

Flesherton.

From our own correspondent.

Hard frosts. Good sleighing. Business brisk. Prices for grain improving at Flesherton.

Monday last was fair day, but not as many cattle on the market as usual; a few heads changed hands with local buyers being Messrs. Petch, Good, McMullen, Wright, Cook and Purdy; these with outside men make this an interesting market.

Steps are being taken by the Presbyterian congregation here for the erection of commodious sheds on the grounds at the church; this is much needed and will supply a felt want.

W. Henrick, Esq., who has been in the employ of M. Richardson & Co. for some time bid adieu to our town Tuesday last, with a view of taking a position in a Wholesale Dry Goods House in Toronto. Master Henrick carries with him the kindest wishes of his numerous friends here, we wish him success in his new field.

New School at Flesherton Station Miss Hopkins the late popular junior teacher of the Flesherton P. S. has secured the position of principal of the Station School; probably this explains why she refused the offers and solicitations of our Trustees for re-engagement. We congratulate the Trustees of the new section on securing such an efficient and popular teacher. As we understand Miss Hopkins' extension of Certificate expires in July, we doubt not but that time she will fully qualify for further useful work in her profession.

The alarm of fire being sounded from the Methodist Parsonage here on Friday morning last, for a few minutes there was a general stampede; the whole fire brigade about a score of men strong were on the run, arriving at the scene it was found only a bad chimney flame pretty well subdued by the Parson himself, but not before he had his fingers well frost bitten.

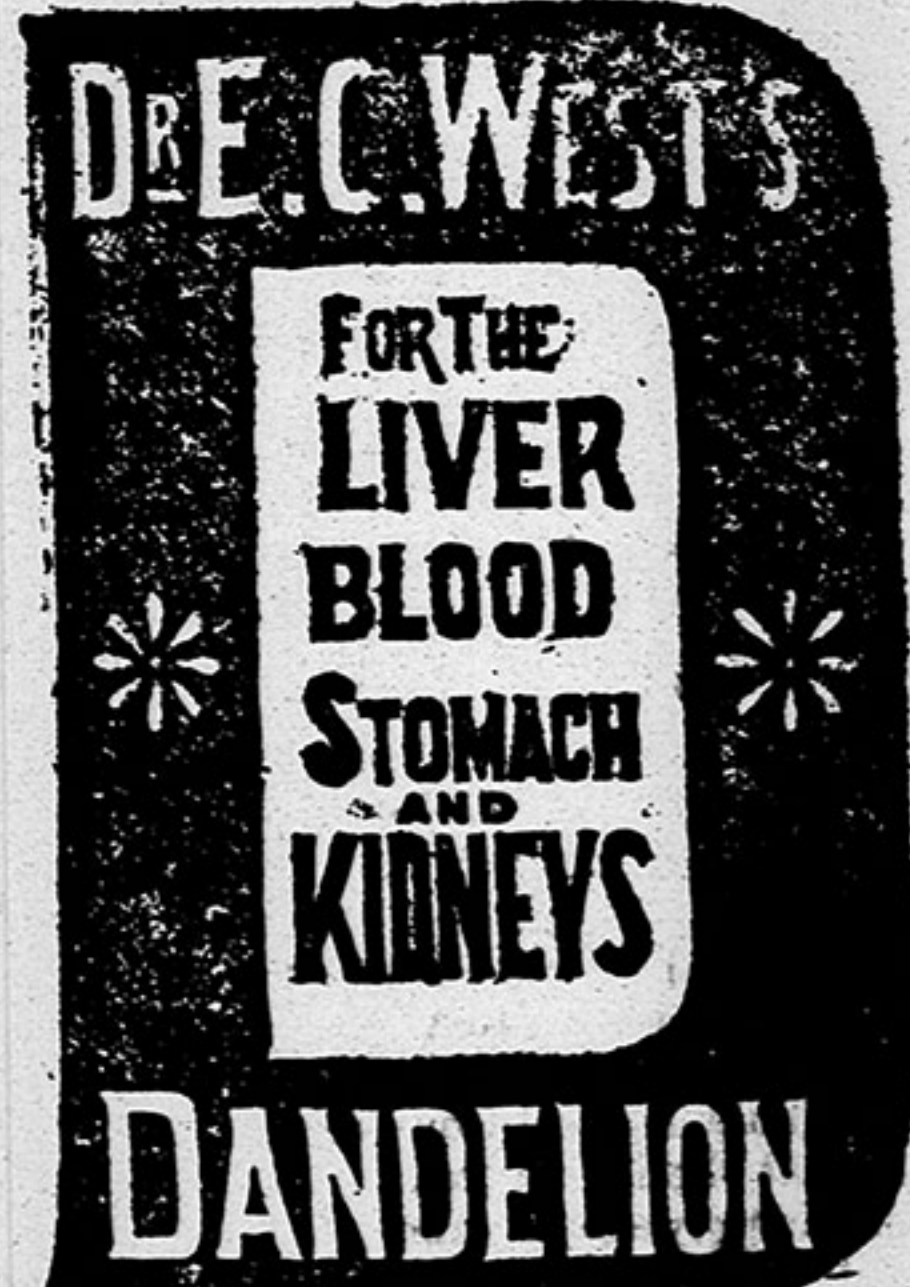

Mr. Wm. Rutledge's dwelling narrowly escaped being destroyed by fire on Sabbath Morning last while Mr. Rutledge was at church, Mrs. Rutledge at home ill, confined to her bed; some neighbors discovered the fire hastening to the scene removed the patient in her bed and soon succeeded in conquering the flames not however till some considerable damage had been done to the dwelling.

WHAT TRUE MERIT WILL DO.

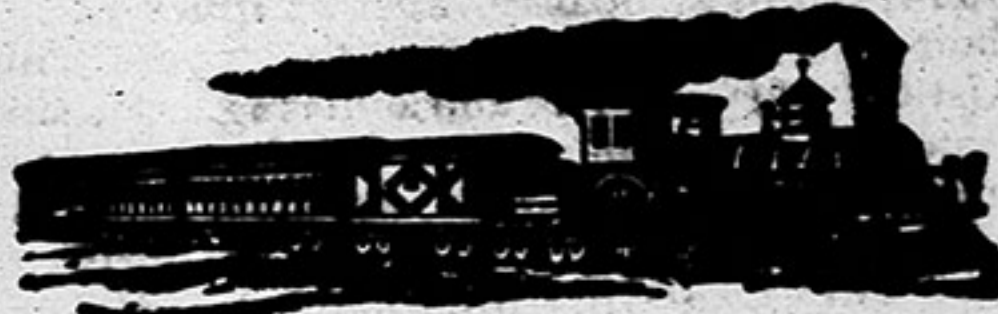

The unprecedented sale of Boschee's German Syrup within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts in an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up the Cough and leave these diseases still in the system, but on the contrary removes the cause of the trouble, heals the part affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the disease make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general in the land. Price, 75 cts., large bottles. E. O. W.

THE latest remedy for Coughs, Cold Croup, Whooping Cough, Bronchitis, etc. McGregor's Lung Compound. There is no remedy in existence containing any one of the active ingredients composing McGregor's Lung Compound, so do not say you have taken everything until you have tried this for your cold or cough, and your opinion will be the same as all who have used it, viz., that it is the best. Sold in 50c. and \$1.00 bottles by R. L. Stephen, Druggists, Markdale.

West's World's Wonder, or Family Liniment, a never failing cure for rheumatism neuralgia, cuts, burns, bruises, wounds and frost bites. 25 and 50c. All druggists.
