Massie Manufacturing Company at

journals we know of. Its articles
are not only deeply interesting, but
they are written with more than
ordinary ability. Fifteen cents will
get it for the next three months.

AN extraordinary story comes from
Portland, Maine, to the effect that
a young man was buried there about
fourteen months ago, but lately his
friends raised the coffin and were
about to open it when the young man
himself walked in. It is thought the
body was raised by students, who
finding signs of life, kept him till he
was cured.—*O. S. Times*.

POST OFFICES.—Several of our ex-
changes contain a notice of what hours
their respective village or town post
office is kept open on holidays; this is
as it should be. Our P. M. would
confer a favor on the public if he
would do likewise. We will publish
such notice free; furthermore, we are
inclined to think it is his duty to let
the public know in some manner what
hours the P. O. will be open. It is not
at all pleasant to hang around for an
hour on a cold morning in order not
to miss the few minutes given for re-
ceiving mail matter.

FOR DYSPEPSIA and Liver Complaint,

every bottle of Shiloh's Vitalizer. It
never fails to cure. Sold by A.

ONE of the most interesting little
books that has ever been issued from
the press in Canada is just out, under
the title of "Two Months in the Camp
of Big Bear," being narratives of the
adventures of Mrs. Gowanlock and
Mrs. Delaney, written by themselves.
Such intense anxiety was felt through-
out the country about the fate of these
two ladies while captive with Big
Bear, and so many different statements
of their treatment were given after-
ward, that the public will now be glad
to have an authentic narrative from
themselves. Besides the narratives of
their captivity, the book contains brief
sketches of their lives. It is a neat
little volume, from the office of the
Markdale Times, and will no doubt
have a large sale.

ARE YOU MADE miserable by in-
digestion, Consumption, Dizziness,
Loss of Appetite, Yellow Skin?
Shiloh's Vitalizer is a positive cure.
Sold by A. Turner & Co. x

WE sometimes think and speak of
Russia as being only a sort of semi-
civilized place. She has more sense,
however, than to allow herself to be
cursed by grog shops, whose only
reason for existence is the retailing of
more or less poisonous alcohol, and by
her new excise law, which goes into
force at the beginning of the year, all
such places will be interdicted. The
sale of liquor will be allowed only in
hotels and restaurants, and licenses
for such will have to be obtained by
the expenditure of not less than \$825.
Canada might well take a lesson from
the Muscovite bear.

J. R. TRIMBLE can and will sell you
a much better Tea for 30c per lb. than
you can buy from other merchants
from 45c to 50c per lb. J. R. Trimble
don't get gulled by Chicago tea pedlars
representing themselves to be from
San Francisco, the way one of our
Markdale merchants did, having to
pay him about 15c per lb. more than
it was really worth just because it was
put up in tin caddies. Oh, but it must
be the horrible stuff when this same
merchant has to acknowledge to a
friend, "Well, I was beat by that
Chicago tea pedlar, but don't say any-
thing about it; keep it quiet; don't
give it away to the other merchants."

CAVED IN.—Mr. John Collier, of
the 2nd Con., Glenelg, has been
digging a cellar in under his house,
and had the house propped up, and
everything ready for building a stone
foundation. On Saturday morning
last the props gave way owing to the
very wet weather, and the house
tipped over to one side wrenching
some of the furniture and damaging
the front wall. Although Mrs.
Collier and her child were in the
house at the time they fortunately
escaped with nothing worse than a
scare. The house can be re-adjusted,
although as it is built of grout it will
take a few days' careful work.—*Grey
Review*.

WORTHY OF PATRONAGE.—A concert
will be held in Haskett's Hall on
Wednesday evening next, at which
our deservedly popular local talent
will make their best effort. The
brass band will also be in attendance.
The committee are determined to
make the entertainment in itself
worthy the patronage of the public;
but, independent of this, the object
will, we trust, meet with the practical
support of the community. Mr. H.
Gill being one of the lost on the ill-
fated Algoma, leaves a wife and
family of small children, in straighten-
ed circumstances, and the proceeds
of the concert is to be applied for their
benefit. Tickets will be sold by
various persons, so that those who
cannot attend the concert may assist
just the same by purchasing a ticket
for 25 cents.

ANNIVERSARY.—The Methodist S. S.
Anniversary on Thursday was very
well attended notwithstanding the bad
roads and dark wet night. Refresh-
ments were served in the Orange Hall
after which all repaired to the Church
where the literary part of the enter-
tainment was gone through. The
school did their part exceedingly well
in singing, dialogues, recitations and
readings. The report read by the
secretary, J. R. Mathews, showed the
school to be in a healthy and prosper-
ous state. Rev. Mr. Casson occupied
the chair while Revs. W. Ayers of
Elesherton, Wilson and Grandy, and
Dr. Sproule, M. P., of Markdale, de-
livered appropriate addresses short
and to the point; and a fact worthy
of special mention, is that the program
commenced fifteen minutes ahead of
time, which was a great improvement
on the usual behind time custom in
this place.

PLEURISY AND LUNG FEVER.
Inflammation of the Lungs, or the
pleura covering them, is the result of
sudden colds. Hagerd's Pectoral
Balsam relieves the sore chest, loosens
and cures the cough and difficult
breathing, and allays all irritation
arising from colds.
