MARKDALE MARCH 4 1886

FATAL RAILWAY ACCIDENT.

A serious Railway accident occurred on the Northern near Thornhill last Friday evening, caused by a runaway team of horses which dashed into the train at a crossing. The baggage car, mail car and coach were thrown from the track, one of the horses killed instantly, a news boy named Willis was killed, and eleven persons more or less injured. The accident happened at an embankment of twenty feet, and the mail car rolled down took fire and was consumed, but the most of the mail matter was saved. The baggage car was also a wreck as well as the coach. The driver of the runaway team as also the one horse were unhurt.

Flesherton.

From our own correspondent.

ARM BROKEN IN TWO PLACES.—On Thursday afternoon last Mr. Eckhart, traveller for the Pure Gold Co. of Toronto, met with a sad accident at Flesherton Station. He had boarded the Durham stage and was leaving the station when, in the turn, the sleigh upset; a trunk falling upon Mr. Eckhart fractured his arm in two places. Dr. Hixon was immediately summoned and soon set the broken limb.

At a Cottage Social held at the residence of J. E. Moore on Tuesday evening last. A very enjoyable evening was spent.

On Wednesday evening last a large gathering of young people assembled at the residence of J. W. Armstrong, Esq., the occasion of a farewell party given to our genial friend Mr. John Bannon, druggist, who has made many friends since his coming to our midst. Mr. Bannon left on Saturday morning to pursue his studies in the School of Pharmacy, Toronto.

SUDDEN DEATH.—Mr. James Bryce, of the 4th line Artemesia, one of the old pioneers of this township, died very suddenly at his own place on Wednesday last. Deceased was in his usual health, and after partaking of a hearty breakfast went out to the yard to chop wood when, after a short time, his wife missing the sound of the axe, looked out to see what had become of her husband, and to her sorrow found the body of her husband laying across the leg he had been chopping. Deceased has been long and favorably known in this township; a man of quiet, retiring habits, had many friends and no enemies. His remains were interred in the Salem cemetery on Friday afternoon.

Mr. John Brown lost a valuable mare a few days ago by a broken leg from a kick by her mate in the stable.

Mr. James Brooks, having sold his lately erected dwelling and lots in connection therewith to Mr. Thomas Osborn, now contemplates buying again and at once commence operations on another new dwelling. This will be the third building for Mr. Brooks in his brief citizenship here. Mr. Brooks is too valuable and enterprising a citizen to lose. Success to you here, James.

Miss Berne Philp, daughter of the Rev. S. C. Philp, formerly of this circuit, is at present visiting with friends in this village.

A pair of youths, purporting to be fruit tree agents, were in this village on Monday last, and after perpetrating a fraud on one of our citizens, the magistrate and constable were set on their tracks, but the wily lads evaded their grasp, and we suppose they are now in greener pastures.

Maxwell.

From our own Correspondent.

As it has been so long since Maxwell has been heard from, some people are beginning to think that "Phiz" has been asleep, or else he must have resigned his office as correspondent; but nay, and in order to ease the minds of the general public, we have resolved to grind a few items this week and let the public know that all is well. Bridget (my wife) has recovered her serious illness, and we are happy to say she is in a thriving condition. Miss Ida Sykes, of Rob Roy, is visiting friends in this place.

Mr. D. A. Holman of the Big Boot broke the ice for the old bachelors of this village some time ago and took unto himself a partner in life in the person of Miss Sarah Jane Holroyd of Faversham. As there are so many bachelors in our vicinity and as D.

has made such a large hole in the ice, surely some of them will follow his example and do likewise.

Mr. D. K. Preston has received the contract for the carrying of the mail between Maxwell and Duntrean for the coming year, commencing April 1st, thus leaving the present driver, Mr. Taylor, at home, who has filled the position for several years.

Mr. Wm. Arnott, Sr., an old resident of Osprey, passed away quietly on Saturday last. Inflammation of the lungs was the cause of his death.

Isaac Morris, a colored man, who lived near this place for some time, took a moonlight excursion a few nights ago and parts unknown.

CARSON PRICE,

Tp. Clerk.

Euphrasia Council.

The Council met pursuant to adjournment at Dodson's Hotel Rocklyn on Feb. 18th 1886. Member all present. Minutes of last Session of Council read and confirmed.

The Clerk was ordered to notify J. G. Perry to remove his fence from the road allowance (24 & 25 side line.) A grant of \$15.00 was made for the relief of R. Robinson who is now in indigent circumstances. W. McConnell, Esq., to expend said amount.

The Reeves order was issued in favor of Samuel Jefferson for \$5.00 payment for road work.

The Treasurer was instructed to remit to Messrs. Russell & Hutchinson \$30.97 payment for stationary, several sealed tenders for the erection of Township Hall were handed in to the Reeve during the forenoon session of Council.

In compliance with previous notice the tenders (ten in number) were opened at the Council Board at 2 o'clock p. m., the tender of Yeomans & Little of Thornbury, was accepted amount of the tender was \$1675.00 which was the lowest tender made and otherwise satisfactory, the Contractors to give satisfactory Bonds for the completion of the work.

Robert Myles was appointed to inspect the work every day as it goes forward, and to be paid a salary of \$45.00 for said services.

The Reeve Deputy-Reeve and Mr. Boyd, were appointed a Committee to get the agreement and Bonds for the erection of the Hall duly filled up and signed.

The Reeves order was issued on the Treasurer in favor of Mr. Hunter, Clarksburg, for \$1-50 payment for drawing bonds for the purpose of binding the Contractors to complete the Town Hall.

The Council adjourned until Saturday 27th Feb. inst.

ROBERT DUNLOP,

Tp. Clerk.

AN AGE OF DISCOVERY.

We certainly ought to appreciate the fact that we are living in an age of progress and discovery, this is especially appreciated by all persons that have been afflicted with Rheumatism, as West's World's Wonder or Family Liniment is a positive cure for Rheumatism. It is invaluable for Cuts, Sprains, Bruises, Burns, Scalds, and all diseases requiring external application. Sold by A. Turner & Co. Price 25 cents and 50 cents per bottle. Feb.

Farmers' Institute.

CENTRE GREY AGRICULTURISTS IN COUNCIL.

Meaford, Feb. 26.—The Meeting of the Farmers' Institute was held here on Friday, the 26th of February, and was attended by many farmers of the neighborhood, notwithstanding the extremely cold weather and the terrible wind-storm which had raged all morning. Mr. Brown occupied the chair.

FORESTRY.

Mr. Phipps, of Toronto, delivered an address on forestry, giving the principles of that science and their applicability to the country round Meaford, with information as to the kind of trees most valuable, the method of cultivating them, and the means of procuring young trees or seeds. The lecture was received with great attention, and many questions were asked at its close, which Mr. Phipps answered, and promised to send special information to those desiring it.

Mr. Palmer followed, endorsing the position taken by the first speaker, and giving as his opinion that of the two questions immediately before them, forestry took the first place, for he decidedly thought that if they did not attend to tree-planting and forest encouragement they would soon not be able to get grass for their cattle at all.

Several farmers gave it as their opinion that there was no preserving a piece of woods if any number of cattle were left in it.

Mr. Phipps took the opportunity to quote Mr. Sargent, the chief American authority on forestry, who had stated in the late United States census that "all the injury done to American forests by the axe or by fire has not equalled that caused by the browsing of cattle."

BUTTER MAKING.

Mr. Moyer delivered a lecture on butter-making and the advantages of the creamery system, which was received with much approval and which contained much valuable information. The lecturer illustrated a method not yet in general use of separating the water, oil, and curd in milk, and ascertaining the qualities of each. He also described the best method of erecting a creamery.

ROAD MAKING.

Mr. Ling read a paper on road making, and an animated discussion followed as to the desirability of abolishing statute labour, and introducing a system of money taxation instead.

The Chairman in closing said these institutes were doing much good, and that the Local Government was conferring a great benefit on the farmers by sending speakers, and encouraging expressions of individual opinion.

Votes of thanks were given to the speakers, and the meeting adjourned.—Globe.
