OFF WORK
"I was off work for two years suffering from kidney disease, and could get no relief until advised by a friend to try B. B. B. I was cured by two bottles, and considered it a miraculous cure." The above is the substance of a communication from Wm. Tier, of St. Marys, Ont.

A number of townspeople have been wondering why we do not complain and find fault with our path-masters for the terrible coarse gravel put on Mill Street in this village. We were under the impression that the road was thus obstructed in order to prohibit the furious driving of horses which had previously been indulged in on that street; and were rather inclined to forgive them, since the apparent good intentions were accomplished.

A LIVING QUESTION.
Question—"Is this life worth living?" Answer—"It all depends upon the liver!" If torpid or inactive it causes a dull, languid feeling. Dr. Chases Liver Cure gives health and buoyance. Sold by A. Turner & Co. Aug

The lawn party at the Presbyterian manse on Wednesday of last week was largely attended. The evening was very pleasant but quite chilly necessitating considerable exercise in order to keep comfortable out-doors. There was however lots of fun and plenty to help out so we think all fully enjoyed themselves. The refreshments, bouquets, &c., &c., were well patronized and altogether a very pleasant and enjoyable evening spent. Proceeds \$25.55. BROWN & BROWN

Six young men left Sarnia some five weeks ago, three from Sarnia and three from Watford, Ont., for a pleasure trip on Lake Huron with a steam yacht. They were to Manitoulin Island, and had called at Southampton on their way home, but have all been lost; none left to tell the tale. They are supposed to have been swamped by the wind storm on Sunday night the 1st. The yacht was since found near Fort Frank washed ashore with three of the dead bodies in it. No trace of the other three.

A LIVER CURE
One single trial of Dr. Chases Liver Cure will convince the most skeptical and confined better than thousands of testimonials that it is a sure cure. Medicine and Receipt Book \$1. Sold by A. Turner & Co. Aug

One day last week a couple of Dundalk ladies who thought they were acquainted with the surrounding country, started at 7 o'clock in the morning to drive to Hopeville, but to their surprise and displeasure after travelling the greater part of the forenoon they found themselves in Flesherton. They succeeded in reaching Hopeville, however in the afternoon, and returned to Dundalk safely in the evening. People travelling in a strange country should be accompanied by a guide.—[Dundalk Herald.]

A WISE PRECAUTION
During the Summer and the Fall people are liable to sudden attacks of bowel complaints, and with no prompt remedy or medicine aid at hand, life may be in danger. Those who experience has given them wisdom always keep Dr. Fowler's Extract of Wild Strawberry at hand for relief, and a Physician is seldom required.

CIVIC HOLIDAY.—Markdale is not an incorporated village, (and it's a shame it isn't) but it is the expressed wish of the business men, (and business women too) sanctioned by the village police, agreeable to the school trustees, not objected to by the chief magistrate or high constable, and stamped with the post office registry stamp that next Wednesday, the 18th day of August, A.D. 1886, be and is hereby proclaimed a civic holiday. The public will therefore govern themselves accordingly, as business places will all be closed that day.

THAT HACKING COUGH can be so quickly cured by Shiloh's Cure. We guarantee it. For sale by R. L. Stephen, Druggist, Markdale. A

The recent difference between the Flesherton and Markdale lacrosse clubs were, in our opinion, quite too trifling to call for a newspaper controversy. In the first place un-called for reference was made to the childish matter three times in public print from Flesherton after which the Markdale club of course had a right to defend themselves in a similar mode, but in so doing they over-stepped the mark by the name calling style of retort. We have no doubt the boys on both sides were lacking in judgement and perhaps courtesy, but what need was there for rushing to public print with such a trifling affair; the *Advance* even making a leader on it two weeks ago.

VARIOUS MATTERS.—J. H. Hull has purchased the lot where Grant & Co's planing factory stood and is preparing to erect a building for a cooper shop.—Mathews' brick shop is lathed and ready for the plasterers. It will have a plate glass front.—G. S. Bowes' double tenement house on Elizabeth street is now vacated, and will be comfortable dwellings when complete. They are already rented.—George Hackett's fine residence is looking handsome. The brick work will soon be complete.—Isaac Stanson's house foundation shows excellent workmanship. He is so rushed that he can scarcely find time to do his own work.—Mr. Johnston is building the foundation for Mr. Bowes' "Secton's" house, upon which the vestry of the old Methodist church will be placed.

STAFFORD, Aug. 6, 1886.
Having suffered from kidney disease from childhood I consulted eminent doctors in Chicago, New York, and in Canada. Also tried various patent medicines, but getting no relief from any source gave up, as I was sure my case was hopeless. Finally I was induced to try Dr. J. W. McFarland's medicine and I am glad to say that three bottles cured me.
