

Flesherton.

from our own correspondent.
The Brass Band was out in full force on Saturday evening last and the welkin ring with a few very stirring tunes. Thanks, boys.
There was considerable excitement at the north end of the town on Monday last over the loss of a little child, years old, belonging to Walter Woods. The child was missed from the house about 8 o'clock in the morning, and after considerable search by the parents and no trace of the child was to be found, the alarm was given, going in all directions. At 12 o'clock at noon the little child was found stuck in the mud by the side of a swamp on Mr. George Stewart's farm. The day being very cold the poor child was almost perished when found.

The Cattle Fair on Monday last was not as largely attended as usual. A number of cows changed hands, but at very low prices, \$17 to \$20 being bid for new milch cows; some who were pressed for funds closed the offer; but most of those having returned them to the farm.
Mr. J. G. Anderson, one of our most respected young men, who has been in the employ of Mr. M. Richardson, merchant, for nearly four years, has closed his engagement there and is now taking a holiday at home with his parents. Mr. Anderson, through his acquaintance in this part of the country, made many warm friends. In his business relations with the public, his ready hand, pleasant and genial manner, and sterling integrity, won for him the esteem of all. In whatever course he may map for the future we wish him the success and blessing that attends the man who puts his trust in God.

CONSUMPTION CURED.
An old physician, retired from practice, having placed in his hands by an East India missionary the formula of a simple and powerful remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Afflictions, as a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Motivated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail, enclosing with stamp, naming this paper. W. A. NOYES, 149 Power's Block, Boston, N. Y.

CRUTCHES RENDERED USELESS.
The poor cripple who has to use crutches because of rheumatism, stiff and swollen joints, contracted cords, and other aches, and pains, may throw aside his crutches and be well by Hayward's Yellow Oil.

The People's Cyclopaedia.
The people's cyclopaedia of universal knowledge is one of the most valuable works of the day. For practical purposes it is as valuable as larger works of the kind which often contain great amount of verbiage and unnecessary matter, while the cost is less than these more pretentious publications.

In this age of miscellaneous reading, where people are in danger of getting into useless, or worse than useless, works, what cannot be said in praise of this volume. They are full of information, covering every department of History, Biography, Science, Geography and Social Economy, a complete library in themselves.

Farmers, merchants, professional men, and almost all classes of people will find profit and instruction by consulting this work for information on all matters within the range of human knowledge.

As a work of reference it will be found of inestimable value, and will amply supersede the necessity of numerous and unsatisfactory search through many volumes of separate treatises.

The illustrations are fine and abundant, the print clear, the paper and binding good, and the general arrangement of the work excellent.

We cordially recommend the work to those which every intelligent family ought to possess.

A PLEASANT DUTY.
"I feel it my duty to say," writes John Brown, of Desert P. Q., "that Burdock Blood Purifier cured my wife of liver complaint, which she had been a chronic sufferer from, and the distressing, painful symptoms soon gave place to health, and I can highly recommend the medicine to all suffering as she did."

STEEL ROAD SCRAPER.

I beg to call the attention of Municipal Councils and others to my new Solid Steel Road Scraper—One Solid Plate of Steel Pressed into Shape. The weak point with steel bottom scrapers has been overcome in this case by putting on Steel Shoes which protect the bottom, so that there is no more wear on it than on any other part. The Scraper combines Lightness with Strength, and Handiness with Durability, and will scrape any ordinary ground without ploughing. They gave good satisfaction to all who used them last Season.
