It has taken the people of Flesherton twelve months to decide on a site on which to erect their new school-house and even yet all are not satisfied. Had they chosen to build in Markdale, we could have given them a grand choice of handsome, healthy and hill-less sites: perhaps they may yet.

THE Meaford Mirror says that Markdale markets have been from 4 to 6 cents above Meaford this winter for wheat and peas, and from 6 to 12 for barley, and that Meaford has lost trade seriously on that account. We were told recently by a farmer a few miles from Meaford that the difference was not only in the price of grain, but he said he could buy as much for \$6 in Markdale stores as for \$7 in Meaford.

We like to see a man says an exchange, refuse to advertise in a home paper, and then try to get a share of the trade which it brings to the town. But above all things we like to see a rich miserly man who will not pay for his paper, always manage to be around in time to read the paper at the expense of a friend not worth a tenth of what he is. It looks so economical, thrifty and enterprising, you know,—yes, and dirty mean.

We have received various offers of Agricultural and others papers to club with the STANDARD but generally declined all such; this week however we advertise a genuine good offer, which is open to all our subscribers who pay, or have paid in advance, as well as new ones. Read the announcement carefully; the Agriculturist is the best agricultural paper we have seen, and can be had together with those valuable books or portraits and the STANDARD all for \$2.50.

MR. J. H. BLISS, of Traverston, is making things hum around his saw mill. He expects to ship altogether this season 600,000 feet of lumber, and when the seasons' work is well through will erect a new saw mill, J. P. O'Hanly being the contractor for the erection of the same.

Try Davis' new 30c, Japan Tea you will be convinced that it is a very superior article for the money, Special reduction for large purchases.

If there be anything in politics which would degrade women, it is time for that thing to come to an end. The thing we wish chiefly to change is Government, and not woman. If there be anything in politics which would tend to degrade or stain the delicacy of the purest and best woman, it is something which ought not to exist, and which the presence of woman would tend to banish.—Senator Geo. F. Hoar.

FARMERS' ATTENTION.—There will be a public exhibition of a hay and grain unloader at Mr. Jas. Elliot's barn on the townline 1 1/2 miles East of Markdale, on Saturday 9th of April, at 2 p. m. All parties that have used this rig acknowledge it to be the easiest and quickest way of unloading hay and all kinds of grain (loose or in sheaves.) Come and see it work and judge for yourselves. Joe. & R. Buchanan.

B. B. B. ONE OF MANY. B. B. B.

Mrs. Agnes Black, of Orton, Ont., says: "For five years I have been a sufferer from dyspepsia and indigestion. I tried one bottle of Burdock Blood Bitters, and was getting better; I then bought three more and it has cured me."

Kergan's Medical and Surgical Institute, of Detroit, Mich., will be in this town at the Markdale House, Thursday April 14th for the purpose of giving free consultation and opinion to all persons suffering from any chronic, private, nervous, malignant or hereditary disease. A visit paid the doctor cannot help but prove beneficial to those in need of medical or surgical assistance. On Friday & Saturday the 15 and 16 the doctor is at the Queen's Hotel, Owen Sound. If unable to call during above dates write to Detroit for the written opinion of Dr. Kergan and his International Medical Council. Address all letters plainly Dr. J. D.
