A GOOD RECORD.—The Canadian  
Pacific steamers Algoma and Atha-  
basca, which are now both in winter  
quarters here, have each made 28 round  
trips between here and Port Arthur  
during the past season. This is the  
largest number ever made by any  
steamer, either American or Canadian,  
from port to port on the upper lakes,  
and speaks well for the skilful navi-  
gation of captains Moore and Foote.—

NEW CHURCH.—A meeting of the

Monday evening to consider the pro-  
priety of building a new church the  
coming year. The village having  
been partially canvassed for subscrip-  
tions, a list was produced with over  
\$1,800 already subscribed, which  
amount will be swelled to at least  
\$2,000 in the village alone, and it is  
expected there will be no difficulty  
adding another \$1,000 from the  
country, which will be sufficient to  
warrant the trustees in commencing  
operations. The meeting was, how-  
ever, adjourned until Friday evening,  
12th inst., in order to have a better  
representation, and to more fully con-  
sider the important undertaking.
