Correspondence.

NOTICE.—We wish it distinctly understood that we do not hold ourselves responsible for the opinions expressed by our correspondents

Mr. Standard Editor:

DEAR SIR,—While I think that farmers cannot mind their own business too much, I think also that we show too much indifference to the interests of others. We hold our tongue on questions of general importance, when a few lines in the local paper, (where every farmer should see it) giving our experience, or information we possess, would greatly assist in the selection of implements, seeds, trees, stock, etc., and the management of them when we have them.

Yours respectfully, JAMES HANSON, Artemesia.

ROCKLYN, Jan. 11th, 1886.

BEAR SCARE.—Last Friday the citizens of this place were startled by the appearance of a large bear which would weigh about 300 pounds. Mr. Tim Braidner gave the alarm, when J. E. Richards darted out at lightning speed armed with a whitewash brush; Hugh Carrie, our genial blacksmith, followed close behind with a seven inch file as a weapon of war; Messrs. Braidner and Falls, each with a shot gun, brought up the rear, and a mighty chase they made, but bruin made good his escape, and his would-be captors returned weary and without a trophy except some small game including a number of mosquitoes.

Yours truly, F. F. & M. S.

Flesherton.

From our own correspondent.

Rev. Mr. Avers preached a very interesting sermon in the Presbyterian church here, on Sabbath afternoon last.

The Methodist and Presbyterian Sabbath schools of this place purpose holding a union picnic in the Beaver meadow adjoining the village, on the afternoon of Wednesday, 23rd inst. A happy and enjoyable time is anticipated.

Quite a large crowd assembled in the East Grey Agricultural grounds here on Monday afternoon last to witness the first game of the season here, being a lacrosse match between the Victorias of Meaford, and the Pioneers of Flesherton.

The brick work on the new Baptist church is being rapidly pushed forward. The anniversary services of the Presbyterian church is to be held in that church here on the last Sunday in this month. Particulars later.

Your correspondent has just received information of a death by drowning to another of the unfortunate citizens of our sister village, Priceville. Mr. Walker, a tailor by trade, an old gentleman living by himself, was first missed on Sunday morning. The evening of the same day it was discovered he had committed suicide, by tying his own tailor's "goose" and throwing himself into the mill pond. The body was found in about three feet of water.

Our brass band was out on Monday evening in good style, and serenaded three of our respected citizens—A. Munshaw, J. W. Armstrong and S. Damude. All three after enjoying several choice selections from the band, contributed liberally to the band fund by each placing a V in the leader's hand. The new uniforms for the band are now under way and are expected to be ready and in good trim for Dominion Day here, which, with the various games and amusements through the day and the grand procession and the grand oratorio of "Queen Esther" in the afternoon and evening, it is looked forward to as being the most interesting holiday ever spent in this place.

When you subscribe for a newspaper remember you will find things in it that you don't like, and other items of no particular interest to you. But the items will interest some one who has as much claim on the paper as you have. When you buy chickens for dinner you are not obliged to eat the feathers; but the chickens appreciated them though.

We were pleased to receive a call from Mr. P. Bruce who narrowly escaped death at the recent fatal fire in Owen Sound. Although very badly burned about the face and body, Mr. Bruce is rapidly getting around and not disfigured, as was at first supposed. We are glad to see him recovering so rapidly and hope soon to see him again doing a thriving business in Owen Sound.—[Chatsworth News.

CONSUMPTION CURED. An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Send by mail by addressing with stamp naming this paper, W. A. NOXES, 149 Power's Block, Rochester N. Y.

COMMON SALT.—Half a teaspoonful of common table dissolved in a little cold water and drink, will instantly relieve heart-burn or dyspepsia. If taken every morning, increase the quantity gradually to a teaspoonful of salt and a tumbler of water, it will, in a few days, cure any ordinary case of dyspepsia, if, at the same time due attention is paid to the diet. There is no better remedy than the above for constipation. As a gargle for sore throat it is equal to chlorate of potash and is entirely safe. It may be used as often as desired, and, if a little is swallowed each time, it will have beneficial effect on the throat by cleansing it and by allaying the irritation. In doses of one to four teaspoonful in half a pint to a pint of tepid water it acts promptly as an emetic, and in case of poisoning is always at hand. It is an excellent remedy for bites and stings of insects.—[Cottage Hearth.
