**THE** wreck of the Algona has caused general excitement throughout the country. Mrs. Gill of this village was a passenger on the Algona.

**IF** other merchants would follow W. J. McFarland's example in Direct Importation of pure Teas, they would not have to envy the heavy run on his Triumphant Tea, and in order to bolster up a tottering business, resort to falsehood.  
**PROMOTED**—The efforts of an agricultural gentleman, in supplying the Mt. Forest Representative with choice vegetables, have been so satisfactory and appreciated, that the publisher has promoted him to the position of agricultural editor.  
**WE** saw a man the other day go down street without a hat, but we would like to see the man that can go barefoot this weather. Go straight to McLeod's for any kind of Boots & Shoes; you cannot but be satisfied with quality and prices.  
**BARRETT** MILLS.—Both the Grist and Saw Mill are now in full blast and in a position to turn out better work than heretofore. Farmers will do well to remember this, for no person is more honorable with his customers than is W. J. Rowe.

**I** CAN'T understand how it is our cat leaves us every year on the approach of winter. We never can get a cat to stay with us, said Mrs. B. Just exactly the same with me, says Mrs. W.; but I believe the season for making sausage has something to do with the disappearance of the cats.  
**SOME** men have conceived the unreasonable idea that if they subscribe for the STANDARD for a friend at a distance that it will entitle them to their own copy free. If we would softly comply, and had five hundred such patrons, we would be bankrupt in less than twelve months.  
**THE** Tichborne claimant's wife, whom the Wapping butcher styled "Lady" Tichborne when he was engaged in his great perjury act, is dead. Since his release the ex-convict has not lived with her, because when he came out of prison after ten years incarceration he found an unaccountable increase in the number of his family.

**THE** Farmers' Advocate for November is to hand, every column of which contains useful and practical interest to farmers. This periodical is too well known to require any puffing from us. It has deservedly the largest circulation of any agricultural paper in Canada, yet a hundred per cent. increase in its circulation would be a direct benefit to subscribers as well as the publisher.

**PAIN** IN THE SIDE, from whatever cause, may be quickly relieved by Hagyard's Yellow Oil, which cures all manner of aches and pains, and all soreness and lameness of the flesh applied and taken inwardly.

Bowes. Class IV, Sen.—John Dundas, E. Jones, Lottie Mann, Willie McFarland. Class IV, Jun.—Mary Stevens, Frank Bryden, Herbert Hull. Class III—Bessie Moffat, Ada Reynolds, Jessie Grant. F. Porter, teacher.  
**A** HEARTY "SEND OFF"—On Saturday last, Messrs. Cliff & Sons left Traverston for good. Mr. E. Kennedy the owner of the mill, who is now going to run it himself, entertained the Cliff Bros., their men, and a number of friends, with a sumptuous dinner, and before leaving, Mrs. Delaney, the storekeeper, invited them all to a farewell lunch, which was served in the same generous manner.—Durham Chronicle.  
**WE** learn, from a letter to his brother, that Mr. James Blair of New Lenex, Illinois, formerly of Artemesia, has been to Scotland the past summer and brought over nine fine Clydesdale stallions. He lost one, however, on the passage from Glasgow to Montreal. He passed through on the C. P. R. from Montreal to Chicago via Toronto. Mr. Blair has now fourteen stallions and has more coming this winter. The many friends of Mr. B., who is brother to Messrs. William and Robt. Blair, of Artemesia, will be pleased to hear that he is prospering in his business.  
**ORANGE** CONCERT.—Last Thursday night was very dark and wet, and the roads were in a shocking state, yet the concert in the Orange Hall was fairly attended. Dr. Sproule, M. P., presided and gave a very interesting address. Revs. Casson, Grandy and Mr. W. J. McFarland also addressed the audience very suitably. The Misses Ford and Misses Dundas contributed in song. Mr. Porter gave a recitation, and Prof. Benson brought down the house as usual in comic songs. The brass band was in attendance and contributed very materially to the enjoyment of the entertainment. All passed off very pleasantly.  
**SERIOUS** ACCIDENT.—On Saturday night last about half past six Thomas McCann, aged about 22, son of Mr. Michael McCann of Holland, was driving across the railway at Berkeley when an engine going north struck the hind part of the buggy, smashing the vehicle and seriously, if not fatally injuring the young man. He was badly bruised about the head and had one leg broken in two places. Drs. Sproule and Carter of Markdale were called on and attended his injuries. He has been unconscious up to time of writing (Monday), and not much hope is entertained of his recovery. The engine had whistled, and the bell ringing at time of accident, so that no blame can be attached to the engineer. The horse escaped unhurt. Later the young man died Wednesday morning.  
**POST** OFFICE ROBBERY.—No sooner have the people of Thornbury got over the excitement occasioned by the burglary of Mr. T. R. Foster's safe than they are startled by robbery of our post office. On Sunday morning about 10:30, Master Fred Hutchinson, clerk in the post office, entering the building was surprised to find vinegar on the floor, and on going to the apartment used as a post office, found letters, papers, &c., all over the floor. He immediately sent for Dr. Hurlbert who was at church. On further examination it was discovered that seven registered letters were taken, and the mail was stripped open with a knife. The cash box from which McKenny had taken \$100
