection; one operated by the Bell Telephone Co., the other by the Owen Sound Co., of which Mr. H. Durie holds the agency. Lots of music for the boys.

Steam barge *Georgian*, which was sunk at Little Current, is unloading her cargo of rails. She then goes in the Dry Dock.

A big smash-up occurred in the C. P. R. yard about 2:30 a. m. Monday in shunting the early express, which goes east at 5:20 a. m. The yardman after reversing the train, proceeded to the lower end of the yard where some cars were foul of the main line. When the cars struck they were going at a high rate of speed, smashing the baggage car and smoking car so as to disable them completely; also throwing five flats and some coal cars off the track. More cars had to be got for the express train which leaves at 5:20 a. m., and by the good engineering of the car repairers they got the track clear so as to only detain the express fifteen minutes.

What we may Expect.

An open fall,
And a mild winter.
A good cattle fair on the 8th Nov.
A new Express line in operation next week,
And cheaper rates to follow.
Extensive improvements around the station.
Municipal matters grow interesting.
A new Methodist Church next summer.

Another store in Markdale.
A further increase in our population.
Several more weddings shortly.
Another dozen new subscribers next week.

Among Our Exchanges.

When we Review the signs of the Times, we are forced to the conclusion that each *Advertiser* is in need of increased *Enterprise*, and would Venture to say that in order to Advance in business, and at the same time adhere to the principles of the *Economist*, it is necessary to *Echo* from week to week, from the columns of their *Gazette*, a general *Bulletin* of their various wares, and thus *Post* the *Confederate* forces on matters of vital interest. The *Free Press* will be found willing to *Chronicle*, and anxious to *Herald* any special progress in the community, thus serving as a *Monitor* and reflecting as a *Mirror*, the *Standard* of trade and serve as an *Index* to the prosperity of the nation; each *Mail* as it is conveyed to the *World* would encircle the *Globe* bearing the impress of *Truth* in its pages, and *News* of a reliable character in its columns.

FOR SALE.

Mr. James Morwood, lot 9, con. 6, Euphrasia, has a number of choice Ram and Ewe Lambs for sale. Parties wishing to improve their stock at a small cost cannot do better than see Mr. Morwood. *114-16

STRAYED

On to the premises of Donald Mower, lot 7, Con. 12, Holland, about the 20 of Oct. 3 yearlings, one steer and two heifers, two of which are spotted and the other red. The owner can have the same by proving property, paying expenses, and taking the same away.
DONALD MOWER,
Walter's Falls P. O.

Markdale Roller Mills.

The subscriber begs leave to announce to the farmers of the surrounding country that he is turning out flour equal to any other roller mill.
No more waiting while the grist is being ground.
The following is the scale of exchange:—
Wheat Weighing 62 lbs. 40 lbs. Flour.
" " 61 " 39 " "
" " 60 " 38 " "
" " 59 " 37 " "
" " 58 " 36 " "
" " 57 " 35 " "
with offal in proportion to amount of flour.
I find the average weight of new wheat to be 60 lbs. to the bushel, and the most of it, if properly cleaned, would weigh 61 or 62 to the bushel.
John W. Ford.
