

Owen Sound.

NEWS WRITTEN BY ELECTRIC LIGHT. (From an occasional correspondent.)

On Friday last master Willie Oatt was with a serious accident while out shooting on the bay. It appears he had a gun in the bottom of the boat ready for action, and when some game attracted his eye he lifted the gun and some-thing caught the trigger causing a dis-charge, the whole contents entered his right arm shattering the muscles fear-fully; being alone he rowed as best he could across the bay to his boat house and on arrival fainted with exhaustion. When consciousness returned he was managed to walk up town when Dr. Burnhart was called in and dressed the limb and thinks he can bring it around. Since above, he is improving favorably. The Schooner Q. Q. Lamb arrived last Thursday with part of the machinery of the Island Algoma: Some of the immensely heavy castings, which one would think could not be broken, are a complete wreck. Lieut. Geo. Robinson and party passed through here for Toronto on Monday after spending a few weeks in the North West. Str. Athabaska left on Wednesday 25th with 750 tons merchandise and about 120 first and 75 second class passengers. The Alberta left on Saturday last with 70 tons freight, 95 first and 30 second class passengers. The Athabaska arrived down on Tuesday, (having been delayed a day with fog) with 75 first and 40 second class passengers and 100 tons freight. The steamers Atlantic, Pacific, and City of Owen Sound were in on their regular trips, all of which had a good list of passengers and freight. The owners of the Francis Smith are claim- ing damages from Uncle Sam's Government for illegal seizure. They say they cannot balance any fish question on them.

INVISIBLE BUT INSTANTANEOUS. All pains or aches will be instantly removed by a few drops of Fluid Lightning applied over the affected parts. No time lost; no nauseous medicines needed; no poulticing or using greasy liniments. It will not blister or discolor the skin. Sold at 25c. per bottle by R. L. Stephen, Druggist. Sufferers from Neuralgia assure us that they never fear it when their house contains a bottle of Fluid Lightning.

Flesherton Station. From our own correspondent. The Station now rejoices in a through mail to Toronto by morning train and back at night. This additional mail accommodation will be a great boon to shippers here. It has been in operation over a week. Business has been dull for some time; signs of revival have already set in however, and as soon as grain begins to be marketed, we will have improved times. Harvest work has been in progress in this neighborhood for some time and is not nearly through. Some very fine samples of barley have been safely housed; the weather has recently been very trying on grain lying out in the fields, but no serious damage done yet. Our Township Council magnanimously made a grant of a small sum of money by which one of the hills at the station has been considerably improved. This is the first grant ever made to the station, and that it may soon be repeated, and increased in amount is the wish of every saint and sinner belonging to the place. Long life and prosperity to all.

A FRUITFUL SEASON. The fruitful season of the year is prolific with many forms of Bowel Complaint, such as Diarrhea, Dysentery, Colic, Cholera, Morsus, Cholera Infantum, &c.; as a safe-guard and positive cure for those distressing and often sudden and dangerous attacks nothing can surpass that old reliable medicine Dr. Fowler's Extract of Wild Strawberry.

Feversham. From a Correspondent. Times somewhat quiet owing to har- vest operations. The Salvation Army is getting on very well they had Hallelujah Tinker from Collingwood with them on Sunday. He is quite a dandy. Arthur H. is the proudest father in town. Mr. Jos. Henderson had a fine lot of lambs and sheep delivered here for him on Wednesday. Messrs W. P. Hill and Thos. Brown of Collingwood were up here fishing and secured a number of speckled beauties. Camp and Conron still visits the bear trap, but as yet no success, not even a porcupine. Is there no means by which we could prohibit that dark complexion young man from driving our fair damsels around? Say Bob, or Charlie, do some-thing and get across the line. This man R. T. has made another deal in horse flesh, having parted with the little chestnut mare, and purchased a trotter at least he says he can go some. Thos. Julian of the 10th con. near Feversham reaped five acres of grain in four hours, one day recently. BURNHAM.

NATIONAL PILLS will cure constipated bowels and regulate the liver.

Harvesting is well through and the crops a good average and fine sample. The rain of Sunday the 15th was the heaviest ever known in this district; the warm foggy weather which followed caused some of the outstanding grain to sprout. E. Hopps, has built a house, also Sam Lackey a dwelling house. S. Leslie shot a bear on Thursday last and saw another the same day. A number of ladies, on their return from meeting the evening train one night recently saw a bear right in the village, but no help was available as it was Orange Lodge night and the men folk were there assembled, and the ladies feared to give chase without a shooting iron. Thos. Sargent had two sheep killed by a freight train last week.

WORTH REMEMBERING.—In a long letter from John H. Hall, of Baddick, Cape Breton, N. S., he says; "I believe if it were not for Burdock Blood Bitters I should have been in my grave." It cured me of kidney and liver complaint and general debility, which had nearly proved fatal.

Meaford Road. From our own Correspondent. A narrow escape.—Mr. W. Buchanan Sr. had a close call week before last by eating bread on which rat poison had been sprinkled. The mistake was promptly discovered and an emetic taken, thereby averting fatal result. The greatest care should be taken in exterminating vermin by poison. Cupids Darts.—The little winged god has been busy for some time past with bow and arrow, and as a result Mr. Samuel Gilbert and Miss Annie White has been and gone &c. Rumor has it certain other parties are smitten. Time will prove or disprove the gossip. Owing to illness Mr. Ayers was unable to fill his pulpit last Sunday in Wesley Church, but Mr. M. Richardson took his place very acceptably. Miss Ford, our teacher, is to work again after her holidays.

A COMPLETE BREAKDOWN.—"For ten years," says Jennie M. Harrett of Wallaceburg, Ont., "I did not see a well day—was all broken down with dyspepsia, liver complaint, catarrh and debility. Three doctors abandoned hope for me; when Burdock Blood Bitters came to my rescue. It is the best medicine I have ever taken. I say this for the benefit of all suffering as I did."

Kimberley. From our own correspondent. Stuart is endeavoring, with hopes of success, to secure telephone connection for Kimberley. Farmers are sowing fall wheat. They are seeding earlier than formerly, as experience has taught that the early sowing is safest. The people of Osprey, Proton and Artemesia are coming to this locality for their supply of apples, and now is the time to get them cheap. Harvesting may be said to be over, and the crop well saved. Mr. Hammon, our enterprising merchant, has purchased an 8,000 lb. hay scale which he will have in position shortly. We understand that A. T. Buchanan has sold his farm. Price \$3,600; he has also sold his house and lot in Kimberly to William Stuart, price \$500.
