The Grand Jury for the county of
Oxford, has given a unanimous deliv-
erance expressing gratification at the
decrease of drunkenness and crime in
the county under the Scott Act, as
shown by the fact that since May 1st,
when the Act came into force, there
have been only seven persons com-
mitted as drunk and disorderly, while
during the corresponding period of
1884, under license, there were 80
committed for this offence.

CAPTURED.—Government Detective
Murray arrested Archibald Drinkwater
about 80 miles from Chicago, Ill.,
and had him extradited to Canada,
and took him last week to Owen
Sound to answer several charges of

tree agent who did a rushing business
through this district, and especially
about Walter's Falls last winter.

WE have heard from Mr. John
Richards, of this town, who has been
attending the Ontario Business College
at Belleville, which is so well and
favourably known throughout the
Dominion. Mr. Richards is greatly
pleased with the College, with the
beautiful city of Belleville, its lovely
bay and its charming girls; and it
would seem that the latter are equally
pleased with him if we are to judge
by the invitations he has been receiving
and the number of times he has lent
his aid at social gatherings. Belleville
sent two companies of volunteers to
the North-West. On their return the
boys told Mr. Richards that the
Markdale girls, whom they caught
a glimpse of on their way home, are
fair to look upon.

HAMILTON HAPPENINGS.
There is now being manufactured here an
article for instantly removing pain of any
acute external nature, and it is certainly the
most perfect cure for Neuralgia, Headache,
Toothache and the like that has ever been
tried. It is called Fluid Lightning from the
rapid manner in which it acts, and is man-
ufactured by McGregor & Parke. Sold in
Markdale by Hill Bros.

GOLDEN WEDDING.—One of those
pleasant gatherings to celebrate the
fiftieth anniversary of a marriage,
which are of rare occurrence, took
place on Saturday last, at the farm of
Mr. James Bowes, Sr., (father of the
Reeve,) on the 11th con. of St. Vincent.
Eleven children, forty-eight grand-
children, one great grandchild, to-
gether with numerous friends, made
up a large company on the occasion,
and the old couple were the recipients
of numerous presents, as well as con-
gratulations of their friends. Both of
them looked as if they might yet see
together many more anniversaries of
their wedding day. An interesting
feature of the occasion was the baptism
of six of the grandchildren, the Rev.
Mr. Perry having come from Meaford
to officiate.—O. S. Times

A SURE INDICATION.
Whenever there are festering sores,
blotches, pimples and boils appearing,
it indicates an extremely bad condition
of the blood which should be speedily
cleansed by the best of all medicines
Burdock Blood Bitters.

WE were very much pleased to meet
Mr. Willis Croft, who was accidentally
shot recently, at the Holland Centre
Fair on Wednesday. He does not
suffer any inconvenience from the
wound, and is quite recovered. The
bullet is supposed to be in his lungs.

FATAL ATTACKS.
Among the most prevalent fatal and
sudden attacks of diseases, are those
incident to the Summer and Fall,
such as Cholera Morbus, Bilious Colic,
Diarrhoea, Dysentery, etc., that often
prove fatal in a few hours. That
very reliable remedy Dr. Fowler's
Extract of Wild Strawberry, should
be at hand, for use in emergency.

Owing to the unfavorable weather,
and being indisposed in body, we failed
to put in an appearance at Priceville
Show on Tuesday. We hope however
to give a report of it next week; per-
haps steal one from the Advances.

A SAD CASE.
The poor victim of Chronic Dys-
pepsia apparently suffers all the ills
of life, living in continual torture.
Regulate the Liver and the Bowels and
tone the Stomach with Burdock Blood
Bitters and the dyspepsia trouble is
soon gone.

IMPORTANT announcement to the
public. See Wm. Brown's Adv. in
another column.

East Grey Fall Show.

We gave last week a synopsis of the out-
side exhibit at the above show, but for want
of time and space left the contents for this
week. On entering the hall at the west end
we found a very creditable display of Pho-
tographs exhibited by Mrs. Bulmer of Flesh-
erton and Mr. Hamilton of Markdale; the latter
was especially large and the pictures lifelike,
in fact we have seen very little city work to
surpass that turned out by Hamilton of
Markdale. Then came a very good exhibit
of harness by J. Gordon of Flesherton. Roots
were good, especially potatoes, which were
simply immense. The grain was good with
the exception of spring wheat, which was a
decidedly poor quality, but the quantity on
show small throughout. Butter was a good
quality, but not much of it. Fruit below the
average in quality with about an average ex-
hibit. In ladies' work there was a creditable
showing. A very fine display of plants and
flowers were nicely arranged, giving the in-
terior of the hall quite an attractive and fasty
appearance. The crayon sketches and scen-
ery paintings were very handsome and cred-
itable. An addition has been erected to the
hall at the east end, for poultry, which is a
needed improvement; in this department a
decided improvement was noticeable, and a
good exhibit of very fine poultry conveni-
ently arranged. R. Montgomery of Markdale
taking a lion's share of prizes. The brass
band did their part most efficiently, which
contributed in no small degree to the pleasure
of the spectators.

"WHAT SAY YOU TO A PIECE
OF ROAST BEEF AND
MUSTARD?"

Well, there is much to be said. The
question being asked of the banqueter at the
average boarding house, calls on reminiscences
of close contiguity to the horns, and beefsteak
three outs south thereof. He, of course,
will pass unless it occurs to him that he
needs a hinge for his trunk. Should there
be any suffering, the effects of an indulgence
is such sinuous fare, use McGregor's Speedy
Cure, a sure and effectual remedy for Dys-
pepsia, Constipation and all affections of the
stomach and liver. Sold by Hill Bros. Trial
bottles free.

Holland Centre Show.

Holland Centre Agricultural Fall
Show was held on Wednesday and
was largely attended. A large num-
ber from Markdale were to be seen at
the fair. The Show was, on the
whole, a success. A large number of
horses were exhibited, other kinds of
stock were not so plentiful. The
exhibit of grain was good, spring wheat
being very much superior to any we
have seen this season. Roots were
also good, especially potatoes, which
were immense. The best samples of
fruit we have seen was also at this
show. The Ladies work was very
creditable. Owing to want of space we
are compelled to be brief but will
endeavor to give further details next
week. The secretary, Mr. Smith has
done very much in making the show
a success, and is justly entitled to a
great share of credit.

plaint, and for all acute or chronic
