Flesherton.

The vacancy in the public school, trusteeship caused by the removal and resignation of W. G. Pickell Esq., was filled on Saturday last by the election of George Swanton Esq., to that honorable position, the choice was a good one, Mr. Swanton takes a deep interest in educational matters, his daughter now in attendance is the farthest advanced pupil in the Flesherton public school.

Our town presented quite a Sunday like appearance all day good Friday, business suspended, every thing and every body quiet and orderly.

Religious services were conducted in the Methodist Church at eleven a. m.

Monday last fair day here was fairly well patronized but few cattle changed hands.

A horse trade or two took place when both parties got the best of the bargain. Geo. Glassford sale of new furniture passed off very well.

This Morning (Tuesday) two deaths have been reported to us not far from our village from inflammation of the lungs, the first being Mr. J. Hazard a stout young man 23 years of age after only a few days illness.

The second Mr. Geo. Caldbeck over 60 year of age one of the pioneers here after a brief illness passed peacefully away to his reward Hannah's Hotel Flesherton Station was the scene of an ugly quarrel on Wednesday last between Alex. Hannah proprietor and Jas. Carson of Eugenia. It is said both men were drunk and in the struggle cut each other about the head and face in a shameful manner, Carson received severe punishment in the face.

There are many reports current about this quarrel, so far as we can gather we understand Carson went to Hannah's Hotel on Tuesday evening, had tea then and remained all night, during which time both he and Hannah got under the influence of liquor. After breakfast Wednesday morning Carson left the Hotel but during the forenoon returned again when both men became quarrelsome and Hannah received some cuts in the face.

About 3 o'clock in the afternoon they got into a quarrel again when Hannah (it is said with a screw driver) bruising Carsons face in a shocking manner. Carson was afterwards driven to Flesherton when Dr. Christie dressed his wounds, and he was removed to his home in Eugenia. A warrant was issued for Hannah's arrest and constable Pearce arrived from Owen Sound the next morning, Hannah was then not to be found but on Saturday morning went to Owen Sound and delivered himself to the proper authorities; he was allowed to return to his home by the first train.

Mr. Thos. Bates of Sault St. Marie is at present visiting with his mother in this place. E. K. Richardson Esq., is also home from High School spending the week with his parents.

Dr. Christie and Aaron Munshaw will have recourse to the law courts for assistance in settling a little difference re. goods. Hoss sold by the former as a man on a few days ago.

DISTRICT DOINGS.

A SYNOPSIS OF COUNTY AND DISTRICT DOINGS FROM OUR EXCHANGES PREPARED FOR STANDARD READERS.

Thornbury becomes a town on the 2nd of May, and the nomination of the new council will take place that day. The Hanover Post and Flesherton Advance has been exchanging courtesies recently—over the left.

John Robinson of Dundalk has secured a position on the Toronto Police force.

A petition is being largely signed in Dufferin County for the repeal of the Scott Act.

A deputation from Dufferin County waited on the Attorney-General last week urging the removal of Police Magistrate Munro of Orangeville from office.

Mr. Edward Stone, of Artemesia, is going to British Columbia, to locate near New Westminster.

WHERE THE DANGER LIES.—The chief danger from taking cold is its liability to locate upon some internal organ, as the lungs, the pleura, the bronchial passages, etc. Hagyard's Pectoral Balsam loosens and breaks up the cold allays irritation and often prevents or cures pulmonary complaints.

Capt. and Mrs. Collins, of Collingwood celebrated their golden wedding last week.

A PROFITABLE LIFE.—Few men have accomplished the same amount of work and good in this world as the celebrated Dr. Chase. Over 500,000 of his works have been sold in Canada alone. We want every person troubled with Liver Complaint, Dyspepsia, Headache, Kidney or Urinary Troubles, to buy a bottle of Dr. Chase's Liver Cure, it will cure you. Medicine and Receipt Book \$1.

B. B. B. A SENSE OF DUTY. B. B. B. "I should not think it right did I not give my testimony of what B. B. B. has done for me. I was troubled with biliousness. I took one bottle—it gave immediate relief. I can recommend it as a sure cure for biliousness." Minnie Smith, Orillia, Ont.

CLIPPINGS.

Mr. W. G. Pickell, and family have removed to Markdale. Mr. Pickell and his esteemed family will be very much missed by the people of this place. Especially will he be missed in the Church and Sabbath School, in both of which spheres he has for many years been an active and faithful worker.—[Advance.]

MAIL CONTRACT.—The contract for carrying the mail between Durham and Chatsworth has been awarded to Norman McIntyre. If Durham has to have stage service it should be good and Norman has every facility for running it creditably. The Walkerton and Priceville stages are simply reminders of the past.—[Chronicle.]

SILL LIVING.—Nineteen days ago last Monday, Mr. Bell, of Bell's Corners, Proton, was in Dundalk and on his way home his team ran away. They got unhitched from the sleigh and disappeared at a rapid rate. Since that time search has been made for them in all directions and they were found on Monday in one of the Proton swamps. The night they escaped considerable snow fell, thus covering their tracks. When found they were still living and likely to get around all right. Seven or eight feet of the lines were frozen hard to the ground and the bits being in their mouths they were unable to get loose. They had eaten the bark and small limbs off all the trees within their reach, and were in an emaciated condition. They were nineteen days without food.—[Shelburne Free Press.]

The Law Concerning Newspapers.

1. Any person who takes a paper regularly from the post-office, whether directed in his name, or another's, or whether he has subscribed or not, is responsible for payment.
2. If a person orders his paper discontinued, he must pay all arrears, or the publisher may continue to send it until payment is made, and then collect the whole amount, whether the paper is taken from the office or not.
3. In suits for subscriptions, the suit may be instituted in the place where the paper is published, although the subscriber may reside hundreds of miles away.
4. The courts have decided that refusing to take newspapers or periodicals from the post-office or removing and leaving them uncollected, while unpaid, is prima facie evidence of intentional fraud.
