Wealthy Canadian families located in Lowell and Lawrence, Mass., having decided to found a colony in the valley of the Ottawa, two delegates were chosen to arrange preliminaries and to interview the Montreal Colonization Society. The choice of the delegates fell upon La Liever and La Rough valleys, where they expect to take up from 25,000 to 50,000 acres of land.

OF VITAL IMPORTANCE.—It is just as essential that the human body should have pure blood, as that a tree or plant should have sap to nourish and invigorate its growth. Nearly all our bodily ills arise from unhealthy blood. Bunker's Blood Purifier purifies the blood, and regulates all the vital organs to a healthy action.
