THE illustrations in the Farmers' Advocate for June is, in our opinion, ahead of anything in previous numbers. This able and independent farmers' journal richly deserves the support of all progressive agriculturists.

THE Fleshierton Advance is four years old and bids fair to live and flourish. There are but few better local journals; it is crisp, newy and comes to hand neat and clean. We wish Mr. Fawcett continued success.

Messrs. W. McCullough, G. R. Middleton, W. H. Steinhoff and J. Gibbons were out on a fishing excursion on Saturday last in the direction of Stayner, and brought home about 300 lbs. of fish. Good, for one day's fishing.—Dundalk Herald.

BREWSTER'S LAKE.—Mr. Jno Large, of Shelburne, has leased Brewster's Lake two and one half miles from Singhampton, for a term of twelve years. Mr. Large intends fitting up tents and making it a summer resort.—Free Press.

MR. THOS. WILLISCROFT of Williamsford is agent for the Macey Manufacturing Co. agricultural implements. We believe Mr. Williscroft is a thoroughly reliable man, and for the machinery turned out by the above Co. they are second to none. See Mr. W.'s advt. in this paper.

W. J. McFARLAND pays cash down for his goods. He goes to the fountain head, buys nothing but clean, fresh goods. He purchases so largely that he makes it in the interest of the manufacturers to sell him cheaply, and he is contented to take very small profits and make enormously large sales.

AWAY FOR A VISIT.—Mr. H. J. Middaugh and wife left for Indiana this week, on a visit to relations there. The hotel will be just as well conducted as ever, during their absence, as it is under the able management of Mr. Archie Butter, who is deservedly a general favorite.—Durham Chronicle.

WE had an interview with three reliable men last week, one had been to Collingwood another via Owen Sound to Allenford and a third through Chesley and across the township of Brant, and in none of their travels does the crops equal in appearance those of the district surrounding Markdale.

MOVING.—Mr. Cliff & Sons, started their engine at their new woolen factory in Durham. The engine was found to work very satisfactorily, and this week we expect to hear the hum of the carding machine in full operation.—Grey Review. The above engine was turned out of Moffat Bro's foundry Markdale, recently.

NEW CHEESE FACTORY.—Singhampton now boasts of a well appointed cheese factory, with nearly 150 patrons on the books. W. R. Anderson & Co. have just supplied them with a complete outfit of steam fittings, cheese presses, curd mill, tin fittings and milk cans of the most approved pattern.—Collingwood Bulletin.

PIC-NIC.—The ninth annual pic-nic under the auspices of the R. C. Church's Congregations of Priceville and Glenelg, will be held at the Irish Lake, on Thursday, 25th June. The usual athletic games will be competed for and prizes awarded. Refreshments served on the grounds at 12 o'clock. Music provided by Parks Bro's.

NEW R. C. CHURCH.—The site on Third street, given by Mr. Thos. Long for a new Catholic Church and parsonage, is now being prepared for the erection of the latter. Mr. John Long will give the new parsonage to the church, at an estimated cost of \$2,800, and this will secure to the congregation in Collingwood what has long been a desideratum, the presence of a resident priest.—Collingwood Bulletin.

SOMETHING WRONG.—We are informed, that a certain vacant lot, 1-5th of an acre near the station on Mill street is assessed for \$500, while McFarland's elevator and stove factory is put down for \$600. One property worth say \$900 and the other that many thousand. If this is correct (and we have no doubt it is) it's time to appoint an assessor who has common sense, or integrity.

CORRECTION.—The following portion of Holland Council minutes re Court of Revision reported last week should read real in every place where personal appears. "John Murray too high on personal property, reduced \$100; T. G. & B., too high on personal property, reduced \$1720; Michael Matthews, too high on personal property, reduced \$50; James Lyons, too high on personal property, reduced \$100; Frank McCann, too high on personal property reduced \$100; Wm. Hamilton, too high on personal property, reduced \$200; Daniel Blaney, too high on personal property, reduced \$150."

SUNDAY TRAINS.—During the past three Sabbaths an extensive freight traffic has been done on this line of railway. We were in hopes the first time this Sabbath desecration occurred that it was a case of necessity or emergency and that it would end there, but now that is becoming the rule, it is time a stop was put to it. We hope the authorities will take the matter up and deal with it with a firm hand.

CHANGE IN BUSINESS.—W. H. Rutledge has sold his butcher business to R. Burnside who is now in possession. Mr. Rutledge has not fully recovered his recent illness (inflammation of the lungs) and his physician strongly advised him to give up business and rest for a season hence the above sale. Mr. Burnside is well and favorably known in the same business having followed it here during the past year up to a few months ago.

An excellent whitewash for fences and buildings is made as follows: Slack half a bushel of fresh lime in a barrel with boiling water and cover it meanwhile to keep in the heat. Afterward strain through a fine sieve and add the following: Seven pounds of salt dissolved in hot water, three pounds ground rice boiled to a thin paste, one half pound of Spanish whiting, one pound of clean glue which has been dissolved in water and boiled; finally, five gallons of hot water, and stir well. Keep it covered a few days. When used it should be made and kept hot. One pint covers a square yard. For a dark brown color add burned umber.

A THUNDER storm passed this way last Monday during which the Glenelg agricultural hall was struck with lightning; several holes were made in the roof and one end of the building slightly damaged; the door was torn off and a portion of the door frame torn asunder when the fluid entered the ground beside the steps. The hall has been occupied as a barracks by the Salvation Army for some time, and some insinuated that this fact is sufficient reason for it being struck by lightning, while others say "how fortunate it was that the hall was occupied for such a good purpose, as it might otherwise have been a complete ruin."

WASTED IN LAW.—A Mount Forest paper gives the result of law proceedings over the insolvent estate in that Town. It says:—At last the affairs of the estate of Thos. Swan of Mount Forest has been wound up. The Trustee Mr. A. Lamont, has issued a printed statement declaring the dividend of 6 cents on the dollar. After the long course of legal war over the estate there is \$628.22 to divide among 74 creditors. The foolishness of humanity is clearly displayed in this matter, as the total receipts from the estate were in the first place \$7751.08. Instead of the creditors agreeing to divide this amount recourse to law was had which together with other expenses has only left the small sum stated.

We have received the eleventh number of The Canadian Pictorial and Illustrated War News: A Royal Grenadier's Chance for the Victoria Cross; Views at Qu'Appelle, N. W. T., from sketches by Mr. R. B. Urmston; Camp Denison, Humboldt, N. W. T., from sketches by Trooper E. Kershaw, G. G. B. G.; Sketches from Battleford, by Lieut. Wadmore, I. S. C.; The 62nd Batt. (St. John Fusiliers) called out for service in the Northwest, crossing the Market Square en route for the Intercolonial Railway Station, from a sketch by Mr. John E. Miles. Also a fine Two-Page Supplement, being a splendid portrait for framing, of Major-General Middleton, C. B., commanding the Militia Forces of the Dominion, from the latest photograph by Topley, of Ottawa. The paper sells at 15 cents per copy, obtainable from local booksellers and from the office of publication.
