I had for years been a miserable sufferer from Dyspepsia, and tried all known remedies and the best medical skill of my acquaintance, but still grew worse, until unable to eat any thing without great suffering, or do any kind of work. From our own correspondent.

EXPLOSION AT THE OLD DURHAM CORNERS.—An explosion, which created no little sensation, but fortunately did little harm, occurred in the dwelling of Mr. Thos. Omelia, 2 1/2 miles east of this village, at what is known as the "Old Durham Corners," on Wednesday evening last. Mr. Omelia states, having a short time previous bought some stoye wood from a neighbor, they had commenced burning the same, and on the evening in question, about 9 o'clock, they had put some blocks of wood into the stove and quietly seated themselves around the fire for the evening, when, with a terrible crash, the covers on the stove were blown off and the doors burst open, and in an instant the house was full of smoke and ashes, and the floor strewn with burning wood and coals, which fortunately they were able to extinguish before much harm was done; afterward among the ashes on the floor was found some cartridge shells, the ball of one was afterward discovered to have passed through an inch board in a partition about 12 inches from where Miss Omelia was at the time sitting. Upon examination of other pieces of the wood, in a soft or rotten part was found other cartridges imbedded in some dirt and leaves which Mr. Omelia thinks was placed there to do serious harm. We cannot think the neighbor from whom the wood was purchased would do such a diabolical act. The case as yet is a mystery.

The Rev. Mr. Ayers delivered his popular Temperance sermon, entitled "Dollars and Dimes," in the Methodist church here on Sunday evening last, selecting for his text "Wherefore do ye spend money for that which is not bread, and your labor for that which satisfieth not?" Isaiah 55 and 2. As space does not permit a synopsis, to be brief, the rev. gentleman's discourse was a choice production very ably and feelingly delivered, and altho' the church was crowded almost to its utmost capacity, was listened to with wrapt attention by all. At the close of the sermon, Mr. Ayers called upon Dr. Christoe to make a few remarks on the Temperance question, when the Dr. very briefly delivered a few well chosen remarks. At the close of the service the choir sang "Where is my boy to-night?" the congregation joining in the chorus.

Considerable repairs and an addition is being made to the Methodist church. Messrs. Moore & Whitten secured the contract at \$750.

The many farmers who sold their grain on this market last season will be pleased this year again to see the pleasant countenances of Messrs. Elder and Neilson to greet them again both here and at the Station. We understand other buyers are expected to be on this market this season as well, which, no doubt will tend to make this as good if not better than any other grain market in the country.

Indians Sentenced To Death.

THE MURDERERS OF PAYNE AND FREMONT TO HANG.

BATTLEFORD, N. W. T., Oct. 6.—The trial of the Indians charged with the murder of Payne and Fremont has been concluded, both being found guilty on the clearest evidence. Judge Rouleau, in passing the death sentence, told the prisoners he could hold out no hopes of mercy. He sentenced them to be hanged on the 27th of November, the day on which the unfortunate men previously condemned will meet their fate.

The three councillors who signed the celebrated Poundmaker letter were sentenced to two years each in penitentiary.

The murderer of Dill was placed on trial to-day, and the case will probably be concluded before the court rises, though as the evidence is expected to be voluminous, there being a number of witnesses, it may have to go over till to-morrow.

"C" company, Infantry School, leaves for home on Saturday.
