From our own correspondent.

Mr. Robert Timson, passed away on the 17th inst. at the age of 82 years: He claimed through life to be a Free-thinker, but those who waited on him during his last hours say he called for mercy. He had formed his opinions from reading that kind of books and hearing lectures.

From a Correspondent.

Miss Jane Madill, who lived on the Gravel Road a mile and a quarter west of our town, and who has been very low some months with cancer, died last Monday evening, and was buried on Thursday afternoon in the English Church burial grounds. There was a large attendance of friends, and the sermon was preached by Rev. Mr. Ward. Miss Madill suffered great pain, and her body was wasted away to simply a skeleton. Her age was about 40. Our sympathies are with her bereaved relatives.

Mr. Charles Drummond, of Owen Sound has been engaged by our trustees to take our school next year, at a salary of \$3.80.

On Sunday the 7th, Mr. George Harrison was made happy in the addition of a boy in his family. Congratulations, George.

There was a big time "so I hear among about half-a-dozen residents and others last Wednesday evening. A nicely wrapped parcel of "ever-be-joyful" was seen procured in the early evening and as the time wore on it was freely imbibed, but it did not agree with some it appeared. Later on, however they paid a visit to one of our merchants and tried to get some eatables; but the hostess had retired and would not get up so nine hosts had to prepare the beef, potatoes, &c himself and, some sitting on the floor, and, some otherwise, they partook heartily, about fifteen pounds of the beef being consumed, so the story goes. When they all got home I can't say.

There was a very successful social here at the Manse on the evening of the fifth.

Quartly service was held in the Methodist Church last Sunday.

I could give you perhaps a little more news, but I must stop, as some people are so inquisitive.

THERE IS NOTHING LIKE IT.—There is no one remedy offered to suffering humanity whose use is so universally and frequently as Hagar's Y-Flow Oil, for rheumatism, neuralgia, colds, sore throat, deafness, cramp, numbness, and aches, pains, lameness, and cramps of all kinds, when internally and externally used.

Flesherton.

From our own correspondent.

Thursday last, Thanksgiving day, was duly observed by our citizens, business being suspended in almost every line. Thanksgiving service as held in the Presbyterian Church in the afternoon and Methodist Church at night.

At a congregational meeting of the Presbyterian Church on Thursday afternoon to consider the organ question, application being made by some of the members of the church for the use of the organ to assist the choir and congregation in the Psalmody.

After some discussion, a vote was taken, which was almost unanimous in favor of the introduction of an organ. Professor Morgan and his little daughter Fairy gave a very pleasing Concert in the Town Hall here under the auspices of the Lacrosse Team of this place on Thursday evening last. On account of the inclemency of the weather the turn out was not as good as it would otherwise have been, but those who were present were favoured with a very enjoyable evening's entertainment: R. A. Fawcett Esq., occupied the chair. Professor Morgan purposes locating here for a time after the New Year, and forming a class for vocal music.

Dr. Christie occupied the pulpit in the Methodist Church here on Sabbath morning last. Professor Morgan and little daughter Fairy spending the Sabbath in our village, were invited to sing at the evening service in the Methodist Church; this being made known before the hour of service the church was crowded and filled to its utmost seating capacity. The Rev. Mr. Ayers preached a short and very interesting sermon entitled "what good do I receive from being a christian" the sermon throughout was replete with practical truth; during the service Fairy and Professor Morgan sang two Solos each and a Duet; the audience were charmed with the sweet music. Professor Morgan has a very fine and cultured voice. Fairy is very sweet on notes not too high or her, has a very strong voice but on the high notes her voice is shrill.

Mrs J. L. Wright who has been spending the summer with her family in this locality, leaves this week for St. Louis, U. S. there to spend the winter months with her sons in the more balmy climate.

Geo. Moorehouse Esq. who formerly resided here, has again returned from Detroit with his family. We understand he purposes opening out in the Millinery business at Flesherton Station.
