WHY WILL YOU cough cough when Shiloh's Cure will give immediate relief. Price 10 cts., 50 cts and \$1. For sale by R. L. Stephen, Druggist, Markdale.

The garden party at Mr. Leslie's last Friday evening was one of the best this season. The evening was delightful, cool enough to be comfortable and the large crowd of people assembled seeming to partake of the evening and were delightful too (but not cool) every one went away feeling that they had spent a most enjoyable evening. *Me too.* Proceeds, \$15.65.

Mr. Wilson Benson surprised his friends and neighbors by his return Saturday night, having left on the previous Wednesday for a trip to Ireland. We expected to procure from him on his return, a "black thorn," but were disappointed. We understand the S. S. on which he purposed sailing left a day earlier than he expected consequently he only went as far as Toronto.

A DIRECTORS meeting of Glenelg Agricultural Society was held in Haskett's Hall on Friday last when every director but two were present. This full attendance shows that a proper interest is being taken to make the coming show a grand success. The prize list was revised and many important additions made to the list and changes in the rules. The fair is to be held on the 90th Sept. and 1st October.

We have received a neat little pamphlet designed for a guide book of the Dominion published by the department of Agriculture at Ottawa, containing information for intending settlers with numerous illustrations and maps. The book is neatly gotten up and will prove very convenient for the purpose for which it is intended. Hon. John Carling, Minister of Agriculture, will except thanks for the copy sent us.

A RADICAL CHANGE The best eradicator of foul humors of the Blood is Burdock Blood Bitters. A few bottles produce a radical change for the better in health and beauty. It removes the blood taint of Scrofula that terrible disease so common in this country.

SPEEDY TRIP.—Mr. W. J. Ford returned last Friday from Winnipeg, Brandon and Wolsley, having made the round trip, twenty six hundred miles, in eleven days, and did his business. Mr. Ford speaks very highly of the comfort and go-ahead facilities of the C. P. R., having had only four minutes delay on his whole trip, trains being sharp on time throughout except that trifling delay. We expect to give a short account of his trip next week.

HE ACTS WISELY "I am so weak I can hardly move, all run down with a Chronic Summer Complaint," said one gentleman to another on our street the other day. Now, take my advice," replied his friend, "go to your Druggist and get a bottle of Dr. Flower's Extract of Wild Strawberry. I have never known it to fail in curing any Summer Complaint.

PICNIC.—The English Church Sunday School annual picnic was held last Thursday afternoon in Mr. S. Coleman's bush, and was well attended, a large number being present from Berkeley and surrounding country. Kind invitations were extended a number of the young people of other denominations, most of whom were there to join in and partake of the pleasures that were offered. The usual games on such occasions were entered into with a zest by both young and old; in fact a very pleasant time was spent by all. The "spread" was bountiful and seldom equalled in taste and quality. The ice-cream and lemonade was cooling and refreshing. About 8:30 the picnickers dispersed for their homes, well pleased with their afternoon's enjoyment.

"Reader," in informing you of the wonderful remedy for Coughs, Colds, Asthma, Bronchitis, Consumption, and all affections of the throat and lungs, we feel that we are doing you a great kindness, as if you have any of the above complaints, if you will only try it we will guarantee satisfaction in every case or money refunded. Ask for McGregor's Lung Compound. Price 50c. and \$1.00 per bottle at R. L. Stephen's, Drug Store, Markdale.

The agitation for a change of name has been revived in Orangeville. The Advertiser alleges that "the name Orangeville has been so associated with dynamism, incendiarism, and scoundrelism, that our inhabitants can not go abroad and make known their residence without being assailed with reproach and treated as a tarred stick," and that, "the name, 'Orange' savouring of sectionalism, 'ville,' of insignificance, and other matters connected with the early history of our town has long made its name odious to the residents." The name most in favour with the advocates of change is Dufferin, but many of the old settlers prefer the familiar cognomen, and others cannot see that Dufferin would have any special terrors for dynamiters and incendiaries which Orangeville may not possess. It will be remembered that some years ago the old settlers defeated an application to the Legislature for a change of name, and at least some of them do not seem reconciled to the proposed reform.

The latest remedy for Coughs, Colds, Croup, Whooping Cough, Bronchitis, etc., is McGregor's Lung Compound. There is no remedy in existence containing any one of the active ingredients composing McGregor's Lung Compound, so do not say you have taken everything until you have tried this for your cold or cough, and your opinion will be the same as all who have used it, viz., that it is the best. Sold in 50c. and \$1.00 bottles by R. L. Stephen, Druggist, Markdale.

## Church Re-Opening.

The Methodist church at Inistioige has been undergoing extensive improvements, and has been very much beautified and scidified in the changes made. The building has been raised higher, and placed upon a substantial stone foundation, with brick veneering, re-arrangement of seats, choir station, painting, upholstering, &c., by the ladies, all of which lends grace and strength to the structure. On Sunday, July 25th, the Rev. G. H. Cornish, Superintendent of the Markdale District, preached morning and evening to large and delighted congregations. The sermons were beautiful expositions of the Word of God, and were not only listened to with rapt attention, but were doubly welcome by reason of the Heavenly grace with which they were infused. In the afternoon service, the Rev. W. Ayers of Flesherton, preached an excellent sermon to a very large congregation. Mr. Ayers' discourse upon the reign and triumph of the Messiah's kingdom, the earnest spirit with which it was given; and the glowing language employed, all tended to heighten the intensity of the occasion.

On Monday, July 26th, a sumptuous tea-meeting was held. A most bountiful repast was provided by the ladies of Inistioige, at which a goodly assembly sat down and did ample justice to the same. Notwithstanding some down-pouring of rain, a very large number were present from Markdale, Flesherton, Dundalk, Riverview and vicinity.

About 8 o'clock, Rev. Dr. Strongman, Pastor, called the meeting to order, and Dr. Christoe, of Flesherton, was called to the chair, which he filled throughout with his accustomed urbanity and good cheer. The following gentlemen addressed the friends present: Messrs. W. A. Brown, Markdale, and M. Richardson, Flesherton; Revs. Dr. Strongman, J. W. Mahood, Pastors; Rev. Mr. Wright, and Rev. A. Murphy, Church of England clergymen, of Honeywood and Dundalk; Rev. J. Boss, B. A., Presbyterian, of Dundalk; Rev. W. Ayers, of Flesherton. It was the opinion of all that better speeches were never heard upon a similar occasion; and the whole proceedings were marked with the most delightful Christian spirit and fraternity. The Dundalk choir, both on the Sabbath, and at the tea-meeting, won golden opinions and profound thanks for their efficient and excellent services. Proceeds—Collections and tea-meeting, \$80; former and present subscriptions, \$150. Whole cost, about \$375. Not the least among the names of those who have hastened this work is Bro. W. Hames, who has spent a good portion of his time in furthering this object.—Com.

UNKNOWN There is no remedy known to medical science that can excel Dr. Fowler's Extract of Wild Strawberry as a cure for Cholera Morbus, Diarrhoea, Dysentery, or any form of Summer Complaint afflicting children or adults.

AN INVISIBLE FOE The poisonous germs of disease are lurking in the air we breathe and in the water we drink. The system should be kept carefully purified and all the organs toned to proper action. This can best be done by the regulating, purifying and tonic powers of Burdock Blood Bitters.

## What Grew from a Negro's Foot.

It was rather an amusing incident that first brought to the attention of a truck farmer, of Charleston, S. C. the importance of firming the soil. It seems that a gentleman of color having the constitutional weakness for chickens peculiar to some of his race got into a hen-roost and helped himself bountifully. In evading the high-road, he struck a bee-line through a new sown turnip field, where he left tracks that led to his detection. But these tracks did more. They showed to Squire Buncome whose chickens had suffered, that wherever the foot of the lored citizen had fallen, there he had a "stand" of turnips, and nowhere else (for they had been loosely sowed and the weather was dry). The lesson was heeded and has been worth tens of thousands of dollars to the farmers of south Carolina, who, it seems, were never before sufficiently alive to the importance of firming the soil until the unfortunate negro showed them the way.—PETER HENDERSON in *American Agriculturist* for August.

CONSUMPTION CURED. An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Send by mail by addressing with stamp naming this paper, W. A. NORRIS, 143 Power's Block, Rochester N. Y.

## A Strange Story, Indeed.

CINCINNATI, O., July 24.—A strange story comes from Bradford Junction concerning a farmer there. Simon Wilcox was formerly an enthusiastic church member, but on Tuesday when he surveyed the ruin of his crops wrought by a hailstorm he began to curse God for allowing such destruction, and vented a tirade of horrid blasphemy. In the midst of his cursing he was suddenly stricken with paralysis and could not leave the spot. There his neighbors found him, and their story is that they could not release him—that he was surrounded by a circle of intense heat, and that they tried to push him outside of it with a pole he to pole burned off and, that it was not until towards evening that the mysterious heat disappeared and he fell down unconscious and was picked up a raving maniac.

WHY EMPLOY DOCTORS. Consult a doctor, for a 6 or 8 oz. bottle of medicine \$1—consult A. Turner & Co. and he will give you a 12 oz. bottle of Dr. Chase's Liver Cure for \$1 and a valuable Recipe Book free. July

## MINERAL POISON.

Nothing but pure extracts from plants and roots are used in preparing McGregor's Lung Compound, the modern and popular remedy for Colds, Coughs, Bronchitis, Asthma and all affections of the throat, lungs and chest. All mineral poisons and dangerous substances are avoided, which renders it safe for children or adults. Sold at 50c. and \$1.00 per bottle at R. L. Stephen's, Drug Store, Markdale.

## Saving Dry Earth.

The cheapest disinfectants is dry earth and a supply should be secured during a dry time. Dry earth does not mean dry sand, but a good, strong loam. No matter how dry the surface of the soil may appear to be, it never becomes perfectly dry, as more or less moisture will come up from below by capillary attraction. To completely dry the earth, a drying platform of old boards should be constructed, upon which the surface soil may be thrown being cut off from all moisture from below, a few hours exposure to the sun will dry it completely. It should then be run through a sieve or riddle to remove stones and trash, then the fine earth placed in barrels or boxes, and stowed under cover. The use of a road-scraper to draw the earth upon the platform will greatly diminish the labor. Lay in an abundance, for use in earth closets, privy vaults, hen-houses, or wherever an unpleasant odor is to be stopped.—*American Agriculturist* for August.
