

A COUPLE'S SUNDAY TRIP.

Swept through the Rapids in Company With Sadie Allen without suffering Any Injury

NIAGARA FALLS, Nov. 28.—George Hazlett and Miss Sadie Allen went through the whirlpool rapids this afternoon all safe. The start was made at 3 o'clock from the Maid of the Mist landing on the Canda side. The barrel was a similar one to that Hazlett and Potts ran the rapids with last summer. When the barrel containing its human freight reached the maelstrom of the pool it shot right into the centre of the pool and made two or three turns. Leaving the pool it followed the current out towards the Canadian shore and down to the outlet of the pool, where it got into a large eddy where it sailed and bobbed around for half an hour. Some friends were near at hand and yelled out to them when Hazlett opened the small door on the top and Frank Lawson threw a rope from shore, which Hazlett secured and the barrel was towed ashore. After coming out of the barrel they had to tramp about a mile and a half, climbing over brush and boulders to where they could get to the top of the precipice, Miss Allen experiencing more trouble on the tramp after she got out of the barrel than she did in shooting the rapids. She is a young lady about 18 years old, a very prepossessing brunette.

A STRANGE CASE.—Mr. Robert Kissick, of Coulson, Ont., has recently recovered from a remarkable disease—a tumor of the spleen with dropsy. The tumor estimated weight about six pounds. His medical counsel gave him no hopes, but Burdock Bood Bitters cured him.

A Thing of Beauty.

In past years the rage at Christmas time and long before has been the purchasing of Christmas cards for friends abroad as souvenirs. This year a change is taking place. The Montreal Star is bringing out a superb Christmas number, a mammoth paper of wondrous beauty, with twenty-eight pages of magnificent illustrations, including a fac simile of the great picture purchased by Sir Donald Smith, at the Morgan sale, New York, at a cost of forty-five thousand dollars, about which the curiosity of a whole continent has been aroused. The engraving on the Star's picture is something of a rare delicacy. Besides the twenty-eight pages of illustrations there are stories, sketches and poems by the best authors. Professor Grant, of Queen's College, has written a powerful article, which every Canadian man, woman and child should read, while there are something from the pen of Professor Roberts, Nova Scotia George Murray, Montreal, absorbing stories by E. W. Thompson, Toronto, poems by Poet Laureate Frechette and others, together with large 22x28 plate supplement, said to be the most bewitching crayon ever issued on this side the Atlantic. The whole of this paper, which competent critics say eclipses the London Graphic and London Illustrated News is sent to any address for the amazingly small sum of 25 cents in postage stamps. The publishers are Graham & Co., Montreal, who are giving beautiful prizes to the value of \$300 to the little folk who write the most faithful short letter about the paper. This is really the age of wonders. Anybody who was fortunate enough to get a copy of the last Carnival Star will not be so much surprised at this latest piece of gigantic enterprise.

A CRYING EVIL.—Children are often fretful and ill when worms are the cause. Dr. Low's Worm Syrup safely expels all worms.
