ECONOMY should be the watch word these times of small profits and keen competition. Retrenchment is necessary in all reasonable ways, but when it comes to dropping off the local paper, the item is so paltry, and only once a year, it is an act of economy which no one ever feels the better for, though he feels the want of its weekly visits very keenly.

HOW THEY WILL DO IT.—A lady door keeper, a lady to preside, ladies to give addresses and render the program throughout, lady waiters for the refreshments, and all young ladies at that. Where is all this going to be? Why at the young Ladies social in the Lecture room of the Methodist Church on Wednesday evening the 8th Dec. Only 15 cents to see it all. The celebrated "Peak Sisters" will render some popular melodies during the evening. Refreshments served at 7:30. Come.

COLD BATH.—One day last week a little one belonging to a Markdale citizen fell into an open cistern. The opening was too small to admit a grown person and a young lad was let down by a rope and brought the youngster safe to its parent, who was by this time almost distracted. The little one, we are pleased to say, is none the worse for its cold bath.

THE renewals of subscription to the STANDARD are coming in so fast it would take up too much space to publish the names as we have been doing, however, those who pay up or renew will see by the change in the date on their address that it has been credited.
