THE KEPPEL TRAGEDY.

Our readers will remember an item in the Standard a few weeks ago in reference to the burning of a house in Keppel township, near Warton, in which two men—Jas. A. Bailey and a hired man, whose name is unknown—perished in the flames.

A post mortem examination was held and marks of violence found on the bodies, and evidence going to show that a murder had been committed, and that the house was set on fire to cover the black deed.

Detective Rogers has since been working up the case, and has succeeded in unravelling the mystery so far as to the confession of one who knows the secret and the arrest of the supposed guilty parties who are now in Owen Sound gaol.

The parties arrested are Ellen McCleary, a girl who lives next door to the burned house; Charles McCleary, her brother; James King, and John Wilson. The evidence so far point strongly to the guilt of the two last named. Other witnesses are expected to throw further light on the affair.

Bailey was not murdered for money but through jealousy.

YOUNG PEOPLE'S SOCIETY.

The young people of the Methodist congregation of this place met on Monday evening last in the basement of the church and formed themselves into a society with the following officers:—

Mr. F. Porter, President.
 " J. E. Crone, 1st Vice-President
 Miss S. Armstrong, 2nd do.
 Mr. W. T. Jackman, Secretary.
 Miss L. Rorke, Treasurer.

DIRECTORS:
 R. O. Whitby, J. R. Mathews, Miss S. Davis, Miss Purvis, and the above officers, with power to add to their number.

Their first work is to raise funds by subscription and otherwise, to fence the church premises and improve its surroundings. All the young people of the congregation are considered members of this society, and are expected to be co-workers.

The next meeting will be on Monday evening next after Bible class, in the basement, when a large attendance is requested.

Kimberley.

From our own correspondent.

Kimberley people are doing a good work in building sidewalk. I believe it is the first in the township.

Fall wheat is looking better since the late rain; it promises an average crop.

James O'Brian has moved from the bleak and inhospitable shores of Artemesia to the more congenial neighborhood of Kimberley.

John Hurlbert, one of the early pioneers here, is going to move to the N. W. soon. The Orangemen presented him with a medal, for his bravery, I suppose, in reminding a few Catholics here of defeat at the Boyne. However, be that as it may, no matter how we may differ in opinion as to the prudence and manliness of refreshing people's memories of those old strifes, one thing is certain Mr. Hurlbert, as a neighbor, is highly respected, and we wish him success and happiness in his new N. W. home.

SIXTY-SEVENTH ANNIVERSARY OF ODDFELLOWSHIP.
I. O. O. F.
 SERMON BY REV. W. AYERS.

The members of Dufferin Lodge I. O. O. F. of this village celebrated the sixty-seventh anniversary of Oddfellowship in America by attending divine service in the Methodist church here on Sabbath evening last. The brethren assembled in their Hall about 6 p.m. After clothing in regalia marched to the church. Rev. Bro. W. Ayers conducted the service, reading for scripture lesson the 20th chap. of the First Book of Samuel, and selecting for his text the 11, 12 & 13 verses of 31st chap. of First Samuel.

"And they found an Egyptian in the field and brought him to David, and gave him bread and he did eat; and they made him drink water. And they gave him a piece of a cake of figs and two clusters of raisins, and when he had eaten his spirit came again to him for he had eaten no bread nor drank any water, three days and three nights," &c., &c.

The speaker then went forward to prove that the lesson taught in the text was that which was daily and weekly being practiced by true Oddfellows. The principal planks in Oddfellowship being, 1st, Friendship; 2nd, Love, and 3rd, Truth. It afforded a broad platform on which all who desired could benefit their fellow beings. The order was strictly religious and highly moral, and he regarded Oddfellowship as the *Handmaid of Religion*. Closing, he urged every brother and member to love his Heavenly Father, and to ever look and pray for the dawning of that better day when one shall not have to say to his neighbor "Know ye the Lord."

During the service the choir rendered a very choice anthem. Miss Richardson sang a solo very sweetly and much to the delight of all who heard her.

On Monday evening the members with their families, of Dufferin Lodge I. O. O. F. assembled in their Hall in the capacity of a social gathering to further celebrate the anniversary of the order. Good things were provided by the ladies. Various amusements were entered into during the evening, and at the close a short but interesting programme was gone through, when all separated for their homes well pleased with the evening's enjoyment.

Holland Centre.

From our own Correspondent.

After a long sleep I awake to give my dream.

Fine weather the past two weeks, and farmers getting on well with spring work. Fall wheat is looking well, but there is a smaller acreage sown than usual.

Mr. Walter Perry, son of the Rev. D. Perry, is home on a visit.

Mr. McIntyre, Presbyterian minister, and family have moved here, being stationed here for six months in place of Mr. Mann as announced some time since.

There was joy at the house of Mr. Geo. Crowther the other day when a daughter came to town—the first in ten years of married life.—In honor of the event Mayor Crowther proclaimed a civic holiday. The flag on the "Queen's Hotel" could be seen all over town. We were first under the impression that Ireland has secured Home Rule, but soon learned the true cause of the rejoicing.

Our sidewalks are in need of repair; hope our Mayor will attend, else there will be a change in our ballot next election.

John Doyle of Sullivan, brother of Stewart Doyle of this place, was instantly killed by a falling tree while chopping recently.

John Nite, one of the oldest settlers of Holland, died on the 16th inst., inflammation of the Lungs was the cause.

John Trouten, one of the hands in Lyman Anderson's Shingle Mill, got one hand badly mangled by a saw. The front finger had to be amputated and the next one will likely have to be.

THOSE NEW AND RENEWED SUBSCRIBERS.
 G. Price is to the front with Spring and Summer goods, and the ladies appear to know it, as they are flocking in, while the gaid men are busy in the field, not having time to poke their nose into domestic affairs, while Miss Blades supplies head gears in a becoming manner, adding several inches to the height of the dear ones.

A SUCCESSFUL RESULT.
 Mr. Frank Hendry, writing from Seaforth, says: "I purchased one bottle of Burdock Blood Bitters to purify my blood. It did purify it, and now I have excellent health." As a blood purifying tonic and system regulator the result of taking B. B. B. is always successful.
